

## **WHEN MORTAL PUTS ON IMMORTALITY**

**by Dr. Wesley A. Swift 6-30-60**

**We turn this afternoon, to our subject “When Mortal puts on Immortality” with the realization that one of the greatest problems that besets me is the understanding of spiritual law and physical law. The understanding of this realization of the day and the hour. And how it changes everything which proceeded it. There are certain things which abide forever and one of those things is God’s plan and purpose. For what God has planned for any individual or day and hour shall come to pass. In the past this has always happened. And there is strange things which com to pass as God changes things and new things come to pass in the status of some area of His creation.**

**There are many mysteries which pertain to God’s Kingdom and He is now making them known unto His people. Thru the lips of the Apostle Paul and then with personal revelation, He is now telling you things that were mysteries since the foundation of the world. Now, I presume to say this afternoon, that we have a greater working knowledge of these mysteries than Paul had at the hour of his declaration. You say, ‘Why?’ Because the knowledge of God and the wisdom of God have not stopped with the Apostle Paul. There were a great number of things that he had comprehended that he had not apprehended, had not put on. We are standing on the edge of one of the greatest times in all human history, and the world today is trembling on the edge of the holocaust of W.W.III. And if you want the biblical name of W.W.III, it is the climactic struggle between Christ and anti-Christ. For W.W.III and Armageddon are synonymous. There is not any question about the gathering of the uncommitted nations that are gathering in Yugoslavia and proposing to tell the rest of the world how it should be run. And at this individual point, they stand in dismay at how individual affairs are about to be enveloped in destruction. And there are a great number of the people who are of your race and theoretically of your Faith that are worried and disturbed. The best explanation of this is that they have not brought their soul consciousness in proper tune to know what is going on. The best way to describe this is that we understand that we are constituted with a Celestial body and a physical body, and a soul consciousness capable of residing in both. We are a problem of Semantics. Many people do not discern between the soul and the spirit. But the inner consciousness of the soul both resident in the body and capable of residing in the spirit, enjoys its wisdom and its impulse out of both fields. You are a living soul, and that is the consciousness of your existence and the sum total of all your experiences, and the remembrance of everything that is you. In fact, the only thing which grew up in the earth outside of your body was your soul.**

**This is of course, understood by those who realize that you are spirit, soul and body. And we must lay this premise and foundation. For these tapes go out all over**

the nation, into churches and organizations. And even tho you are familiar with it, the premise must be laid. You are the children of the Eternal god who begat your spirit before the world was framed. You are the offspring of YAHWEH--the Father--after the Spirit and the descendent of Adam after the flesh. Your Celestial body is an entity. It is composed of light just as your spiritual body is composed. God is Spirit, and He is Light, and He is the Life of men.

We know that all science has agreed that the Universe has the synthesis of three substances---light, mental elements, and electricity. The electrical elements make the protons and the electrons, and the particles of electricity to make all the universe. And every scientist also knows that there is mental elements, particles inside the nucleus that holds the whole Universe together. You could not hold the Universe together without an intelligent retaining mind. The Father has provided this and the particles of this out of His own existence. They pass you at a speed faster than light. No wonder many do not catch an idea when they pass you at that speed.---some people apparently don't.

This subject we are discussing this afternoon, is then most important, for you have a Celestial body, a Light body. It is composed of Light particles. It is real. And God also has a Light body. And His Spirit is composed of Light particles. God is thus Spirit and existent throughout all ages of time. And then I want to knock out the mysticism of this spiritual law by causing you to know that a physical world and a physical creation, is the exact image of a spiritual one. The only thing broken down in our physical law, is in the process of our thinking and that goes back to a Luciferian rebellion when we entered the earth. When we talk to you about the fact that a spiritual realm is like a physical one, again we relay this explanation. The Apostle Paul who was under the direct control of the Father, who had purposes for him, who stopped him on the road to Damascus, and started the experiences which changed him from being an agent for error to an Apostle of Truth. And changed his name from Saul to Paul, and changed his life and thinking with revelation. He had been destined for this even before the foundation of this cosmic order. And when escorting Paul into his greater experiences, he was taken into the heavens and he made this statement after he returned. And I think this is a most significant one, a most precious factor that your mind is capable of understanding,--that the Apostle Paul, after returning said:--'Whether in the spirit of the body, I could not tell--'. And from that time on and from that spot on from the moment that thought ever dawned on me, no apprehension of spirit or plain now understood could ever effect you again. For if the Apostle Paul could travel into the dimension of spirit and never know whether in the body or out of his body, then all conscious existence is reform and identity.

The Apostle Paul was taught mysteries which went into the book of "The Apocalypse of Paul." And we retain glimpses of it. Altho some is changed in form and some is erased. But the Epistles which we have here are of the mysteries which he has been shown. And the thing that I am now interested in is the fact that the Apostle Paul was in the plains of spirit, in the heavenlies, but did not know if he

went there in the body or without his body. We are well aware that you existed in spirit first, and you now exist in a physical body after your birth into an Adamic world. This is a mystery of entrance into the earth for your race, for the people who descended from Adam. Not for non-Adamites who were created each in their own order, in the places where God created them. The Grace of God is the great manifestation of His nature and reaches out to all the earth--that is to the individual consciousness as to the part that God has planned for him. That plan does not mean that all are equal. It does not mean that they are all the same. And it does not mean that there is anything wrong with being different.

The compassion of God reaches out to Africa and to China as it has worked with you. But it does not, my friends, mean that all have the same destiny. For each has a different origin and a different destiny. When we speak upon the mysteries of God's Kingdom and the great mysteries of when mortal puts on Immortality, you must also face the realization that God is running His Universe and holds it in His hand and His directive is constant. His ability to pour in the necessary ingredients into His environment, to bring in results is something reserved to Him. And He does not abdicate such as Congress does sometimes.

We are told sometimes that God abdicates in favor of the 'free moral' individual. They call this 'free moral agency.' But I want you to know that God does not have agencies. He has sons and daughters. And I want you to know, that God never abdicated in favor of 'free moral agencies' of such decisions. He has never stopped influencing your experiences of your decisions. I want you to know that the purposes of God is that He has planned to restore ALL THINGS to its proper relationship in the fullness of time. And when it has been accomplished, we evaluate the experiences which have been brought forth out of the pattern of time which are considered valuable and worthwhile.

Now, I turn in this pattern of mystery especially because I must speak to you of a race and an entity of a people, and a society. We talked about the mystery of Christ and His church last week. And previously, we have discussed the mystery and miracle of God likeness, that the physical body of the man Christ Jesus was the image of His spiritual body. That His physical body was the image of the invisible God. Resident within Him however, was this Omniscience. Because it demonstrates itself from its very earliest hours of His birth. For He in this body grew in this body. But His spiritual consciousness was the mind of the Eternal Creator, embodied now in the world. Thus now YAHSHUA, or Christ. The word Jesus is a derivation from the word Yah Zeus. But the original word was YAHSHUA. And the word in Isaiah and throughout the Old Testament, the ancient name is the Eternal YAHWEH. And YAHWEH THE ETERNAL GOD is personally YAHSHUA or Thy God the Savior. In the writings of Isaiah, He says:--'I YAHWEH AM THY YAHSHUA.' And when we have the word YAHSHUA, or

**Christ, or in our English derivation, Jesus the Christ, His last name, however, is not Christ. It is an identity of His condition. For in the Greek, Christ means embodiment or incarnate form. And when YAHSHUA IS EMBODIED, HE IS THE MESSIAH. He is God embodied in the flesh. Whenever a spirit of the Eternal is embodied in the earth, there is a part of the household. This is Christ. And you are told that it is 'the Christ in you' that is your hope of Glory. And I tell you that God has many sons embodied in human form.**

**You came into the earth by birth and by the many seeds which God talks about in Holy Scriptures---a transference of a Celestial being into the earth. Thus you are the children of God after the spirit and the children of Adam after the flesh. For Adam was an offspring of the Most High God by His own declaration. In the Hebrew, this is very plain for it is Bara, the difference in begetting and creating. But this has been buried in translation. You are the offspring of the MOST HIGH.**

**And it becomes essential for this premise that I laid for you which is outlined in the 82nd Psalm. Because the 82nd Psalm conforms to the ancient documents such as the Zohar and they understood this as we have related it to you this afternoon, that 'God stands in the congregations of the mighty and judges among the gods.' You say, 'how can that be for did not He say--'there is no God beside Me?'---But here in the 82nd Psalm, we read these words:--'Ye are Gods.' (And the word is Elohim)--Ye are all the children of YAHWEH, the Most High---why do you die like men, why do you fall like the princes of men? You are Elohim, because you were begotten of spirit, before the world was framed. Why do you die like men and fall like men of earth, and the word here is Enosh---thus why do you die like these other people, and why do you fall because you follow them.**

**It is important for us to understand that God has been transplanting His Kingdom from heaven to earth, and this required the transplanting of a physical residence into a physical world wherein they would envelope the physical world in spiritual law, a Kingdom administration in law, the descending Adamic race descending thru Seth, thru Shem, Abraham, and Jacob, and on down thru the twelve tribes. Why does it come down thru this narrow line?---Because the others lost this spiritual capacity by intermingling with other races which were a different species before God. The original transgression of scripture is this intermingling or mongrelizing. And this is the reason why it was necessary for seven generations to cleanse the womb before a child of Adam and Eve could be proclaimed as part of this Kingdom. The seventh son of Adam was Seth. And now Adam could say that--'I have now begotten a son in my own image.' And that man brought them back to the capacity to absorb the Immortality. And Enoch, the seventh from Adam, had now absorbed the powers of immortality. For Enoch 'was not' and God took him and he never knew death.**

**A fact here is that the Kingdom of God is tangible and real. The congregations of God are real. In the Old Testament they were referred to in their assemblies as the Kehellia and in the New Testament, it is Ecclesia which is translated Church. There**

is no difference in the church of the Old Testament and in the New Testament. For each is an assembly which makes up that church. They were people of God's household and of His Spirit.

I just want to lay this down for your thinking. From Adam to Christ, they were under a death sentence which they had accepted for a violation of law and all died from Adam to Moses (except perhaps Enoch). And the law that the Apostle Paul talks about did not start with the law which Moses received on Mount Sinai, because men died from Adam on down to the days of Moses. I want this to be clear in your mind. They had lost the 'aura' which belonged to a Celestial household. But they were capable of carrying the Shekinah on their physical being when they violated that principal law. And every one of Adam's descendants knew this and carried that secret complex for having surrendered to that Luciferian suggestion which lost for them this power.

The one thing they knew, the Zohar knew it. And Enoch reported it. And we find it reported in the book of Romans when the Apostle Paul has his heavenly vision. But also this promise that when we came into the world to produce His Kingdom, that if we fell, He would redeem us. That He would be the Lamb, or the Redeemer determined before the foundation of the world.

I want you to know that men were then under the penalty of sin, and the wages of sin is death. This was passed from generation to generation in the chromatin of their genes and in the electric genes carrying down the memory of the penalty. And the least common denominator of death expectancy would show up in the glands and the nervous system of the body functioning just like it functioned in the mitosis determinant the color of eyes and the color of the hair, and all the factors also of the priesthood. There is a law which we inherited upon our body of sin and death. You have noticed for a long time that churches have been working trying to get spirits back into heaven. But you do not have to work to save the spirit for most spirits never violated Divine Law. For the spirit is perfect. The error was committed in the seat of the soul consciousness and in the physical body. And if you will turn over to the writings of the Apostle Paul, he says, to wit---the redemption of the body.

As far as Christ is concerned in His work on Calvary, HE died once and for all time for SIN. No one else can add to it. And no one can take away from it. For He said, 'I did this for My people to set them free of the law of sin and death, and I do it once and for all. There was one sacrifice, one atonement, and one conformation. There is much that can be said for this, but the church started out with something new. The church started out without a guilt complex. The church started out saying He was going to set us free and put His life in us, give us back everything that we once had. We say again, this was restoration, regeneration, and renewing of the mind. If you have regeneration, then you had something that required a regeneration. And

you had to know things in your past, or they could not be renewed in your thinking. But most significantly then, what was being wrought was a new way of thinking and a new vitality. This did not fit into some things the later church would care to teach. But all of this must fit into the declaration of what the Messiah told His disciples, and what the Apostle Paul was told when he was taken into the heavens and given the mystery of Divine purpose. No doubt in the mind of either Paul or the Apostle that the transference of the Celestial Kingdom from heaven to earth was the transference of the inhabitants. This was taught in the Old Testament as well as in the New, that they were the children of God out of the plains of spirit. In fact, Isaiah was able to convey this as he recorded:--'Ask me concerning my sons.' And the resident of the spirit to be revealed in them was also a part of the 43rd chapter of Isaiah.

Let me tell you this. That one of the most important mysteries of God's Kingdom was the final tearing down of the last enemy. For the last enemy to be thrown down, the scripture tells us,--is Death.

Now, since we are in physical bodies and this ancient error of our race has passed down in the chromatin of our remembrance---a complex of the acceptance of death and the fear of death---we have found this a continuing process. We talked to a group of scientists and we asked them what they thought---why a body only seven years old should die? If every cell in your body is replaced every seven years, then why should it be a dying heart? Why should these things be? And the answer was that there were certain patterns in the subconscious mind that effected glands and effected nerves. And reaching a certain point, it started on the expectancy of death to develop it. It is well known, and it starts in the subconscious mind, and the death expectancy is the sentence of the law of death. And it accepts the death penalty error from the beginning.

Thus we have today, this--men's fear of things that are coming on the face of the earth. The tensions are there even though they may not know how much they fear. But there are conditions that upset the whole body function until the conditions that break down are in the system. In fact, many times the collapse of portions of the body come from fears and tensions, until they cause the catastrophe they feared to come upon them. This is related more than men realize to how they think. This is one of the reasons why it is so important for men to understand that they stand absolutely free of any pattern of condemnation and any judgement which rests upon them as far as their guilt complex is concerned, and as far as God is concerned.

Many people go to a psychiatrist to get themselves straightened out when what they need is a minister who knows the Grace of God. For when they know that they are free, they will no longer let a guilt complex disturb their mind or effect their heart, or their digestion or anything else. They will walk upright by the Grace of God and their face will become bright. And they will roll off that burden which it has wrought. As we have said before, that God the Incarnate One could do no less than He did.

**I want you to think for a moment of some of the things that the Apostle Paul tells us. I am most interested in world history and the world order and its program to overthrow God's Kingdom. And I know that we are coming to a very intense period in our history. The only way we can determine the closeness of the spiritual development, must be measured by the physical development of that you compare with it. I happen to believe that we are living in an hour when the Spirit of God is going to activate His people more than ever before. I am aware that as the powers of darkness seek the mastery of the earth thru evil, that we were not put into the world to accept this but to put down evil that exists, and bring in the Kingdom of righteousness, and bring the entire world whether they will or not, under the righteousness of God and liberate them from tyranny and enforce law. That is why the scriptures talks about the fact that every knee shall bow and every tongue shall proclaim. And the law shall go out of the Kingdom of God even if it is enforced with a rod of iron. The fact remains that we are in a very important point in our history.**

**Let me tell you that these events are expected by these forces even those who are meeting in Yugoslavia today, who are of course not a major factor, for they are Asiatic and Negroid mainly, and some like the Red satellite, Tito. But the fact is that there is a coming doom that is in the world and they feel it. I want you to know that this does not dupe the Kingdom of God. We do not have the time to go into all the knowledge of the scripture according to this hour, but the scripture clearly tells us of your wisdom, your knowhow and your technological ability. It tells us that in this hour when this enemy moves against us, against the citizens of these great nations of the Western world, with their un-walled villages, that defeat is going to come to them. This does not eliminate the participation of this by the children of God. Does not eliminate the fact that we will have armies and we will have weapons. Every once in a while someone gets into a spiritual evaluation and wants to set aside the whole reality of everything in the physical world that is round about. There is nothing spiritual and materially wrong with carrying out the administration of the Kingdom in a physical world. But there is another factor I think that is very important for you to understand. We have moved into a period when materialism has very deeply effected great numbers of your race, and of your faith, of God's household. We have lost a most vital, spiritual and supernatural Divine power moving upon the quickening consciousness of men and upon the soul consciousness of them as they reside in the earth which God is intending to send. And as we have lost the consciousness of this, lost to some extent among those who do not know, the mighty supernatural forces which are going to be released into the world, which will galvanize the Kingdom of God into the greatest power which has ever been witnessed in the earth.**

**Oh, you say, 'this is imaginary.' But no more imaginary, my friends, than the patterns of past history. One of the most important periods in human history was the uplifting power of Christ's Resurrection. That happened and the dead walked the streets of Jerusalem, because they were no longer dead. And the Gospel of Matthew tells you concerning this, how the earth was opened up with a great earthquake and how the dead walked the streets. And the Apostle Paul tells you**

that He, the Messiah, had become the captor of His people; had become their salvation. And He brought His many sons up out of captivity and brought them into the dimension of spirit or Glory.

Now, almost 2000 years from that date, we can still see the mighty impact of that demonstration. Because one of the most powerful testimonies of those who beheld Christ, --the Apostles and disciples----gave us the record of what happened that day. Even the enemy in their fear testified as to that day. I want to tell you that if there is one important thing which if you take it out of the Christian faith--this belief in the Resurrection, then you don't have anything left.

Now, I am going to tell you that the greatest miracle that the world is going to witness in your time, the greatest miracle that the climax of this age, which the events around you are pointing to, are going to be greater than the miracle of Christ's Resurrection. Because you are an empowered race, synthesized in power and spirit, in even areas in which the physicist can understand with such a charge of Belief and you are going to be activated and resurrected.---Particle will be brought to particle. You know, we used to hear the agnostics say, after this body is cremated this body is finished. You can never bring this body particles together--this is impossible. This was before we broke down the elements of the atom and found that every particle of every atom was one electron, one proton, and one hydrogen 238 governed by the mentoid around the nucleus. And the mind which is the heart of the individual, holds this all together until it can be with the power of the Eternal synthesized with ease. Some one says, 'I don't have any use for this old body.' But don't you worry about this old body. When it is synthesized by the light and mind of the Eternal God, I am going to tell you that it will not be old. It will be the best thing that you ever had. Don't tell me that you are not interested in that,---that you are not interested in living. For the moment that you get sick, you run for the preacher or the doctor and it better be one or the other. I am going to tell you that fifty percent of the people die from errors in their thinking.

I want you to know that from the very beginning of this process Almighty God has set a date for two things. First--for the end of this age when there is going to step out among the children of God, in the ministry and in the pulpit, a short work of righteousness, when His sons are going to start manifesting their Sonship and the powers of Light are going to start moving thru them and from them, and death is going to be conquered individually because Light is going to be moving thru them. And before this age is climaxed, we have also the physical dimension in which we have the battle of between anti-Christ and the powers of the Kingdom. The whole society of which you are a part, among these events is going to put on Immortality. Someone said, 'How can that be?' It is just as easy as putting together the electrons and the protons to begin with. It is just as easy as the whole program of God, which holds the Universe together. I want you to know that this is Christian Doctrine.

**I turn now to the book of Corinthians and I want you to know that the Apostle Paul without any other picture makes this statement:--'As it is written: The first man, Adam, was a living soul, and the last Adam was a Light giving Spirit.' He is talking about Christ, God Incarnate, in human form by birth. And thus acknowledges that the first Adam was the offspring of the MOST HIGH. That this second Adam was the MOST HIGH EMBODIED THRU THE RACE OF HIS OWN PEOPLE. Therefore by the first man (Adam) came death. And the Apostle Paul tells us this in the book of Romans---'by the first Adam came death, and by the second Adam came Life.' The first man was a conscious soul, and the last man was a Life giving spirit.**

**Now, I would point this out to your attention. The Apostle Paul who had a heavenly instruction said:--'Behold I tell you a mystery. We shall not all die.' The reason it is translated as a mystery, is because they like it better than belief or truth. For no intelligent Christian believes in death. And the reason for this is that the spirit never dies. The spirit is not what is involved in this. For the spirit never dies. The spirit is already perfect. It was perfect the day it was begotten. And it is after all, of incorruptible seed. The Apostle Paul said that he was born of incorruptible seed which lives and abides forever. Thus since spiritual seed, thus remains perfect. Natural seed had made an error by way of the soul consciousness. And everything that you have absorbed in the electrons around those little tendrils of remembrance can be adjusted and the error can be removed.**

**Today, there is not a scientist who knows about the human mind who does not know that according to his size, that the electrons are stored around the tendrils of the nerves, which is memory. And memory is electronic. And when dealing with the spirit under inspiration, there is also another type of energy which is the process of the soul when it is thinking. Therefore, we are told:--'Behold I show you now a mystery--we are not going to die'---because a lot of people who are alive today are going to be alive throughout the next decade, and the next thousand years, and the thousands of years to follow. Because I want you to know that the powers of anti-Christ, of World Communism and all that goes with it, will see the triumphant reinforcements with this Christ---with His children, who will never face death.**

**You say, 'when is that going to happen?' I believe it is in your destiny. I believe that you have arrived by historical evidence as well as spiritual evidence, in a world which does not recognize the Kingdom of God, when the political and social world seems in power. This is a time when the church should realize that they are the only stabilizing force among the nations of the Kingdom of God and this is our business. There is one thing the world does not know anything about and this is that they do not understand anything about the spiritual law. Because these things are mysteries, and they belong to you and they are the thinking of the Kingdom of Heaven.**

**Therefore, the Apostle Paul tells us that we are not all going to die, or sleep. But where are we going to be changed? In the element of our being. And the Apostle Paul tells us in the book of Romans, that we are going to have a quickening, a**

stepping up of the electrons, a restoration of an Aura which will balance every atom of your being, which will restore you to perfect health. And the Apostle Paul then also in the book of Ephesians said, that HE was going to present unto Himself, talking about you and the church, which constitutes His household--He is going to present you without one spot, wrinkle or blemish. He is going to restore your youth. This is HIS purpose.

Now, how do you know? Because God has declared it. The Apostle Paul has declared it. In fact, almost all of Christian theology is based on the teaching of the Apostle Paul more than you realize. In a moment---in a twinkling of an eye. Someone said, 'why did he say that?' Well, I don't think he knew anything else to say. Do you know that the speed of light moves at such a tremendous pace and electricity moves at that high rate of speed at the density of the earth's atmosphere, so I do not know how you could get anything else as quick. But just as quick as the speed of light at the earth's surface, is the speed which God can change every last one of His race.

Now, there is coming a day,--and we are told when it shall be,--when the last trumpet shall sound and the dead shall be raised incorruptible and we shall all be changed in the twinkling of an eye. For this mortal shall put on immortality. People do not think of that until they get to the graveyard, or to a funeral. If you want to think about it, then you will get life in your consciousness, if you want to start rolling back that age old concept and start thinking about the age to come and the purpose of God, and put some electrons around you that are filled with light. Let's not accept that law of sin and death when we have been told by the Apostle Paul that the spirit of life in Christ Jesus, the Law of the Spirit of Life has set you free from the law of sin and death. You say, 'that is okay. I am free from this law of sin and death but I still have to die.' Alright then, you are still hanging on to the law of sin and death. Sure, people are dying all around you. Sure, but one of these days, they are going to stop dying--just like that. Don't worry about what we will do with all the people. There will be a lot of room on the earth when the mysteries of the Kingdom are all over. And it is not going to be you that is missing.

Do you know how big this Universe is? No. You do not know and neither do I. But we know that we can multiply by 126 trillion, because that is how many suns are out there. And you can't think beyond 126 trillion. I remember the words of God when He said that you would be as the sands of the seashore and the stars of the heavens. Let the numbers come out the same. There are plenty of places for people.

You may destroy the atom or think you do, but they will come out in another form. And you cannot destroy the patterns of electronic remembrance. And you will never stop the resurrection because there is not anything which dies which needs

**resurrection. Did you know that? God's Universe is perfect and He says---I am going to do this. The spirit does not die.**

**Listen. There is an hour and there is a trump and it is going to blow. And at that moment, something is going to happen. For mortal is going to put on immortality, and this is going to be swallowed up in victory.**

**Now, let's just go over for a moment into the book of Revelation which deals with this hour. I am told here in the 6th chapter of Revelation, of certain events. That there is no longer a time for waiting. And in that day, the seventh Angel shall sound a trumpet and the Mystery of God will be finished which was declared unto His prophets. And we are told that in that hour when the Trumpet sounds, there shall be a resurrection and blessed and holy is he who has part in that first resurrection. And it tells me in the 6th verse of the 20th chapter of Revelation, that these people shall be preached unto God and they are going to reign with HIM for a thousand years in the earth. That is just one step in the history which is just ahead.**

**Then turn back again to the 5th chapter of the book of Revelation, and it says here that HE has made us unto Himself---Kings and Priests. And we are going to reign on the earth. Not only does that mean you who are alive and remain, but these who are raised in the first resurrection are going to reign with you as Kings and Priests on the earth. Some people think this is going to be somewhere else. But this is on the earth. God didn't have to go out into space for this. There is nothing wrong with heaven. The dimensions of spirit and plains of Heaven are all in good shape. But it was into earth that you were sent to bring it back into the realm of God's Kingdom. God sent this stream of life from heaven to earth. We have been coming down out of the heavens, thru the generations of your households all those who drew the attention of God's Holy Spirit. You are spirit of His Spirit and Light of His Life.**

**Now, let me point this out, for some people have overlooked this part. That the seventh Angel sounded and the word is that the kingdoms of this world, are to become the Kingdoms of our LORD and HIS CHRIST. HE shall reign for ever and for ever.**

**Now, turn for one moment again to the book of Thessalonians, written again by the Apostle Paul. I think this is again of great significance for each one of these declare to us certain events. And in spite of any understanding you may have about you and what God is doing for you---understand therefore, that we say unto---and this is the word of the LORD,---we who remain,---and the Apostle Paul was writing to people who are alive and remain---at what time?---At the day of the coming of the LORD, the mighty YAHWEH, the Eternal God, who comes in as King of King's and LORD of Lord's, with Celestial Legions behind HIM. And He comes at that time with every one of the spirits of HIS household. He brings with Him and He gathers with atomic energy every last one of the particles which are necessary for the putting together the embodiment of His Celestial children, and spirit, soul and body will be made manifest. And death will be conquered in one moment.**

Now, someone says, 'but what has this to do with our time?' Well, as you face the battle, which involves Asia, Africa, and the Russians, when the members of God's Kingdom are surrounded by the anti-Christ forces, the hour when this battle is the heaviest, is the one which sees the greatest surge of spiritual power.

I can show you times when there was spiritual power. For instance the time when the Germans faced the British armies and HE stopped this battle at 'Mons' with a great army out of the spirit. And you cannot tell the people who saw it that it was not there. And all the horses of the German Cavalry went blind. You can laugh it away, but the people that saw it would not be agreeing with you. And besides it happened just as the book of Zachariah said as Judah and Israel fought at that battle field. There have been times all thru our history, even to the time when God covered things with the clouds in the Korean War so as to protect our men as they retreated, from the enemy air power. Even tho the powers of darkness sought to defeat our men under this great General McArthur, God intervened. You see all spirit and earth creation are related to a mighty plan and God has put everything into it,---every necessary element, every capacity, every thought, all that was necessary can be poured into earth to bring about the condition that God has ordained. Thus you have nothing to fear. Just believe God and understand.

Now, let's us go back for one moment into the writings of the Apostle Paul. He said therefore we shall all be saved in that moment. And that moment would be precisely the moment when the LORD, Himself---YAHWEH or YAHSHUA, Himself, shall descend from Heaven with a shout. With the voice of an Archangel. So you see the book of Revelation and the book of Thessalonians is not dislocated. They are put together right. When he tells you that you are going to be changed in the 'twinkling of an eye', --in the book of Corinthians, when it tells you over here in the book of Thessalonians when this last trump is going to take place, all the miracle which is involved, is going to happen at the very moment when Christ steps back with the forces of heaven into your affairs.

Now, I want to point out something else to you. The Apostle Paul says this over here in the book of Corinthians---I want you to understand this, there is a natural body and there is a spiritual body. You have a natural body and a spiritual body with this afternoon. The spiritual body is made of light. The natural body is made of the elements of the electronic Universe. Your consciousness is capable of residing in both. You draw out of the senses all the knowledge of the physical world. But the real evaluation of what the brain has received is done by the soul. And out of the Celestial, you have a perfect body and you have a perfect mind in it. This is a perfect mind. It operates perfectly. This is the mind of Christ. The Apostle Paul tells you this that you have this tremendous experience in the physical body. Here you are in a physical body and you have this Celestial body and the consciousness can take over and abide in both. I want you to know that you can draw thought out of one or the other, or both. One of your problems of today is that the World Order which is in opposition to you who are of God's Kingdom, are pouring into the world, concepts and ideas which are not, my friends, yours. The spirit of God in you is

supplying you with concepts that belong to the Kingdom of Heaven. And everything which is great and constructive is done out of this pattern of inspiration. It has been done by your race. And this is why you could build this great nation, by inspiration. For your founding fathers caught this pattern of life, vitality and liberty. That is why the World Order is trying to fold all of this up and integrate you with the masses of the earth and destroy all you have accomplished. That is the reason the powers of darkness want to distribute your wealth all over the world. And if you are intelligent you will stop that process. For you will not pour out your wealth on the enemies of God's Kingdom.

You want to know why you are in trouble? It is when the mind of the World Order rules. In that capacity you get destruction. You get all the capacities of trouble that belongs to the World Order. When you are being guided by the proper vision, you are feeding that soul with things that it likes.

God has supplied His Kingdom with great substances. You have all the food you can eat in this nation. You don't have to worry about that. We feed the body, but what do we feed the soul? Well, the soul is fed everything from the expectancy of catastrophe, the expectancy of death. And we see this on the T.V. And we see it in our daily lives.

Now, we are not against amusement and people enjoying life. But I want you to know that the enemies of God's Kingdom are selling you death and corruption, and delinquent children. They are selling it to you all the time.

Now, the people of this generation should see that their minds and the minds of their children are fed with spiritual things, better things than that listed by the World Order. This is one reason why you should not leave off assembling yourselves together. Because you are subject to all this six days of the week. And basically it is important that we put the thoughts of God's mind in the seat of our soul. Because the soul has to grow. It has been growing ever since you were born. And it has now the remembrance of everything it has seen of earth. And it better have a better outlook if you want a proper conduct. In this situation, you had better tune in to the voice of God.

Do you know that He said:--'I shall stand at the door and knock and all who will open, I will come in unto you.' And then you say--how can that be? But this is the mind of God coming into the resident seat of your soul consciousness. You would not call me on the telephone and then hang up before I could answer, would you? But people all the time are grabbing the phone and calling God and then hanging up. They never wait for it in the lightening in the storm, or in the mighty demonstration of some great power. He had to wait--on the 'still small voice.' This means that it reactivates your consciousness. It will speak to you with guidance. It

will give you an uneasiness about the thing you are about to enter into. And it will lead to benediction and serenity of an untroubled spirit. And then it will unveil a picture of vision and consciousness in your thinking. For if you haven't experienced or don't experience things of value, you better get in touch with your spiritual consciousness. That is your responsibility. And the more that you reach in, the more God reaches out for you. And the greater your power and your wisdom will become.

I tell you that there is a moment and hour, and men need to get adjusted to the thoughts of God and the mind of God, and the Spirit of God. When you understand the scripture, and prophecy, then you pick up the newspaper and as you read, you are waiting to see the things that God has said. But there is a serenity of spirit in the midst of this holocaust. I want you to know that you are going to have to counter the propaganda of the World Order with 'Thus saith the LORD.' That is your responsibility and that is the promise to you. And I want you to know that instead of measuring the process of death---and I say that the events cannot develop too fast--for us to see MORTALS PUT ON IMMORTALITY.

I am going to say that you do not have to die anyhow. The price is paid for. The last enemy was vanquished with Christ's Resurrection. And death is going to be banished from your whole race. You are not under condemnation. The law of sin and death is paid for. And the guilt complex is off. For you do not have to die for it.

You say, 'but when is this going to occur?' It is starting now in this climactic age. And it will dawn with more power than you realize. Miracles will come back to the true church in this climactic hour. But do not think that takes away your responsibility of fighting your enemy here in earth. For if there is any person I cannot show respect for, it is a person who will not battle anti-Christ for his nation. I want you to know that there is another miracle coming in the midst of that battle and this is the entrance of the troops of the MOST HIGH GOD, before this is over. Thus this heavenly army will march with your troops. This is coming. This is why things we say will happen in a moment--in a twinkling of an eye. I wish it would happen this afternoon. A lot of people would hide. A lot of people don't want it. But as for me, they can blow that trumpet any moment. I am ready. I am going to claim these words:--'Not by righteousness which I perform, but HE has given unto me HIS righteousness. He has called His sons and daughters---saying I have cleansed them completely. I have removed their transgressions from them. And HE has promised to do this for them from the East to the West. And now you say, 'Our FATHER which art in Heaven.-----But now thou has arrived.----Hallowed by Thy Name.

This then, is the hour of immortality. If you have about given up, you just plan on staying. Just a little longer. I don't want to miss what is going to happen in the next generation or even in the next ten years. And I don't intend to. Let me tell you this. If you pass thru the events of this hour, then you are going to live in the great new age of 1000 years. You are going to enter into a new age when new things will

**be done. New forces of spirit and light will be a part of the creation. And you are going to see that hour when every knee will bow and every tongue proclaim that this Embodied Christ---is Majestic Father, the Creator of all things. And HE will turn to HIS children and say that you also are Gods. And the light is on you. And this will occur from one end of the earth to the other. Why? Because when god has children, they will be just like HIM. That is your destiny----to conform to the Image of the Son.**

**(End of message)**

### **From Horizons Beyond**

**by Dr. Wesley A. Swift 7-3-60**

**We are speaking tonight on the subject of 'Horizons Beyond,' realizing as we are discussing this subject that there is no scriptural or concrete evidence, as to the complete identification of whence it comes as to what we are beholding. We are living in one of the most unusual periods in the history of the earth, especially as to the things which are happening round about, in relationship to the earth and to the people upon it. Never have we had a period with more forces, their vibratory fields in direct opposition and at work in earth and among its societies and its races and peoples. The powers of the earth are divided into two equal spheres of resistance altho the great majority of people and their great land masses are behind the 'Iron Curtain.' And Communist countries may be greater in number than then White race, which is one-sixth of the worlds population. It is this race and this people that has the technological leadership, the spiritual vision and the creative abilities of earth.**

**Thus there are two civilizations. One destructive and negative, this combination of the powers of darkness are using their cutting ability and their stealth to try to steal the secrets of the Western World, and then harness them in a program of weapons and Western offensive, eventually anticipating a crushing offensive and an overall attack, against the nations of the Western world. There is nothing which transpires round about that is not viewed immediately by all government operations and departments, as surely it is related to this. On the other hand, America's technology is advancing and we who are the source of virtually all the technological sciences we and our Western nations allies---have made advances in electronics and nuclear sciences. Together with German scientists who have joined with us especially in defense of Western Civilization, against the hoards of Communism, their technology has been added to ours. And out of this great White race development of technology, we have watched this great wave of development in rocketry and in various types of space plans and designs which has never been equaled in our time. The enemy has been watching, observing, and taking such secrets as they could steal, and adding to it his own design for achievement and technological**

advancement. The first Sputnik which was turned loose, was by Russia, but the scheme and design was that of the German and Anglo-Saxon minds. In fact, we could have placed the same design in orbit before that if it had not been for unseen hands and forces which were working in our government and were trying to obstruct and block the achievements which would have given great prestige to the Western World.

It is the type of individual with his liaison activities and his program of the Red Revolution which made the work of Senator McCarthy so outstanding because he was aware that there was an attempt not only to sabotage and destroy the defense system and observation, but to gain our technological secrets, to block them and turn them loose in the Russian field. In fact, the investigation he was conducting related to the Signal Corp. and to our defense of our 'Do' line across the Arctic North. So into this picture which has been going on for some eighteen years, and has had its greatest development since the war, there has been a lot of new and unusual events. For suddenly all over, and around our nation, starting early, but coming to a climax around the end of W.W. II, there were unusual things sighted in the air. There were great air battles between the nations of the Allies and the Axis. And after W.W. II was over, virtually all of the nations of the Western world were finding observations being made by technological observers by men in their air craft, and by men of experience---objects that seemed not to come from any air fields of the world, or of the U.S. and they were not the by-product of our own experimentations. Nor were they of any new air craft we were designing. When the first of these were reported, the intelligence branch of your Army, as well as that of your Air Force, became involved in research and espionage as far as we could carry it, with all types of observation, to see if the Russians had developed a new type of air craft and were some how using this new type of air craft in observation of the United States.

Now, we thought that we had pretty good instrumentation and could tell if they were flying over the Arctic, thus we had ways of determine if these crafts were coming from the Soviets. And not one single word of evidence came from the outposts of the Western world, that inside of the Soviet Union that any new style of aircraft, outside of Jets and rockets, were being worked on. And that no aircraft in early 1946 or 1947 were in the skies except those of the conventional types of both nations. And even to add weight to this, there was inside of the Russian Secret Service an immediate flurry of activity. There were reports made to the Chamber of Deputies, there were secret applications of new equipment to make sure that they could check the skies more completely than they had ever checked them before. So it was that the Soviet Union reported back and our own intelligence was able to crack the Soviet Intelligence report that she was busily engaged in trying to find out if America had some secret basis from which she was launching into the air, crafts of a different type and nature, and with a different type of propellant than was known by the Soviet Union.

So as soon as the listening posts of our Western world discovered that the Soviet Union was trying to find out whether these crafts were coming from us, they became virtually sure that none of these strange and unidentified objects which were traveling thru space, either came from Russia or any of her satellites, or from the U.S. Government. Every once in a while we find some individual who says that, 'Yes, all of the space craft which are apparently flying around the world and are not satellites are actually something designed by America or by the Russians.'

In fact, the other day, I heard a clergyman say that anyone who believed there were flying saucers not made by the technological science of men of earth, were foolish and silly. Then recently another clergyman made the remark that there is no such thing as a 'flying saucer.' And therefore, there are no unidentified flying objects. Well, you can be crazy, but I don't know how you can, before further than the general panorama of fact, than to make a statement like that. Some folks that do not know anything about a subject are those who talk about that subject the most. That is one of the problems we have in our society. And a preacher who spends a long time trying to say that it does not exist, is very foolish in this time in which we live. There are a lot of things which have happened and there is no sense in repetition of the sightings made of objects flying thru space.

We have been most interested in this phenomena because we have been interested in field astronomy, and much interested in the major planets of our solar system. And have been long, an enthusiastic one of observation. Altho not being close in order to well observe, but there is much phenomena which has taken place on the moon in the last few years. There have been great bursts of light and flashes have taken place in different parts of the moon's surface. There has also been activity in a great number of its craters which are seen with those puffs and flashes and puffs of smoke or dust which could be seen in parts of it. One can bring the moon up very close with the great scope which we have at Palomar and it makes it possible to scan the ground as tho one were but a few miles away. But actually there has been assurance from every observation post of every major observatory of today that there has been something going on in the moon that is hard to explain unless somebody is utilizing it and are coming and going from it. They say it does not have any atmosphere. So nobody can live there. So whether they carry their atmosphere or whether they are contained in some kind of space suit like a deep sea diver with his own oxygen, there is somebody or some intelligent being laying out and using some portions of the moon. Looking at some of the smaller craters, it looks like there are tunnels into the side of the mountain. And out of it has been coming reflections of light from the inside. And there are reflections saying it could not have occurred any other way, since it was in the dark of the moon, and still it is visible by powerful scopes as coming out of the side of these craters. We have had many observations last year and the year before, with our own equipment in the High Sierras where the air is clear, where we had no distortions. And we noticed on

several occasions the phenomena of light coming out of the tunnel like holes in the side of the moon which was dark.

More than that, we have had observations with witnesses who were also able to see and observe while we were observing the moon in one of the most easy points of observation, there suddenly flashed across the scope---altho this was close to the moon and a great distance from the scope---a formation of near triangular objects---somewhat long, but still triangular shaped. These could have been a cone-like object, but they were very long and they passed one after the other fleetingly, taking some little time to cross the surface of the lens. Had they been some object close to the earth, or had they been a jet going by, they would have been no more than a flash across the lenses, because of the speed by which a jet passes. But when something moves very slowly across the moon, then it is very close to the moon. Much closer to the moon than it is to you, or you do not get but a fleeting glimpse of it. But for over three-fourths of an hour, we watched one after the other in formation of objects flying quite low across the surface of the moon. At that time all of them were of triangular shape and could have passed as Jet-like ships. As one observed them, there was not one single shred of evidence that there was anything behind them and nothing before them. No signs of propellent, no sign of fire, no sign of smoke. Yet the movement of these objects was with great speed, in formation and in maneuver on the surface of the moon.

That is not the only time we have had the opportunity to see that with our own eyes. And we have talked with a great number of astronomers and observers who have been studying this situation for navigational factors and they have come upon the same thing. There has been a great number of objects flying thru space and a tremendous number of them have been flying around our own satellites and our moon. It is very possible that our moon has been used for a base for operations of some very intelligent individuals who have been observing the earth itself. Because these ships going around and across the surface of the moon, are something which cannot be passed up.

On the other hand, it would be very simple for ships like this to be based on the other side of the moon and you would never see them anyhow, for the moon does not turn over. It always presents to us the same side as it travels thru space. Someone said, 'Dr. Swift, this is not possible for someone to live on the moon.' What makes you think so? Has someone told you that the other side of the moon is hot and this side is so cold that you could not stand it? That is not necessarily so. Because the other side of the earth is not so hot, and the moon is not so much further from the sun. After all, 200,000 miles is not such a great distance. So when you think of this distance, the moon should not be any more hot on one side than the earth is, due to these circumstances.

You say scientists have given us an exact picture of the surface of the moon? I have in my library, a great many scientific treaties, and fourteen temperature estimates of what the temperature is on the moon. But as close to our earth as it is, I do not

think that the temperature factor would be something to worry about. Except for the fact that without the filtering in of a dense atmosphere, it may tend to be colder. On the other hand, the heat pattern would not necessarily follow as did the cold pattern. There are not many factors involved in this and they would eliminate too much heat. But there is atmosphere upon the moon, because observations along its edge seem to show that there is atmospheric factors upon the moon. Not only is this color factor there, but seismographic factors are made by reflections as the sun's rays come back off the moon, and demonstrates that there is a difference between reflected rays from the moon, and rays that come directly from the sun thru the same atmospheric patterns, of the same density as the patterns of the earth's surface. And experts are well convinced that there is some atmosphere upon the moon, even tho it would be very thin.

Someone said, 'What has this to do with us now?' Well, it is very natural that you look to the closest object to you, when objects are flying around the earth that did not come from the earth to begin with. And very, very definitely there are a great many objects which did not come from the earth that are flying around out there. And by no stretch of the imagination, can they be imputed to be objects of earth. Our United States Government has been taking a very strange attitude toward these unidentified flying objects. I do not know if whether because of this frontal attitude of Socialism wherein they have to take a frontal attitude toward you in which they seem to insist that you are not able to take care of yourself, so they have to provide for you from the cradle to the grave, including not only the managing of your affairs and your businesses, disrupting the people by their design of mixing them all together, eventually hoping to control you to the last of your voting days, by their expensive programs. They seem to think that you would not be able to take what the U.S. experts and government can take. They seem to think that if you knew there were flying objects all around that did not come from earth, that you would all panic. So the best way to protect you from that panic, is to tell you there is no such thing, so you don't worry about it. Then they continue to spend millions of dollars investigating things which they told you did not exist. The U.S. Government is right now investigating things that do not exist from the declaration of their periodicals. In fact, one of the highest officials in the U.S. Army who engages in such investigations had under pressure, released declarations mocking and scoffing at things which are already on record of supporting by observation.

It is a matter of significance that there had been in the last few months, a lot of activity reported. In fact, the last year has been one of increased activity. Of course, they have never gotten over the fact that a top W.W. II aid, Captain Mantell, was pursuing a saucer when his ship was torn apart, under the clear eye of earth bases which were watching him. And that was back near Fort Knox. In fact, the object he was pursuing in order to get a better sight of it,---he apparently came too close to it and the torque (pressure) around it tore his ship to shreds. And his ship

came down a certified wreck under the watchful eye of officials of the U.S. Government. They have never been able to explain that, altho they said that he literally tore his ship apart in an effort to catch what might be the reflection of the planet Venus in the sky. But the funny thing is, that you do not pick up Venus on a radar screen. And they already had the other ship that Captain Mantell was chasing in their radar screen. And they had that ship as it moved and shifted in relation to Capt. Mantell's and its location on the screen as it related to the field. So that is the only catastrophe we have had as far as our aircraft is concerned, with these objects that are flying around the earth. But there has been innumerable sightings and conditions that they have never been able to explain away. Long circular ships, these being somewhat tubular and more like the Zeppelins and the great dirigibles we had in the early thirties. This type of craft had been visible in space and visible as moving with great speed and an entirely different procedure of operation than anything we have ever placed in the sky, in what we might call the dirigible field. Ships of that shape have been observed and there are many reports supporting that. And from our great observatories these photographs have been turned over to government agencies. An order has gone out that whenever an unidentified object of found, on the plates, or observed anywhere in the sky, the government wants to immediately be notified and they want absolute secrecy about these things until they get a chance to screen these pictures and determine whether or not they will let anyone see them or let anyone know anything about them. So by some strange policy, they have moved in to try to silence these facts.

This idea that gave the name of saucer to these circular type crafts which move thru the sky is not the product of some ones imagination. Of course back in 1947 and 48 these were sighted all over the U.S. And many people saw them. And some saw whole squadrons flying around the earth. More than that, they were observed in South America, over the Andes Mountains. And they were observed in Britain and in Europe. And many of them were seen flying back and forth over the beaches of Britain.

During the Korean War, there were several situations in which the army had a full record of as well as the U.S. Government Department on Research in this field. One of them was the paralleling pursuit of one of our jet aircraft with a strange type of flying object on either side, which was about thirty feet thick and about two hundred feet long. One of these type of aircraft was observed by our aircraft while they were engaged in a reconnaissance flight in the Korean War. It had a large window in which our pilot was able to look at an unusual and strange looking creature which piloted that ship. Such fright came over him as that strange ship moved parallel with his, that when he came to earth, he was almost incoherent, and his hair very shortly after this, turned grey. He was interrogated and he made his descriptions. And on various check points, where they were watching the whole sky picture, it did support the fact that some huge object flew along side of the man. In fact, on either side of him was one of these objects and our pilot said that he had flown his ship right thru the heart of a strange group of aircraft, the likes of which he had never seen before. And in one of the ships in a huge window-like opening

covered over with something like plastic, there was this unusual strange creature which drove great fear into him. The strange gaze fixed upon him had caused that great fear. But the officials chopped this up and they explained that the pilot had been under great strain and had been flying too many hours during the war.

But there is nothing like your air force, for them to have a continual pattern of sightings. For they are in the air so much and so high, with experimental ships. There has been a number of men testing out equipment for our air force. And in the last few months they have reported that they have been approached and have had along side of them and sometimes trailing them, a great number of objects. Many of them saucer like ships. But all of them had mechanical appearance and were not just a flash of light, and not just a sort of ray passing them, but actually looked to our men, as being made of metal and of plastic. This has not only been occurring at Edwards Air Base, where we have been testing some of the most advanced equipment, but this has been taking place also in fields located in the heart of the country. In fact, at Cape Canaveral we have reports that there were seen flashes of light measuring the speed at which our rockets go into the air, and watch them stage after stage and carry forward the responsibility of watching these new rockets going higher and higher as they reach the range of their projection. They have had the phenomena of watching some come in at 3000 miles per hours and then turn and parallel our rockets going into the sky, and tracking our object from either side as tho just escorting it into space. This has not only been observed by many observers, but the number of times that they have, on their radar screens, as well as in the tracking devices they have been using, the evidence that there has been along side of some of our Cape Canaveral rockets, those objects with them that have been observing them on their entire flight. This has also been true at several other rocket bases which we have. These objects have noticed as flying round and round our Naval Bases, where the latest type of interceptive type of rockets and other types of missiles and war type heads of different types are experimented with. Every once in a while, some strange thing happens and the public hears about it, and wonders what is going on. In the some of the bases they have a new type of rocket which will track down any type of rocket and hone in on any engine or any piece of equipment which is not normal to the use of our own aircraft in its field. One of them went haywire a while back and it knocked out the engine completely out of a big truck which was going up to Bishop. And this scared the truck driver half to death. But unfortunately there was no explosive in the war head. But it had honed in on the heat of his engine and just destroyed that engine. That is one of those rare mishaps. And very seldom does something like that happen, or the traffic running up and down our highways would not be very secure.

But today, it is a matter of fact that we have missiles that can knock missiles out of the sky. We have tracking missiles which can track and destroy most of the heavier missiles used by the Soviets and knock them out of the sky. But we need a lot of them. And they should be distributed where need be for our protection and when the button is pushed, your button when pushed can seek and destroy the enemy. But the thing which is amazing and is a matter of record, and I have a lot of

documents and material and details on this, that all around in the last few months, again at the bases where we are engaged in rocketry, there are observation ships coming from somewhere which are faster than our rockets by many, many times. In fact, the ability of some of these ships to dive and to turn at from three to seven thousand miles an hour is one of the great mysteries. How it could be done with the human dimensions that you and I have, and with our adaptability, even so, we can't stand the great 'hydrostatic pressure that this situation sets up.

Modern physicists are aware that there is a type of 'force field' that can be involved in transportation when we use that magnetic field of 'force' in which every object in the ship as well as the ship itself, would be moved along with the same velocity and then they would not have these experiences of hydrostatic pressure which we discover occurs. The reason being, that every atom of the being would be projected at the same speed and turning at the same speed and thus no pressure internally or externally would take place with the pilot. We have not yet been able to accomplish this type of thing in our own technology. But it is being done for intelligent beings to direct these beings which we are seeing. And the scientists are talking about this even tho your government is not willing to admit it at this time. In fact, we know that one of the men who was most interested in this, and who was moving to see that this secrecy should be cracked was Senator Lyndon Johnson. He was not only interested in this, but other Senators were also interested in seeing that they crack open this secrecy around the flying saucers, these unidentified flying objects, and let the people know the truth in this matter.

Now, there happens to be a great number of people in these United States that are greatly interested in this phenomena. The reason for this is quite simple, for it not only carries within the range of their imagination, the greatest field for thinking and design, and the greatest horizon, for it lies out there in space. With almost all of the earths surface explored and known about, it does not look like there are any more areas to conquer. But the vastness of the solar system and the space around it, the perimeter and the vision and the hope and the expectation of the two fields are so complete and tremendous, a great many people have been carried away by its possibilities. These ships that today are passing over America and over the nations and are watching so carefully, are not coming from the earth, but are definitely coming from outer space.

Now, there is one thing which is quite obvious. We have a lot of curious minded people who tell us that the earth may face an invasion at any moment. In fact, this is one of the most unique things which I noticed that was supposed to be one of those strange visitors who came form Mars, on one of those crafts, and he was supposedly getting in touch with a 'Medium' who wanted to bring the message in for those of earth to observe. And they were warning that these people do not like the vibrations that come from our nuclear explosions. And that they do not like the possibility that

**the earth will soon be engaged in an nuclear war. And this will so upset the balance of the heavens that they have decided to intervene.**

**And then another masters of the sky tells us that they are also angry and that the only solution is for us and the Russians to all come together and be one happy family.**

**Then I listened to another space crafter who had another explanation of this situation. And this unusual and 'brilliant' mind said that all of the people of earth had a common source regardless of their race, their creator, or background. And all of them had been a byproduct of evolving consciousness. And they had been sent from other areas to earth for their chastisement or some lesson to be learned. Thus if they were a Negro, this time then there was a lesson they had to learn. And if a White person, then that was because they had turned out to be a little better than the one who turned out to be a Negro. And if they ended up down here in this same portion of the earth, then that was to teach them a lesson. And after they learn all of this, then they will learn what this is all about. And they will be sent somewhere else for their next lesson. But now men were fighting one another and some were eating people who came back as sheep and goats. And some were eating people who came back as steers and venison. But this makes the 'main boss' very unhappy and if they don't stop this right now and turn vegetarian, then a terrible catastrophe is coming on the face of the earth.**

**You say, 'People don't believe that.' But let me tell you how much some people believe something like this. Every once in a while, I receive a very secret letter about something like this. Maybe they have been to a special convention and some of the most unqualified and untrained people have taken advantage of peoples interest in this an have set up space airports and giant conventions and gathered people around. And if you knew the educational background and the capacities of these men, and how their panorama of theology and ideas change form day to day--- one moment they pose as Christians and the next they are Yogis, and the next they are Asiatic in their philosophy in their theology, and the next moment, they are worshipping at the feet from some supposedly being from outer space. But the thing they are worshipping the most and apparently getting the biggest kick out of, is the tremendous support they can get from these enthusiast who want to believe that there is something happening down there or over here.**

**You say, 'Dr. Swift, don't you believe there is any space people?' I think there are more space people than you know about. I think that Angels walk your streets unaware and wear coats like you do, act like you and are doing one of the most important pieces of heavenly operations on the face of the earth.**

**I think that God Almighty not only has tremendous fleets of space craft flying around, I think that any time they transport some substance from one part of the Universe to the other, that they move it there in one of the great flying chariots of the heavens. Call it a flying saucer, or a flying chariot of heaven, call it anything**

that you want. But they are a vehicle for moving goods. Not only that, but God, Himself, uses them for transportation. And there is nothing wrong with that. They have been used by Angels and Archangels, who fight and die using weapons and by mortals who never knew death. They have been used to transport material and objects as the behest of practically every known type of intelligence which God has operating in His Universe. And I can take you thru the scriptures and show you place after place, where these great ships of space moved thru space and where they landed on earth and where someone saw their occupants. The circular ships of Ezekiel were beyond question a part of the great space fleet of God. And when Daniel talks about a thousand times ten thousands of these ships with their streams of fire, going out from the presence of the Most High, it gives you a little idea of the size of the heavenly fleet. In fact, when we say ten thousand times thousands time ten thousands, then you have a hundred million times one thousand and automatically you jump up into the billions and thousands of billions and you are up into the trillions. So anytime anyone wants to match a little weight against the program of God, against His space fleet and against His hosts of heaven, just remember that there are trillions of ships in this Universe flying at the command of the Most High God, His Archangels and His Sons.

When we talk about suns, remember that there are over a thousand trillion suns in the Universe that are visible today from the electronic scopes we are using today at Harvard University. The electronic scope has ten times the range of the 200 inch scopes, with the ability to record and to measure. So do not think for a moment that we are an unbeliever. We are not scoffing at reality. Let me tell you that these Angels of God and these sons that are scattered throughout His Universe, all of them have their responsibility and all of them are going to be at harmony with the very word of God whom they serve and whose word you have.

Now when one man comes from Mars and he is supposed to be the savior of the earth, and he uses a 'tetron ray' and no one knows what a 'tetron ray' is, but it is something which is supposed to come out of the sky and you can catch it on a tape recorder for some reason.---But you have to be in tuned and a proper 'Medium,'---and if your tape recorder is right--and is reflected into the sky, then your tape recorder can catch this. Someone said, 'Do you believe that?' No, I don't believe that. But I listened to the tape and as I listened to this metallic voice it sounded like a modern advertiser trying to tell us who he is and where he came from and who stood at his side on either side. And then he warned us that if we did not make friends with Russia, that then we would have great judgements. And I knew right away that if that was anything but a fraud, then the devil was doing the talking. If he had said look out for Russia, the armies of God are standing by and the enemy is about to jump you, then you might have listened for a little bit. But when he said make up with the Russians, for there is nothing at all in this division between you two, but just an empty philosophy of opinion.

So I listened to this. And then I listened to another voice which came thru this 'Medium' and this voice was put on tape. And this voice said, 'these saucers are just materializing out of space around you. They are living spiritual things which take on the will power of which we are able to project ourselves, and they are great satellite creatures in our midst. And then this voice warned us that earth was about to be invaded from forces of violence which were still in our solar system from Mars and Saturn. So America, and Russia, and Red China and England, all better get together, form one great and powerful government and get our weapons ready to protect ourselves from these strange creatures from outer space. And then the message said, 'the time is very short, so get ready to fight that which shall come out of the sky.'

So what do I think about it? I think that this 'familiar spirit' is the devil. I think that the voice that those in the seance heard which was on the tape was a voice right out of the unseen dimensions of demons and of Lucifer. Why? Because, my friends, it tells me in my Bible that you are not going to join with the Soviet Union. But that the nations in the Christian world are going to have to fight the Soviet Union. It tells me that the hoards of world Communism are going to make war against your Christian civilization. It tells me that right in the midst of this, the largest group of space craft is going to come into human affairs. It says that there will be no question about who is in charge. If you think that you have beheld a majestic spectacle,---and there have been a lot of them in the past. In fact, the motion picture industry, in trying to duplicate them has come out with some of the most spectacular ones of all time. You see some of this in 'The Robe' and in such pictures like 'Ben Hur.' And these are trying to portray the reliving again of tremendous strength and confidence and majesty of ancient Rome of the foreign legions. And as man has made history, he has tried to make it live again on the screen. And in this panorama of records it has been tremendous in the symbols and records, and the bringing forth of the pictures of Great Babylon or Medo-Persia, or Alexander the Great, or the sweeping hoards of Genghis Khan, or any of these factors which were tremendous in history. All the powers in their military array have fought for the earth and the powers of darkness now gather, not the spectacle of yesterday, but they gather the hoards of Asia. And they drive them with all of the Satanic hatred, of lust, that they fan day by day, and Christian America is their number one target. For they say, 'if we can knock this America out, then we can capture the world.' So again, comes these strange voices saying that we must patch things up even if we have to join with them.

Let me tell you something. If messages start to appear that we are in danger from an invasion from the heavens, then we should look up. There is no doubt that the World Order is in danger. But not the Kingdom of God. I am going to tell you that the day that you are locked in battle with the Red hoards of China and the Red hoards of the Soviet Union, there is going to be such a mass appearance of strength and power in the heavens, that anyone who looks up will see it. So great and over the approach of it, as it comes, will be the spectacle, that mens eyes will turn toward it, and the Soviet high command and all of their satellites will quickly get into a

**military huddle. For the great Master Ship of all---the one which moves ahead of the Army---will carry the Banner of the King of Kings and Lord of Lords---the Almighty Creator of the Universe, who holds all things together. And there will be a name across that side of that ship that no man has ever uttered. But it will be the name to the ultimate Glory of HIS own person. And the great hosts of the Universe will come in with the mighty strength of the Master.**

**You say, 'How do you know?' The Scripture tells me so. In the book of Revelation, John gives us a preview of this thing as the mind of God planned it. Let me tell you something. Anything the mind of God plans happens. He throws the energies in that make it come to pass. He throws in the amount of energy which synthesizes the substance of tomorrow. Do you know what the enemy does when they see the hoards of heaven coming in? It tells me right here in the book of Revelation that when they see this coming to pass, the hoards of darkness, the '5th Column' of the Anti-Christ, the fallen demons, the unassimilatable people who dwell in earth and don't belong here, and every host of evil,--they join together and turn their weapons, their space artillery on the mighty space hosts of heaven. And they strive to make war with HE who is coming in the clouds.**

**You say, 'But is that in your Bible?' Yes, it is in my Bible and in your Bible. And you can read here in the book of Revelation, just what they will do. And it tells us that they turn against HE who is coming in the clouds and they try to make war with HIM. Of course, it is not a long battle. But when it is all over every pagan hoard in the world will surrender.**

**Oh, I know that some people do not like that kind of a space story. They want to see all of these ships come in loaded with little Angels who will jump out and throw their little arms around everybody and give them a flower to smell---and every Communist will walk away with a little flower in his buttonhole and everything is Peace after that. But it is not going to be that way. In the first place, because Almighty God has declared that they make war with HIM when HE comes out of the sky. And then HE destroys the power of evil. And the world would then know Peace like they have never known it before. But the greatest spectacle of all human history is going to be the Majesty of the GREAT FLEET, the Armies of heaven as they face your earth, acknowledging you as the sons and daughters of God. And the great nation of these United States and the other great nations of God's Kingdom, as HIS Colonial outposts in the earth. Let me tell you that God says He is happy to honor His nations in that day.**

**Someone says, 'But how long will that be?' Who know? It could start next month--who knows? The measures are very close to the end of the age. By this month you are in the 'Midnight Hour.' You are in one of the most important times in all human history concerning prophetic measure.**

Now, getting back to some of the things which recently happened. An airline pilot was flying from Detroit toward New York. This was a regular airline pilot with 200,000 hours to his credit, and almost one million hours behind him of previous military flying. This was a man with an unimpeachable record and able to make full observations. He turned to his co-pilot and said, 'Do you see a strange object flying along out there? At first I thought it was a light on a ship, but it seems to be a great long object coming close to us.' As the other pilot looked, they saw a tremendous circular ship, which they decided was about thirty feet in diameter and over three hundred feet in circumference. And they estimated that it was several times the size of the air craft they were piloting. The Stewardess came in and said that some of the passengers were excited and some of them worried because they saw something out there that they were afraid of since they do not know what it is. So they brought the passengers who were observing this, one at a time, into the cabin and the Pilot told them, 'Now this is a phenomena of some kind, there is a strange type of aircraft flying out there and we are getting in touch with the earth and we are calling the various ground stations to get some type of identification and to tell what they see on their radar screen. But there is no doubt that this is one of the strangest and the largest air craft that we have ever seen. It has already flown past us twice, once under us, and once over us. So apparently it does not mean us any harm, for it could have accomplished that harm at any time. We can't run from it, but don't worry for there is no record that we have that any passenger ship of any type has ever been attacked by any of these ships. And the passengers were all glued to their windows. Yet when the plane landed, after viewing this tremendous saucer, the U.S. Government immediately demanded an interview with the pilot. The press and radio were prepared to tell more of the story. And then the facts were reviewed and reviewed. And finally, a statement was made by the pilot. And this is what was recorded:--that this was the first time he guessed, that he had been able to see a Jet being refueled in the air. So it's possible that must have been what it had been.'

Now, when the pilot's have observed and the passengers have looked at a circular ship as large as this, a different type of air craft than they have ever seen, surely these observers used to the air, could not have been confused by the refueling of a Jet. Why? Who knows.

A great Concord Naval ship was coming from Europe in the United States. It was still some hours out of the base where it would land in Maryland. The pilot of this air ship had been looking out at the sky above him and suddenly as he looks out to the water horizon, to the fading Orion, he noticed what looked like a whole city of lights down beneath him just a little way ahead. He said, 'I must be off course, for there is no town down there. How could there be a city of lights down there close to where I think the surface of the ocean should be.?' So he turned to his co-pilot and his navigator and they looked and they said, 'Yes, it must be a town for there are lots of lights, but we don't know where we are or how we could have gotten off course.' In the back of this transport there were two Naval crews. All of them

crews of Naval transport returning from Europe for a rest cycle. They were all awakened and all observed the town of lights just below them.

Suddenly the pilot noticed that one of the lights had a great ring around it and apparently the ring was getting bigger and bigger. The co-pilot said it is not a ring. It is an object that is coming up and it gets bigger as it gets closer. And that strange ring of light happens to be like a friction fire around the edge of it. They were thus above a whole fleet of these objects illuminated from the top, flying just about the ocean. And they now realized that this was a whole fleet of unidentified flying objects. And the great transport realized that there was no way to get out of the way of these objects which were maneuvering around them. And they estimated that these objects were approximately 300 feet in diameter and about forty feet thick. These Naval transport flyers, many who had been flying for many years, are trained to observe all types of craft. Not only were they in touch with the mainland, and told what they saw, but as they continued on their way, they were escorted above and below and on all sides by these gigantic crafts.

Thus a fleet of crafts hovering over your ocean just a little way above it, with so many of them and with so many lights that they looked like a whole town, then took off into the sky as your transport made its landing in Baltimore. Does someone say there are no existing conditions in our times? Strangely enough, another airliner, a 736 going east,---and this was in the day time,---and their pilot looking out, saw this great ship which was approaching. This time as the ship stopped, everyone on the airliner had seen the saucer. And the pilot had made his routine report. And they were picking it up as being along side of him in the air from the various radar points on the ground. When military planes came close to this sighting, the object sped away thru the sky at great speed. A flight of Naval Air craft were on maneuver about another maneuver going on at sea as well. Suddenly a large rocket type object many times the size of the air craft, almost as large as the largest vessel that was involved, came steaming in out of space. It was even mechanical. And there were even puffs of explosive impact, as it changed and leveled out its course. Then it flew round and round the Naval maneuver at speeds faster than any of the air craft in the exercise. Then suddenly, it turned and pointed its nose up toward space, and there was a burst of smoke from the tail of this strange rocket and then they turned off their rockets as it disappeared out of sight. This is in Naval records. And I have a copy of what was for a long time a secret file on this. The Naval observers and the fleet and any who were in this position at this time, saw this object. And they said it was a gigantic rocket of some type and apparently did not have to depend upon any earth supply. For it went away, disappearing into the vaulted blue without any possibility of any tracking of it but just the photographs which were acquired of it, as it left going into space.

Now, it is quite obvious that if aliens want to get in touch with you, all they have to do is just manifest themselves. It is quite obvious that if God Almighty had wanted some special message to reach you, He would send one of His own messengers to do it. He could send Michael or any one of the heavenly messengers. He has already

given you a 'true word of prophecy' which has never missed. He has unveiled to His ministers by inspiration and by an awareness of what is coming to pass and an alertness to find the evidence of things which have not yet happened. His voice of prophecy has never failed. The guidance of that prophetic vision which passes upon those who seek to know their fate, have positive assurance concerning God's plan. There is not change in the blueprint. As individuals mature and reach for an understanding of what God has to say in His Word, are going to realize that if someone comes over to you and says, 'we have just had a visitation down here from a person from space,'--just be skeptical.

I am interest in this fact that there is a man and his wife down here now that say they are from Saturn. And they have been traveling all over Southern California, and they are telling the people of earth what to do and they are just doing this out of the goodness of their hearts, as they do, and they have also published a book of these instructions of how they lived on Saturn and how you are supposed to live on earth. Now, you may not like this, and you may have that book. But he is selling it for \$3.50. And they are selling this book about this man from Saturn who is supposed to be a special friend of God who came down to warn you.

Well now, if there was a tremendous warning God has for the earth, and He sent some special man down from Saturn---Why don't they print these books up there? The book tells us that the money is of no importance at all, but if they just gave you the book you wouldn't read it at all. So they have to bring the book down here and sell it in order to get some teeth into it. Let me tell you something. Any time anyone from outer space prints for me, knowledge he has brought down from outer space and gives it to me, then I will keep it. But when they come down here and set it up on printers ink, I think this man who says he originated from Saturn is wrong. Every once in a while some Schmoo comes over here and gets a deep tan and winds a towel around his head and tells us that he is some man from India---an all wise Yogi. You have more 'Yogis' over here playing in Cabarets and giving you special readings from the gods that were born in Brooklyn than any where else.

You say, 'But why is that?' Well, we are just in the end of the age where many people are deceived. And you are in a time when there are many deceiving forces, and you are in a time when you find that many people are interested. So these guys are engaged in going out here and fooling people. 'Oh,' you say, 'I have some intelligent friends, they go to the University and they came out here to see this man from Saturn.' Well they go to see everything, don't they? Remember this man who said that he was Jesus Christ and would be down here on the steps of the Presbyterian Church, and the police had to keep the people back who went down to see him. No one believed that he was Jesus the Christ. But they still went down to see him. Do you know that if we put an announcement in the paper that the devil was going to appear on this platform next Sunday night, if we positively guaranteed

that he would appear here next Sunday night, then you wouldn't be able to get in here next Sunday night. No necessarily that the devil would be here, but the people would come to see.

You don't believe that? But there is an ad in the paper about a haunted friar. They have this ad in the paper and they have some Evangelists over there and he has the grotesque head supposedly of John the Baptist on a platter. And he carries this up and down the isle crying, 'The road to destruction.' And a lot of people are going over there because they saw it advertised in the newspaper.

Now, I do not know what type of sadistic mind would want to see the head of John the Baptist on a platter. I don't know who would want to see any head on a platter. But talking about grotesque and evil probably carrying the head of John the Baptist on a platter is probably one of the top ones. I do not have to see the head of John the Baptist on a platter to know that the forces of evil have made war on Christians by the thousands. But if one of these valiant Knights comes back with Khrushchev's head on a platter, I will suit up and go to see it. All of these things are related to this hour. You say, 'Do I believe that these ships are flying around? And yet I do not believe that these guys are who they say they are who came from Saturn?' No, I do not believe these men came off these ships. But I do believe there are men on these ships that have been sighted. I believe that the man from England saw one of these ships on the beach and a man got out of the ship and took some water from the beach and then got back in the ship and went away. I don't know what he will use that sea water for, but this is just one of those things that is supported by observers. I also know that a ship came down up here along the Oregon border and a man with a mustache watched some men get out of the ship and get some water from the stream and then get back in their ship and go away. They never said a word, just went away. And since this was observed by three of four people on several occasions, I believe some very intelligent creatures wanted a drink of water and they got it. And it doesn't matter where they came from, they just wanted a drink of water and they got it.

I was high up in the Piute Mountains one night at a log cabin a friend of mine owns, and we heard a throbbing noise like an old boat going along. We went outside to check and looking down in the valley, there was a great plane not too far from a place in the Piute Mountains where a gold camp existed over 100 years ago. At first it looked like a moon out there in the valley, but there was no moon in the sky to reflect it. And then we realized that this great illuminated object was where the noise was coming from. And as we watched, that object moved across that valley and soared above the trees and disappeared. How big was it? Well, it was wide enough to cover half of that valley field. We did not see anyone and nobody gave us any message. There is a strange tingling sensation which goes thru anyone's spine when they see something like that happen in the remote hills of California.

But I am going to tell you that I am going to expect lots of things to happen. For there are signs in the heavens, and there are signs in the scriptures. And there are

**signs in the sun, moon, and the stars. And God Almighty has given us an Oracle. And He had given unto us an Administration, and He had given unto us His Spirit.**

**Now, there happen to be leaders here in America who love the Kingdom and they love your race. And they are not as few as you might think. For God has thousands of them scattered across America. You say, 'But who are these people?' I think they are people who are fighting the enemy. I think they are men like Gerald Smith, Jerald Harper, the Internal Security Committee. In fact, I know some of these men who are in Washington offices who are devout Christians, prophetically interested. I think that across this nation there are one thousand men who are doing everything they can to oppose evil in this nation, and they are devout. And if they were on the wrong track, in anything, they were doing they would be the first people willing to change that course.**

**No, God has all the records. He is absolutely Omniscience. He has Archangels in command and He has thousands and thousands of saucer leaders. He has space craft of every description in the technological field. He has roving messengers, for He sent one down to talk to Daniel. And if God Almighty wanted all of the patriotic Christian leaders to keep America at the forefront of the leadership of the Western world, He would send messengers to those alert men.**

**If someone comes and says, 'Dr. Swift, you are all wrong, I got a direct revelation, God told me to come and tell you,'---Well, let me answer that. I would not pay much attention to that. For I happen to know if God had something He wanted me to know, He would tell me. For He tells me things all the time. So why would He send a stranger to me to tell me something that He wanted me to know? I am going to tell you that if God Almighty had a message for those at the forefront, He would sent it with His own messenger to the Gerald Smiths, and He would sent it to the forces of righteousness in your midst and see that they understood it also. If He saw that men like Bill Gale were on the wrong track, He would tell them. If they were on the wrong track down in Arkansas, He would tell them. So why? Because God raises up leadership with a vision. They don't deny that there are saucers. And they do not deny that there are space ships. They do not deny things that are self-evident. But they are not accepting the voices of fraud, who are out to siphon money out of your pockets.**

**I had people covering every convention they ever had at the Big Rock Airport. So don't come back and tell me what happened. I know that one of the men in charge of that thing was belittling Jesus Christ, belittling Christianity. And he was talking about 'Yoga Asiatic incarnation, talking about the mighty gods of other races, talking about who he was before he came here. I happen to know that before he came here he forgot to pay the bills, just like he did here. People traveled from San Diego and they came from Los Angeles, and they said, 'See it is right there.' And I looked up in the sky and I didn't see anything. But people said, 'Yes, it is right there----there it goes.'**

We were in a meeting a few weeks ago in San Diego and someone said, 'Dr. Swift, there was a man here from Saturn and he believes everything that you believe. We saw him go out and look into the sky and when he turns his mind into the sky, the saucers come right down to him. And he can make them show up right now.' So I said, 'Well, let's see them.' And we went outside and he said, 'Do you see that bright light out there? That is a saucer.' And I said, 'No that is the planet Saturn.' And he said, 'Oh, no, that is a saucer.' And I pointed out Jupiter, 'That star has been there all night.' Then he sighted another one in the sky and I said, 'This is the Dog star.' And he says how do you know? So I said, 'I have studied them since I was a little boy. These are not saucers, they are there every night.' But he said, 'These are moving faster.' And I said, 'No, that is a planet, for stars stay fixed in place.' So he said, 'You just do not have the vision.'

Let me tell you something. If God wants to talk to you, He does not have to use a tape recorder. And when some messenger starts to tell me that I have to make friends with the enemy of Jesus Christ, then I know who he is. And I know what his representatives look like. And when some of these so called 'learned' men tell you that Jesus Christ was just a small boy, that tells me from where they came. They better go back to work in the machinist shop of the 'left.'

I got a flier from a little temple the other day. And it says that you 'walk in one door and out the other and you are healed.' And someone said, 'I believe in that, I put some money in that one.' Well, you are silly if you did, for you are never going to get healed walking in and out of that building. No amount of television aerials on the top of that building is going to bring down the vibrations that heal you when you walk in and out of that building. None of this will bring down any special vibration as you walk thru. The healing power which can heal your body is already on the inside just waiting for your Faith. It is the Christ in you that can reactivate your healing. That is all. You don't have to worry about going thru anyone's doorway.

Then there was the time when someone said, 'Dr. Swift, have you heard about the water?' And I said, 'What water?' 'Oh, they said there is a guy over here and he has healing water and everyone who drinks it is healed.' I went down to taste it, and we get better water than that right out of the tap. There is more cosmic energy coming out of the vibrations of the earth. There is more energy, my friends, than anyone can get thru a box thru a radio aerial. You say, 'Why do men believe this?' It is because they want to believe there is some kind of healing, but they do not want to believe the simple things which is to believe God and take life.

Then someone said, 'Dr. Swift, they are selling lessons now, you can get out of your body and fly around the world.' Well, don't you pay any money for those lessons. And they say, 'Don't you believe in anything like this?' In spiritual realms, there are a lot of things transpiring. But when God sent you down here in this body, He

intended for you to stay in it unless He sent for you. If He sends for you, then it will not cost \$100.00. If He decides that He will take you out and get the vision, then you will go out and then come back and get into the same body. But a lot of people like to fool around with these strange patterns and strange mysteries of the Kingdom. But a few got out of the body and then could not get back. Did you ever hear of spirits that walk in light places? Bodies that go in to a strange kind of teleportation trance and then are found distributing strange kinds of artifacts. These are going on all the time. There are lessons in New York and in Los Angeles. And one is under a black priesthood associated with 'The Black Mask.' And they are selling secrets of how to leave the body and then come back into it. These are phenomena. These are strange lying signs and wonders. Most of us want to stay in this body as long as you can.

You say, 'But why do these messengers who come sweeping in from outer space, want to teach us all these things?' Why had God been unable to unveil His great purposes thru these years? I believe He can do what He wants to do. I believe that the Holy Spirit can confirm what is in this Book. But if you cannot find these new things and confirm it out of inspiration, which is akin with God's purposes, which He has vowed to perform, then I am going to tell you just how silly this idea of the 'New' Christian is. The time factor of when a new Christian takes place, is only an illusion. For strangely enough, John has already traveled thru these next few years and recorded it. He traveled on a great time track of time and his own consciousness was made to see it. And then he wrote the book of Revelation. And there is not anything that you and I will find in the great panorama of history that will not fit into the Book.

But these things will come to pass. There is no greater hope than that the mighty hosts of God will show up in the time of crisis. I have no hope of faith that Mr. Kennedy has the answer. I have no thought but that Mr. Stevenson would take away your freedom and put into a United Nation 'State' and give it to the 'One World' conspirators. I see no individual on the horizon that I can trust to make a stand for our land. But I see a whole host from the nations of God's Kingdom when the enemy rattles his sword. I see a great hope, for God has millions of people who He is going to stir with His Spirit, millions of them which He has promised to raise up and the mighty hosts of heaven He has promised to send in, with Michael the Prince who will fight for the children of God as he fought for them before.

Daniel the prophet was told concerning your nation ahead of time, and he was told that Michael would come in with his fleet. Do you know when Michael the Prince fought for you the last time? I can give you proof that you were with the Father in the heavens before the world was framed. Because Michael the Prince has not fought for you before on earth. Then this must have been while you were in the spirit. But when Lucifer took one third of the planets, and the peoples of the Milky Way and tried to make a tremendous army, using the technology of God which he had been using for years in the heavens, when Lucifer tried then to take over the throne of God, the whole dimensions of the creations of the Universe, then Michael

the Prince of heaven, distributed his army and broke the power of Lucifer and most of his broken space craft landed in the earth. And this is where Lucifer has been ever since---right here. This is what upset the ancient civilization in South America. This is what upset the nation of Africa and turned it into darkness, for some of the warriors of Lucifer's fleet were now in earth. This is what started Voodooism and the degeneration of the Negroes. It is what started the great battles of the Matavaras of history, with the ancient people of India and China. And in the panorama of those events, it effected whole continents and they sank beneath the waters of the Atlantic and the Pacific. The mighty battles in the sky are now a matter of history. And the Matavaras of India and the battle of the gods in the sky, and the dragon god of Asia, now come to earth, to try to stop His Kingdom. It is all there. And what has transpired in the ancient past is thus told.

But in that day, when Lucifer said, 'I am going to destroy God's Kingdom because I don't like His children. I don't like the fact that they are spirit of His Spirit. So I am going to fight and take over.' That is the time when Michael fought for you. And do you hear what God said, 'Michael the great Prince is going to fight for you as he did when he threw Lucifer out of the heavens. This time he is going to throw him out of the earth.'

Let me tell you this. Just remember who you are. And then just stand back and watch what God has on standby. What an experience it will be to see that great fleet streaming out of the heavens, brilliantly illuminated, shinning like the sun. Their great speed going thru the atmosphere gives a roar like a mighty rushing waterfall, like the mighty wind whining thru the trees. And Ezekiel lifted his eyes to that great panorama of objects. Oh, there is no doubt that there might have been signs of awe and some apprehension when he saw this. But he watched them turn and move and come on down. He said that they were circular objects and they came very, very close to earth. And he saw that there were eyes looking out at him. There were living creatures on the inside. There were great portholes around the ship and eyes looking out. And Ezekiel says that as they landed, they all came down together. And when they went up, they all went up together. But when they came down and settled in earth, then a door opened in one and from this door, there ran out a long gangplank like a loading ramp.

You say, 'Why did they do that?' They are just as smart in heaven as you are. They brought out a big throne and set it right there on the earth. And the illumination and the Glory of it all, filled the area and Ezekiel was rooted to where he stood. And this one who now sat on the throne, looked just like a man from His head to His feet. But the Glory which came from Him, the rainbow of color that went out from Him, the light from HIM that went out from HIM in this spectrum of color, was so bright that Ezekiel knew that he was in the presence of YAHWEH the Creator of the heavens and the earth. For out of Him came the Glory which broke

**all the color bands of the spectrum. The very elements which moved out from Him, were the very substance with which He created things. And Ezekiel beheld the very Glory of this ONE the Light Giver.**

**Ezekiel fell before this Light Giver, who then said, ‘Come here Ezekiel, for I have come to talk to you, for you are My prophet. And this is the message I have for My people.’ But Ezekiel did not come in with a strange new story about someone who just took over Mars. He did not come back and proclaim that some mysterious person just landed from Saturn. Ezekiel came to tell Israel about the Great God of the Universe, about YAHWEH, about His ships and about His message, which was for His people of His Kingdom and what He had ordained to do.**

**And Elijah left this earth after he had decapitated all the evil kikes who had come in to destroy God’s Kingdom, in the days of Elijah’s ministry. God said, ‘Here is a man after My own heart.’ And when Elijah was thru, He sent a ship down for Elijah and Elijah did not have to die. He just climbed on board and sailed away. Let me tell you this. As Christ left His disciples out there on the side of the mountain, after His last visit, He then stepped inside this shinning aura of light and they could see Him no more. But pretty soon, two men stepped out for a few moments. Then as they entered back inside the light, then the whole space of light and glory rose and disappeared.**

**The disciples stood there looking, not knowing what kind of a ship was in that cloud of Glory, no more than Moses knew when that ship was over the children of Israel in their march. And the Angelic hosts, representatives of Celestial realms said, ‘You men of Galilee, why do you stand there gazing into this disappearing cloud of light. This same Christ is going to return the same way you saw HIM leave.’ Someone said, ‘Do you believe that?’ Yes, I believe that and that ten thousands times ten thousands will be following HIM. Yes, I believe very much in unidentified flying objects. For my Bible tells that they are under the control of my Father which is in heaven. If Satan tries to substitute them and bring them out of the Netherworld thru some of the cavern entrances, then I believe this for my Bible tells me that they come out of the Netherworld like locusts. And some of these strange looking creatures like John saw in Revelation, may appear and they cause some fear as people look at them. For everything connected with Satan is a monstrosity.**

**But I want you to know that everything coming in from the distance and beyond, is coming in under the guidance and the knowledge and under the leadership of Michael the Archangel. There may be some phenomena that we cannot explain, such as the man out in the field pitching hay and in the next field were two men also pitching hay,---and they say that man standing there with his pitchfork and then suddenly up and up he went. But where did he go? Nobody knows. There are lots of strange things going on right now in the earth. But let me tell you something. If you want knowledge and you want wisdom, don’t turn to the ‘Wizard’ for it. Ask your FATHER and He will give it to you.**

**‘Oh, you say I have been too hard on some of these people. Then alright, if you want to buy a book that is published after these people say they came into earth, then go ahead and buy it and subsidize their work. For they may set up a booth and start importing things from Saturn. But we won’t be there to help them. I believe that there are beings on Saturn and beings on Venus and beings on Mars. But I am going to tell you that they do not have anything to do with what God has in store for you.**

**(End of message)**

## **GOD'S PROPHECY AGAINST MAGOG      8-31-60**

**by DR. WESLEY A. SWIFT**

**Tonight as we turn to the subject of what God said to the Prince that guides the land or Russia, I think it is significant that each one of us recognize that we are -- "The Children of the Most High." That we are the people today, whom God calls the sheep of His pasture. And when He made that statement concerning the sheep of His pasture, then He made it clear just who those sheep of His pasture were. We turn then to the words of the most High in the Book of Ezekiel and He says:--'Thus shall they know that I am Yahweh their God. That I am with them and they even the House of Israel, are My people---saith the Lord God.'---'Ye are My flock, the flock of My pasture. Ye are men and I am your God saith YAHWEH.'--(Ezekiel 34)**

**In the book of John 10:26--Jesus said:--'I come only to the lost sheep of the House of Israel.' Then He turned to the Jews on Solomon's porch and said:--'Ye believe not because ye are not My sheep.' He identified those of your race, those of Christendom today who have carried His name as the sheep of His pasture. You then say with ancient Israel:--'The Lord is my Shepherd, I shall not want.' And you are clearly aware that when He talks to His Israel, to the sheep of His pasture, that He says:--'They are men, and I am their God.'**

**It is most important today that you know who you are; that you understand this book and the things that are transpiring. This is the most important thing that you can possess, as men need to know--'who they are, where they came from; and to know God's plans for them into the ages of tomorrow and their need to know their power and present ability. This is all relating to what God has promised and said He was going to do. There is one thing you can be sure of and that is - 'every word that came out of the mouth of God.' You can't be sure of every translation or after men have interpreted it, and it has passed down thru time and generations. But you can be sure of every word out of the mouth of God. Thus you can be sure of who you are and where you are in this generation and time.**

**This United States of America with its symbol of the outstretched wings of the Eagle is the most powerful nation of God's kingdom in the world today. The kingdom of God is real and it is as tangible as the nations of the earth today, and you are a part of God's great purpose and plan. As such you look out over the nations of the world and you become aware that as a great a great nations of Christendom as well as the other nations of Christendom who are of your race, that there is something we must understand concerning our relationship with the nations of the world. We have cited to you that foreign policy is a Christian business. We have told you that foreign policy is your business because this is the area in which prophecy is fulfilled. If you have a foreign policy that is far different in outline than God's policy for you as a nation then you are going to have a lot of problems and troubles --why? Because you are still going to do as God tells you to even if he has to drag you there to get you to do it, and those dragging processes are not always as comfortable as the processes when we understood what we were to god.**

**According to the song---God said that he doesn't compel you to go, but he has ways of making you willing. He made one man go by sending horrible hornets after him, and with the hornets all around all of a sudden this man was ready to go. God may send some hornets after you or some of your leaders, before this is over, for you will do what you were supposed to do --you will discharge your responsibilities to God.**

**Thus as we look out over the world today we see that if there ever was a time of trouble it is now. If there ever was a threat of conquest of Christian nations by the enemy out of his own lips it is now. How many times in the past few years have we heard this from the Russian Premier ---14 times, but we are still here and when the last hammer and sickle is burned we will still be here. There is to be so much destroyed scraps and war material when we get thru with the Russians that you won't have to cut wood for 7 years. You don't have to worry about whether or not you will survive. It is however most important that you understand your relationship at this hour. God looks toward you and he says:----there are some things that I want you to know. Behold, I have laid in you a foundation stone, a precious corner stone, a sure foundation, and he who sees it will not need to fear, or make haste to lease the enemy. That foundation stone was God joined unto His family---sealing the chief corner stone--the headstone of the building, the entire structure of his kingdom--with its symbolic significance, even as the pyramid is the symbol of it, and appears on your seal---with He as the chief corner stone He said:--I have laid in you, in the nations of my people this chief cornerstone--which is YAHSHUA --Jesus --who is of God and identifies us, our culture and our strength.**

**Now in these latter years you have had several things brought forward that are in error. Your enemy is the same enemy that has always been even of old, the enemy of God's kingdom. Once again the masses of ancient Assyria, in the land of Magog gathers these forces under that old enemy for the conquest of the earth. It is not necessary to tell you that the same evil beat sought to destroy your civilization once before using the hoards of Genghis Khan as they were hurled against Europe. This brought the conquest that involved ancient China, ancient Persia and conquered**

North Africa and then swept thru the Caucasian pass and into Western Europe to attack the rising western civilization of God's kingdom. This same evil power is the power today that has mothered Communism and brought it to the point where now it has regathered the same hoards to hurl its strength against the west. This same evil power is world Jewry (Zionism). Because when Genghis Khan was gathered to come against you it was world Jewry centered then in Venice who went out to gather Genghis Khan and his hoards to throw them against the western civilization, from out of the Steppes of Asia. They even supplied the Prime Minister for this movement, he was one of those cunning Jews to help organize and finance the strength of the great Genghis Khan.

In your time then came the doctrine of Karl Marx, financed by World Jewish interest, thru Kuhn Loeb and Company, and others out of your own country, along with the house of Rothchild in western Europe. These Jewish financiers furnished the money for the Bolsheviki Red Revolution. These same powers were trying to take over the Russias and hurl the masses of Asia against you for your conquest. So you can understand that World Communism was a program of Anti-Christ, and it made war against the church from the hour of its beginning. In fact it fulfilled prophecy by creating great martyrdom as millions of Christians were killed by this modern scourge in its last resurrection. As this beast of evil whose political power had waned at the death of Genghis Khan, now has its wound healed ---this beast of prophecy which was nigh unto to death had its wound healed and made ready to come against you. So now understand under the guise of Communism it comes against you as the great nation of God's kingdom.

Back in 1932 a President was elected who has some of the saddest advisors of any President up to that time in our history. The American people had been fed a great propaganda diet which was to down grade all Presidents before this one, and they failed to realize the importance of all the brain trusters who surrounded this President. There was the Morgenthals, the Frankfritters who surrounded this President, and they came into power in the nations capital at this time. Little did the American people realize these things as the first major move of this Administration was to recognize the red Revolution of the Soviet Union. An embassy was set up in Washington D.C. and by the coming of their first Ambassador then instantly the Soviet Union had prestige among the nations. as long as the Great nation of the U.S. had denied recognition of the Soviet Union, no country of the western world had recognized this rising Red power. But we--the great nation entered into a covenant and were soon followed by other Christian nations of God's Kingdom, and we entered into a covenant by recognizing Red Russian and we find that Covenant in the 28th chapter of Isaiah and the results of it in the 16th verse---this is your covenant with death --and it shall be disannulled and your agreement with hell shall not stand.

**We not only entered into a covenant with the Soviet Union which was the mass murderers of Christian civilization but we promised that we would have economic exchange with them and she promised that she would not continue her revolution--- as it related to us.**

**We do not have to review to you, past history, for you watched the violation of that original covenant and the spread of communism even before the ink was dry upon the paper. The spreading of the 7 year plan, and then the 9 year plan of world conquest quickly followed. And then you found yourself in a great war, in which not only other Christian nations were fighting but you were fighting other Christians. All Christendom should have stood together to fight the power of world Communism--but you were tricked. The same power that had created Communism was now tricking you of the Christian nations to fight one another. I am going to tell you that there would have been no war against Germany--on the part of Britain, France and the U.S. if it had not been for organized Jewry. God Almighty refers to organized Jewry as the false prophets of time, as Mystery Babylon who is guilty of all the righteous slain upon the face of the earth, and as such he identified them for what they are.**

**Now; then in that war---here was America under the symbol of the outstretched wings of the Eagle, and Great Britain under the symbol of the Lion, the country in which the throne of David is located--in a fighting alliance as an ally with the powers of Anti-Christ against one of the nations of god's Kingdom, the Judah of the scriptures --Germany--true Judah. When you understand that then you will know why it is not only a war like power, but you will also know why the Almighty said:--- -the tents of Judah will have to be saved first because they are right between the western and eastern European line. The fact remains that we never should have had a war with Germany and we never would have had a war with them if we had not been tricked by the forces of darkness into this hour of great trouble--Jacob's trouble. Out of this came the inevitable patterns of a great war. Then we were to discover that after W.W.II Soviet Russia had captured large portions of eastern Europe and portions of Asia without to great a struggle. Then there had been great fights throughout the Ukraine area and the victories of that war were the results of the armies of western civilization breaking the powers of central Europe which they controlled before this, without realizing it. As far as the battle with Japan was concerned that was won by America altho Russia came in at the last moment so as to have power over the divisions of parts of Asia. The results was that as we were tricked by this covenant with death and with hell, all of China was turned to the forces of Communism. It was done with cunning and it was done because in high places in our government the deceivers were at work. These deceivers had you enter into such agreements as the Potsdam and Yalta agreement. Both of these agreements were with --death and hell. The majority of people in your nation never supported these agreements. And ever so often some great Patriot, or some high official in your government, or in your army and navy came out to talk about the areas of treason in those agreements. My library is filled with volume after volume,**

laying out this treason--by treachery or snare, and by the strange influence of world Jewry and the Soviets to get the nations of the world to surrender their power.

What they did not anticipate was the great inner strength that God had poured into his people, with vision and knowledge and initiative until they came out of W.W.II we came out with power for our flag flew from one end of the earth to the other. We had thrown a protective wall around nations to protect the earth. There was now around the Soviet Union, because we now had evidence that she had no intention of living in the world as a free nation should live. We should have known that you cannot have a free world when you deal with the Anti-Christ and the powers of darkness. For the past 8 years we have watched an Administration which has continued the policy of surrendering areas of nations to the enemy--willingly--but by being so determined to keep Peace on earth, and in this process the enemy has taken over large parts of the earth. Communism has taken over lots of Asia that they did not hold a short time ago, and is moving into Africa and Latin America and has even taken Cuba just off the southern border of your nation. We watched these areas moves of Red Russia while our nation runs around all over the world saying--no-no--you can't do this.

We have gone to every extent short of war to try to gather the world to block the advance of Anti-Christ, but I am going to tell you that in all of this process the enemy has moved steadily ahead with all the violations of law. He now by these violations holds over 1000 of our men, prisoners behind the Iron Curtain. In all this time we have not had a principal man raised up to tell the nation that God has ordained:--this is enough --we can be pushed no further. Whether you know this or not, you are closer to the hour when God is going to raise up a man in this nation who will challenge the Soviet Union, and this nation is going to move out against the power of the Soviet Union, and it will not be a small thing because the Soviet Union intends to move. She will try first to seize West Berlin. We knew two weeks ago thru our channels, that the Soviet Union was gathering the hoards to come against West Berlin, and the Chinese man power was feeding into east Germany for a test of strength in Berlin. Last week they were stopping trucks and the information says that before your election they are going to seal off east Berlin, because they think there won't be enough leadership to do anything about it at this time.

The Red threat is also showing in the Congo. They have been bringing in more equipment into the Congo and tomorrow before the U.N. they will charge that America and Belgium and the Western world is the aggressor and only mother Russia is the protector of the Congo. These happenings are a sign of the times in which you live, this tells you that not only are you in the time of Jacob's trouble, but that the enemy is getting ready to move. God Almighty says the enemy will move so you can be sure that he will. I turn over here to the 38th chapter of Ezekiel, and this is the record of what God has to say to the Prince of Russia---God says to his

**prophet:--- 'Now you prophecy and set thy face against Gog and the Land of Magog, the chief prince of Mesheck and Tubal and prophecy against him. Gog is Russia therefore saith YAHWEH:--I am against thee oh chief Prince of Moscow, and Tubal. I am going to turn thee back and put hooks in your jaws, and then I am going to bring you forth with all thy armies, all your mechanized armament, all of your horses, all your hoards, every weapon which you have shall come forth. You will move into Persia, and into north Africa and into Libya, to gather your armies, then you are going into parts of Asia and into the areas which Gomer has won.**

**Gomer was the wild Asiatic tribes that rode and struck with old Assyrian Asia. Also the people of Togarmah are not the people of Poland as some would have you think. The savage tribe of Togarmah were those who rode on the north flank of what was once the great hoards of ancient Assyria. In the days of Genghis Khan as he rode out of the steppes to strike Europe, came the tribes of Togarmah and they rode the northern flank of the army of Genghis Khan. They went down into Finland and were hurled back from that area. the people of Finland are the people of the tribe of Issachar and prophecy stands for this people. Some of the seed of Togarmah was sown into the Slavic people, but predominately in such lands of Romania and Yugoslavia today they are still a land of tall white men and women, even tho the Communist have ruled over them, have taken their land. Tito is a Communist but the majority of the people in their hearts hate and oppose Communism. They are in their hearts Christians and they are a part of Israel and someday they will be delivered. One third of Israel has been swallowed up -- prophetically by the armies of Anti-Christ --in your time. So in this instance as we look out over the development in the world we see the people who according to scripture are to be taken over by Russia in her first attempt to gather her full power as already behind that iron curtain. In fact the Asiatics who are referred to as Togamarah in the scripture are the people who now occupy the areas of land from the Yangtze river of China to the Himalaya mountains. When it says Persia it says refers to all the areas of the Middle east, when it talks about Ethiopia it is talking about north Africa. Everyone who dwelt in North Africa was called at one time an Ethiopian and that did not always mean he was a Negro. At the present time when they say:--a Leopard does not change his spots and an Ethiopian his skin, in this instance they are referring to a Negro.**

**Now; there are silly preachers and I thought it interesting when one of the silliest preachers in the world came out with articles that you could find in Times Magazine, and in the Saturday Evening Post, and in Life Magazine, and this silly preacher by the name of Billy Graham said:--Peace in the world must be won by Christian sacrifice and spirit, we must be willing to integrate, to inter-marry. We must be willing to do this on every level, from Africa to America. Then he said:--I want you to know that the first convert to Christianity was an Ethiopian Eunuch. So let all Christians realize that they should gather the African in first, and we should follow that order today----SILLY.**

Well it happens that this Ethiopian Eunuch was of Israel stock who was as we learned later the man in charge of the Queen Treasury from that area , and the kings and Queens of Ethiopia were white men and women and for years and years they held this color line before they were absorbed by mongrelization. Now; I think we might follow Billy Graham's idea if we could make Eunuchs out of all Negroes. That would end our Negro problems fast. But the instance that is being suggested here is the design of fallacy of this hour, is to surrender to thee world program and world design of Lucifer. And so we are watching exactly what the scripture says concerning the Russian hoards as these events come to pass. Now Russia has more man power under her banner than any power on earth. Red China has more man power than any single nation on the face of the earth. They have 30 million fighting men, and they armed and ready to march. For the last two years we have had on the part of Red China--which is also a part of Magog--threatening and warnings of danger to America. In the last two weeks these leaders in China have been talking of the great day when they will be coming against America, looting your homes, and carrying off your women. I listened to them on short wave--as they beamed their broadcast to Peking, into Hong Kong, and into Singapore in English and I listened as they said:--the day is coming when the rising destiny of the world is going to be in the hands of Red China. We will wipe America out first as she is the center of opposition to the world revolution of the workers of the world. They said: --The Campfires of Genghis Khan will burn once again. Then speaking in Madras, India one of their spokesmen said: ---the Campfires of Genghis Khan will burn again. This goes to show you that while aggression can be committed against these lands of India and Asia, still they will let speakers come in and rile up the people. And for years and years India has voted against you and with Russia.

Therefore there is nothing that you can count on out of these Asiatic people, and you don't want them for your allies. A lot of people think we should find some method to accomplish the ideas of General Eisenhower, as he told all these pagan people --we will tax the American people and we will pour out their wealthy upon you people if you will just stand with us. Then if the Russians attack then we will come over and save you. Let me tell you something. We should sever every alliance with every idol worshipping country on the face of the earth. We shouldn't tax one Christian to support one economic or military program in the heart of any idol worshipping---Voodoo society. We should not use one unit of our energy to save the Negroes of Africa. We should not do anything to protect any country of Asia that worships Devil gods.

Now lets turn to what the scripture says and we find God saying:--'Remember Israel that you do not have to make alliances with nations that do not know Me. He said in Deuteronomy that you do not have to be afraid neither of any nation that is bigger because--'thou art a holy people unto YAHWEH THY GOD.'--And He has chosen you to be a special people unto Himself, upon the ace of the earth. Not that you are more in numbers because you are the fewest of all races. But God Almighty said:--Ye shall not say in your heart that these nations are mightier than we are, and how can I possess some of their power. God Almighty has ordained that you are going to

**come into power, and then the powers of darkness and evil in the earth are going to be broken by you --with power of Your God.**

**Now; listen --Ezekiel 38---You Gog are going to prepare yourself and all of your hosts, and you are going to come against the people of Israel, which God calls his great mountain. That means that the hoards of Asia are going to attack Norway, Sweden, Finland, Holland, Germany, Denmark, Italy, Spain and France as well as Britain. They will hit Berlin first to create a situation, and then will move on many fronts. They aim to knock out the U.S. on the start so that we cannot help even ourselves. (Here in 1994 we see that they did just that back in those days but )--God says that they will use air power, and they have that air power, but don't let the Democrats fool you as you are not about to fold up, as a weak second class power. Don't let the Democrats fool you the kingdom of God is not a second class power, and you are not without weapons and ability. One of the great technicians of your race, a man of great wisdom and ability in the field of science of and rocketry just returned from Europe and he passed this message along in the last 14 hours. He said if the Russians start this thing we are going to burn the Russian cities to the ground. This man just arrived from western Germany, he said, sure it looks fearful.**

**Well if you have read the book of Ezekiel as it should be read by one of Israel, then you have read about the flying swords of Israel. Do you want to know what a flying sword it?---I think it is an atlas missile that goes up into the sky like a horrible star, and God says your flying swords are going to lay the cities of Asia into powder and dust. When you stop to realize that was written 700 or 800 years before Christ when these men did not know anything about flying nuclear weapons and great explosions---yet God Almighty had Ezra write that not only will a star burn above these cities but those cities will be turned to powder and dust. No wonder the scriptures talks about the world order passing away as elements dissolving in fervent heat. God Almighty says hat they are going to come like a storm to cover the land, they have the air power, and they will come like a storm out of the skies with paratroopers, and there will be a white man on the ground to take care of each one as he lands. Oh, you say that isn't what it says---well-----**

**The scripture says: They shall come against the mountain of Israel and at that time all these things shall come into their minds, and they shall think all these evil thoughts, such as:---We will go against this land where they don't have walled up villages, where they do not have an army post between each village. We are going to this great land which has the wealth and great prosperity. Where they don't have a military encirclement of their cities, where it will be easy to take a spoil.**

**About the only place in the world for that to be is the U.S. and Canada. If you have traveled around in Europe you will soon see that they have fortifications, and walls around cities, and army barracks everywhere, and every hedge-row is a machine**

gun nest. All Europe is an armed camp. The only place where you can travel without some one asking for your passport is in this great nation under the outstretched wings of the Eagle. This is where there is loot to take. So the Russians say: --we are going to come against this land of un-walled cities and take a spoil and a prey---which is to carry off your women. And destroy your homes and make desolate their habitation. They want to destroy all the people of God's kingdom who have settled here, for they were gathered out of all the nations of Israel.

Yes they know that people out of all of God's kingdom have settled right here -- America is not a melting pot as some people say---America is the greatest fusion of God's Israel of any place in the world. You are the great nation of the outstretched wings of the Eagle, the mighty bulwark which God has raised up as protection for the nations of his kingdom.

So the enemy will come to take a spoil, but God said:---Now; Ezekiel , my prophet, you say unto the Prince of Russia, thus saith the LORD:---In that day when my people are dwelling safely and you know this, you will come out of the sides of the north parts with all your mighty hoards, and you will come against my people, Israel--you will come as a cloud to cover the land, and this shall be in the last day--the latter days. This is now the day that you are living in, the end of an age.---So God says:--Yes I will bring you against my land, then all the heathen are going to know that I am going to be sanctified in Israel. Then You oh Prince of Russia, before their very eyes -----art thou he whom I have spoken of in old times, thru all times, by my servants the prophets? And I said: --that after many years---in those days after many years, ye would be brought down against my people. All the prophets of anti-Christ, all the hoards of evil are wrapped up in this symbol. It shall come to pass that in that time the Prince of Russia shall come against my land and the fury shall rise up in MY face.

There has been disarmament conferences going on ever since the end of W.W.II, and we have been sending ambassadors and representatives and special agents and every where they have been going on and yet we get no where because the Soviets wreck the conference. Now we understand that the President said:---We will not shut our eye to any avenue of Peace, so we will keep on going to the conferences but we won't disarm before hand. Well they have us conned. To show our good faith we are to cut back on all our armament programs and have slowed down our missile program and our aircraft production, and we have put people out of work and slowed down our economy with this program. We must step up all this once more because God is telling his people that this northern army of Magog is going to attack. He wants us to beat our plow shears back into swords, and quit worrying about plows and farm tractors that we have to use for farming. In the first place if you want to know how to take care of the farm surplus--then stop making it. You don't have to feed the whole world. Nothing says that you have to produce to feed your enemies. Just shut down and start doing something else, and eat up your surplus. Let the American farmer have the American market and he will thrive on

**it. Stop bringing in things from all over the world and taking that market away from him.**

**Mystery Babylon has all kinds of fallacious ideas to bind you with. You are to make weapons to protect yourself. Someone says you don't want to put your faith in that army and that steal. Well put your faith in the Almighty God, and his ability to put his spirit in your fighting men, that spiritual power that David had when he held off 500 men with just two men in one pass. You ask God to give your fighting men strength and immunity of immortality so they can turn all the power of the enemy that comes against them, for this is what God wants you to do.**

**Oh, you say:--But God doesn't want us to use a sword? Well that is silly when HE comes with a sword to destroy his enemies and the blood flows to the horses bit. If you follow Christ in the hour ahead you will have a sword. Therefore God Almighty said: --There is going to be a great shaking in the land of Israel, and all the powers of darkness and all the nations coming against you are going to be thrown down. There is going to be a great shaking, naturally under this tension, in the earth as well. God says:--'I shall call for a sword against communism in all of my mountain, saith the LORD God, and even if a brother is a Communist then your sword will be against a brother.**

**In our nation today the communist are trying to turn brother against brother and organized labor helps with this program. He is trying to do this with the schools, in our churches, and thru some of the knuckleheaded Preachers we hear today, who are teaching and preaching the doctrine and philosophies of the Kremlin. God Almighty makes it clear therefore---that we are going to clean all this out of our nation. Then God says:--I am going to turn on you, oh, Gog and then the pestilence and blood will rain upon you and thy band, then will come great catastrophes and great hail stones, and fire and brimstone is going to drop on you and your armies.**

**Now; we must realize that the western world has tried to carry their civilization to the ends of the earth. All the progress that has been made in Russia has come from you. In fact all the progress made in India was made when Britain was there. The progress that the world has known is when the white race went out on programs of colonization. When did the idea suddenly move thru your race that colonization was bad?--When---if it is so bad you would never have been here. If it was so bad why did you keep pushing out, making state after state? If it was so bad why did you take California from Mexico? Why did you keep pushing out the heathen around you? Why did you do this? It didn't become bad until a Left Winger comes along and tells you that it is bad, because you went into the under developed jungles of the world and removed savagery, when you went in with righteousness and law. -- That's bad because the devil doesn't want you there. What is bad is the U.N. This is an organization that binds the hands of strong men and uses a tiny band of string to**

bind them. That is one of the white horses of the apocalypse, which says:--Peace, Peace--false Peace. It says we will be strong thru unity, everyone hold out his hand, and we will tie all together and you can't then make war with one another. They only tied you with a little cord but you won't beat it because you say, we are a nation of honor, and we are willfully bound. All the other nations of God's kingdom say yes we are bound, but the Soviet union breaks heir cord and does as she pleases, while you say honor bound by a cord she has wrapped around your wrists. The U. N. was designed by the men around Alger Hiss who took their orders direct from the Kremlin, and they got into high places because of Felix Frankfurter and the errors of the Roosevelt appointments. I will also tell you this--there will soon be two appointments to the supreme court and one of them will be a Jew. Especially an Austrian born one and one who spawned Communism into Harvard and put the Wiess's and the Alger Hiss's into high places in Washington.

Once more then we turn to this picture --God said:-- this hoard is going to come. And He says:--I am against ye 0 head of Russia, and I will turn you back and will leave only 1/6th of thee. So again one sixth of them is all that will go back. He is going to destroy them as they come against the nations of Israel.

Ezekiel 39---I will knock the weapons out of thy left flank of your armies and cause thine flying weapons to fall out of thy right flank. The bow in the left hand and the arrows of the right. If you get back to the original meaning you find that arrows are flying objects. So God says:--I will destroy those flying objects -----"thou shall fall upon the mountains (nations) of my people, and I will give thee to the ravenous birds of the air and to the beasts of the field and thee will be devoured. And I Almighty God am going to send such a fire on you --Russia--and among those that try to occupy carelessly My islands that you will know that I am YAHWEH.

Do you know that they anticipate tat one of the projects that the British government may have to do in the near future is a mass evacuation. In case of war with Russia. They plan to evacuate as many of their people as possible to Canada, the U.S. and Australia and into New Zealand. It is a possibility that some of those hoards will land on HIS Island, and if they make it then it won't be long because God says: --I will destroy those who dwell carelessly in my Islands. (Well many black and those of India have gone into Britain in the past few years and they are dwelling there carelessly --as they do not help the country, rather they are tearing it down. And many Britons have left and gone to other Commonwealth nations. This could be part of that prophecy, for now Britain is beginning to talk of removing those that came in as they can't afford them. )

God said:--I am going to make my Holy name known in the midst of my people Israel, and I will no longer let them pollute my holy Name, and the heathen shall know that I am YAHWEH the holy one of Israel.

Now; you say:--what is going on all over the world? Well God Almighty told you that trouble is not far removed. He said:--Now my people thou hast increased the

**nation, and God is glorified, and he has removed his nations to the ends of the earth, and great nations are now --My people Israel. And they have pushed colonies to the ends of the earth and even branches into the dark places of the earth. Now the enemy is gathering the hoards of Africa for a revolt against you. They have taken over Ethiopia, they moved into Ethiopia with the 5th column of Mau Mau and the Witch Doctors, and they brought down that government which had stood for centuries, and then this world government comes along and starts to talk about freedom, but you remember that God said:---Thy dead men are all going to live again -O Israel. Every one of them are going to live again, even as my dead body shall arise. Just as the dead body of YAHSHUA --Jesus arose --transformed, so shall every last one of the House of Israel be raised. He says:--awake and sing O ye that dwell in the earth, for the earth is going to cast out all the bodies of my people.**

**I want you to know that in this hour in which we live there are lots of people who do not know what is going on, and God said:---Now --you my people, come out of those areas and from among the heathen and the dead. You come out from among them and you go into your chambers and shut the doors, and you stay there for a little moment until the indignation be passed.**

**Do you want to know what is happening as the air craft of the outstretched wings of the Eagle is flying the Belgium people home from the Congo, and as the white people are getting out of Kenya? Do you want to know what is happening in Rhodesia right now as that fighting is starting? The powers of Anti-Christ and evil and the spirits of demons are possessing these dark and uneducated people who are of the beast pattern, who possess no spirit such as you have. Now; these people under the power of evil are rising up and you are out numbered 1000 to one. God is going to bring the white man home except for a few areas such as in South Africa and maybe Rhodesia, the places from which no black man lived in the beginning of those countries. They may be able to hold out but for the rest of the world, the white man will be going home, --for a little while.**

**Then after the white man leaves, God is going to pour out a judgment on these areas such as they have never known. We turn to what God said:---You will go into your chambers for a moment because the Lord is going to come out of his place, and he is going to punish the inhabitants of the earth for their iniquity. And the earth is going to disclose their blood, and not be able to cover the slain of the world order that has come against his kingdom.**

**As for me, I like it that God is on our side. It is now God with us and for us for his purpose, because you are the children of his kingdom. He says:--I will not only make this come to pass, but you --O Prince of Russia--the only thing that we will let you have in Israel is a place to bury your dead. And he also said:--It will take 7 months to bury your dead, and the people of the land will know it is a renown day as they bury the dead of the enemy who sought to destroy the kingdom. Also they will sever out men who are not employed for this job and it will even take some that are continually employed to bury the dead, of the enemy and cleanse the land, and God**

**Almighty says:--that the birds of the air will have feasted on the flesh of the mighty and powerful men of that day, and the house of Israel shall know that I am the LORD their God---FROM THAT DAY FORWARD.**

**And He says:--when I have brought again my people--released from their enemies and have set them apart in my sight, before the nations, then they shall know that I am the LORD, their God. When I have liberated my people from the enemy, when I have broken the enemy everywhere, then no more will I hide my face from them, for I will pour out my spirit continually upon all the House of Israel forever, thus said the LORD God.**

**Listen then--O Prince of Russia, God Almighty says that you are going to come but he is going to destroy you. So don't you let fear have any part in your thinking. Any design by which you think you are going to get Peace by bowing to the enemy is already marked, by God for failure. I would just get strong and tell the enemy to get out. I would tell the enemy --you don't shoot down any more of our planes or keep back any more of our prisoners or we will blow you off the face of the earth.**

**Some one says: --O we shouldn't take such an aggressive attitude, well there isn't any one with more force in this situation than My father, and no one with more grace and love, and no one thru out the ages of time has as big a plan for even these Russians who are going to be blown off the face of the earth than he has. But they don't belong here challenging the kingdom of God, in the hour when God intends to produce the greatest demonstration of the power of His kingdom on the face of the earth.**

**Now; lots of people in the kingdom are worried about these people in the ends of the earth, they worry about their eternal soul. There is such a thing as an Eternal spirit. The soul will have to be resurrected to its decision and to its judgment. But I am going to tell you that there isn't anyplace the consciousness can go that God can't find it. There is not anything said about destroying something of that nature and that is the end of it, until we must sit down and weep bitter tears about it. The only thing we should weep bitter tears about is that we have let the enemy run and let them do all these things they have done, and we did not stop them before this. God Almighty is not going to let them wipe you from the face of the earth, so don't let any one tell you that they are going to do it. I can tell you what will come closer to wiping you from the face of the earth, and that is this tax that Mr. Kennedy proposes to give the wealth and power to Africa and Asia, and to the ends of the earth. That my friends will help to weaken you until you would fall. But let me tell you this. The greatest menace of your time, is this doctrine being delivered to you that you are to integrate, and absorb all these mongrelized masses of the world, that hate your God.**

What Russia has done, and the U.N. has done in Africa is quite evident, and it is fulfilling its prophecy, but the thousands of times the white women have been raped and even little girls by these jungle beasts, and the burning of schools and the burning of churches, the savagery of these individuals proves that you can't have any civilization developed in them unless you hold the rod of the law of God over them. The moment you turn them loose they burn down their own assets. You say oh that was the jungle cannibals --no that was the cannibals who were dressed up. In the August first U.S. and World News was the great piece of literature, it tells you exactly what is happening. Its telling you that it was soldiers on the payrolls who went to school and were being trained, that were the ones who turned and brought the attack on the white man who had given them nothing but benefits. I want you to know --that out of this savagery it tells you one thing--God said let them know who is Master. And yet you let the U.N. tie your hands with little reeds, and Belgium economically forced by mystery Babylon let those jungle beasts have independence in the Congo, and then Mhumbuto comes over here and is wined and dined and the paper tells you that as soon as order is restored, those who raped the white women will be the ones to whom the U.N. turns the government to.

Let me tell you, there are white men preparing for a vendetta, these are white men whose women were ravaged. They saw all their possessions go up in smoke and many of them couldn't get out. there is a rumor sweeping the Congo that these men are dedicating themselves to the wiping out of these beasts, who are more deadly than the lion or the other great animals. So don't think there is any peace in store, there is no peace, for Russia want many things in Africa; she wants the gold and the diamonds, and in Africa you will see again the evidence of the fulfillment of this prophecy, as Ethiopia along with Asia and China gathered for this hour. Thus it is a time for men to get strong and to tighten up the line.

We are being threatened with Nuclear destruction. Some scientists tell us that we are about to be wiped from the face of the earth. But let me tell you this--the Peace time use of the atom is more dangerous than the war time use---why? --In one months time the nations of the world have been burning in the nuclear reactor plants more isotopes and more matter of nuclear substance for the power of the cities than all the war time experimentation put together. They are putting more of this iodinated substance into the atmosphere about 13 or 14 miles above the earth, and we don't feel it close to our bodies where it can burn our skin. But that radio activity builds up in that level at the 13 or 14 mile height. Strangely enough the scientists of the world are telling those in Washington, don't stop making weapons because you won't use them until they are necessary, and then tell them that --that time would be soon over, but the Peace time use of atomic energy builds up the upper atmospheric levels of radiation. I can show you something prophetic that relates to this time. We have had thru the Peace time use of the atom and all the military uses, an increase in the radio activity at the field level where all of these radio active ions and all of the particles are assembled---an electronic temperature rise off one degree. That is not heat in the earth, that is one degree in the temperature of radio activity or milielectrogens of electrical activity. This has in

turn caused a difference of 7 degrees of heat temperature to increase all over the earth --this year. This will increase each year because they are building more nuclear reactors for energy use all over the earth. I think that you will find that as the temperature rises in this belt above the earth, that static electricity will feed back thru anything that will carry it, and every cloud that begins to form will be effected by this static electricity until they can't form and gather moisture for rain. But they are so charged with static electricity that you will have forest fires, and more fires and no rain to put them out.

When that happens then we see the book of revelations and its prophecy:--yes the sun gets hotter than ever before and it scorches the earth, and some men curse God, and they can't find death and we see great heat scorch the earth. ---Alright, you are watching this thing build up. I am going to tell you this. I think you aren't going to let this thing go to far because I think God is going to shorten the time for the Elect sake, or you might not live. I am going to tell you something you may not know. That when Radio activity becomes intense, or the enemy drops the bomb, who do you think will die first? Did you know that radio activity will kill a Negro 2 millirectigens of degree before it makes an impact on you. They have discovered that the black pigmentation of the skin of a Negro makes it harder for him to resist radio activity. And in any area of radio activity he suffers most. Even in the experimental bunkers in the tests in Nevada and in Utah, the Negroes who were close to it were all almost permanently hospitalized and it did not effect the white men. Well, I think they better leave here if we are the target area, they are sure to be removed if they stay. Some say that any day now they may hit Washington. Well, there won't be many left if they hit Washington D.C. They say that Washington will soon have a black mayor, if they let the Negro have control of the capital and they are 70% of the population then we better remove the capital or the population. I only tell you this because danger can envelope whole structures of unassimilatable societies before it destroys you.

You are living in one of the most important times in human history, and the greatest insurance policy you can have is the promise of the MOST HIGH GOD, that a thousand can fall at thy side, and 10 thousand at they right hand, and no harm can come to you.

To be enveloped in the Shekinah Glory of God, to know that you are a son, and to claim Eternal life, to claim promises that you will survive, that you are going to be immunized with the immortal capacity to survive in the midst of this trouble with this Northern army is as Joel says:----It is your promise to claim.

I am going to tell you this, that this great nation of God's kingdom will still be a great nation of God's kingdom when the last hammer and sickle is gone. We are going to stop most of these flying weapons and they won't come near you. not only

do you have interceptor rockets, but you have standing by you--whole fleets of heavenly hosts who will intercept and turn the rockets back on the enemy. Last night there flashed one of them great super ships of space across your south land. It came down from the north then came back again. They saw it in Lancaster, and at Whittier, highway patrolmen saw it. This is only one of many that move around and they are not meteors. They are the whole fleet of Michael standing by; to see that not one weapon of the enemy will destroy the children of the kingdom. Someone said:--I can't believe this --unless I can see it. Well you are just like Thomas and you will see it. Someone said they were preaching:--'Woe to the man who does not see or believe. But there are many who do not see nor believe because they do not know any of this. God Almighty is going to say to the doubters:---I am here --come put your finger in my side. I am back--know and believe. I am the same Messiah --I am here ---you saw the ships. This is your brothers standing by.

Now the next thing you start worrying about is where will we put all the people? --- Well a lot of them will be gone for Jesus said:--every plant in the earth that my father (spirit) did not plant will be plucked up by its roots and put back in the garden where it came from. Suppose I tell you that before God's plan is consummated there will not be a Negro even in all of Africa. There was no Negroes on the earth before the fleets of Lucifer were confined here. There was another race here but not the Negroes. It was not until Lucifers rebellion and the great fleets of Michael pinned the fleets of Lucifer here, and then destroyed the ships that any Negroes appeared on this earth. And the history and antiquity of the ancient nations demonstrated this. So they will go back where they came from and that is for their well being, and for their welfare. Did you know that there is not a Jew who belongs on the face of the earth either---why? Because they are the unassimilatable offspring of Lucifer and fallen Angels who sowed their seed among all the people of the earth. They don't belong here and will be taken out to the constellation of Ara out on the edge of your visible space. --You ask:--is that Bible? --Yes that is bible -- what is to be done with some of the others? Ancient Hebrew referred to Africa as the pit, and some of them are to be locked up in the pit. Did you ever think that some of them will have to pump out those jungles. The days are going to come when not only are the powers of darkness going to be defeated, but they are going to be put to work under the authority of divine law.

In the fullness of time all these things are going to be consummated. You are even going to see the day when taxation is going to be abolished. That will be consummated because God Almighty is going to operate His kingdom on altogether different principals. There will be plenty instead of scarcities. There will be no poverty in his kingdom. The Communists and their agents have made poverty in your nation, and their influence has effected your lives until you have robbed your substance. You may say that you have more things than ever before in your lives, but you don't know how long you are going to have them. But under the principals of god's kingdom you could have produced far more than you have produced under Lucifer's influence. You could have put the whole world in order with the laws of God, for that is God's plan.

We will talk more about this next Sunday---you will say that we could have said more tonight but we could talk until the millennium --if we talked about all that you would like to hear, and then you and I would never get home. -----end of message.

## **THE GOSPEL OF THE KINGDOM    11-20-60**

by **DR. WESLEY SWIFT**

As we turn to the subject --"The Gospel that Jesus Preached", there is probably nothing more important for you and I to understand than to think, and to know and to activate the thoughts of God in a physical world. It is most significant for us to realize that communication is the most important thing in the realm of the great operation of God's Kingdom. From the day when your race was placed in earth until this hour, communication has been an important thing. There are many who wonder when they talk about the Gospel that Jesus preached. Just what does that gospel consist of, and just where does this Gospel exist, and just what does that Gospel indicate? That Gospel has many interpretations and we have heard many Denominational approaches to it. We have heard that it is considered Good News--that this Gospel is of GOOD NEWS. It is true that the Gospel that Jesus preached - -the Gospel of the Kingdom is certainly the most unusual and tremendous of the 'GOOD NEWS' that can be delivered. It is the news of redemption, to a race that required it, and was certainly of Great importance to them. But the Gospel that Jesus preached was the declarations and purposes of God's plans in the earth. Of what He expected out of those who could react and perform, and carry on this responsibility. When we talk about the Gospel that Jesus preached, it is not the Gospel that many today declare it to be.

How often we hear the Gospel summed up by so many movements and denominations, as the Salvation that God had prepared so that He can take the people who accept it back to heaven. How often we are told that this is the message which was given to all people of the world by the vehicle of the church. It has made no distinction between the people of the world, and of whom they are, or where they came from, or what their abilities are. In fact in most of the churches of today they, they do not know anything about their background, or their origins, or their capacities to respond. They believe that the differences in the races stems from their background of conduct or their disobedience, or obedience to the things that God ordained since the days of Adam. Thus it is that it is hard for them to understand this Gospel that Jesus preached, because they do not approach it with a foundation of understanding which is essential for the development of this truth. This idea that the whole purpose of God was just dealing with one planet somewhere in his universe where so many different species of people were visible but all related, and somehow through some strange development of curses they became changed in color, changed in appearance, and in their capacity to respond---fantastic. Then also

they theorize that salvation is somehow just to bring them back to the origin from whence they came, and to produce for them a route to get somewhere into heaven.

Therefore I want to tell you that the Gospel of the Kingdom, and the content of this Bible was not a story of the process to get the people of all the races, nations, and colors into heaven. This is not the design of the Book. The Gospel of the Kingdom was never prepared to get the people of earth into heaven, who would be strangers there, whose Spirits never came out of there, and who today as a people require Salvation. That is not the salvation waiting for them. More than this it is not the major objective of God to preach a Gospel to get back into heaven His own children. If the major purpose or objective of YAHWEH in sending His race into this world, to accomplish His purposes, was to get you back, then it wouldn't have been necessary to sent you out in the first place. Since the Spirit of the Children of God were with Him before the world was formed, and since they were blessed with all Spiritual blessings in heavenly places, before the world was framed, then there was not design on the part of your Heavenly Father, to gamble with the possibility of sending you into strange and far off environments. And just maybe---get you back again. Thus He would have to devote His attention and time to redeeming His own people and bringing them back into His own presence. I think it is most significant and important that we understand that there is nothing in the program of God's Kingdom or anything He has purposed to do that is left to chance. There is nothing in His operation that has a question mark upon it. There is no development that shall take place in history or in the future, that is unknown to the mind of Omniscience, and does not have the conditions poured into the environment in which you live to bring about the eventual impact and the final results. When we deal with this Book, we are dealing with a positive plan and a positive program. It is something that God Almighty has ordained from the beginning and something He is bringing to you. And when I say that the most important thing for you and your race today is communication, I mean by communication that we understand the thoughts of YAHWEH, the mind of YAHWEH, and the understanding of the purposes of HIM and His plan is also in this communication. This Bible contains within it a continued source of guidance, advice, direction and assistance from the complete Omniscient mind of the Father, and this is the MOST IMPORTANT thing that you can possess.

When we talk about the Bible, we speak of a collection of books. These are books which record the experiences of men of your race in the earth. Much of this experience is in the realms of the contact of God with them, communicating with them, unveiling for them, or inspiring them to record for future generations things He wanted them to know, and things He wanted them to understand, and purposes that He wanted them to perform. Thus it is again the most important factor for your race is the accomplishment of the objective which is---THE KINGDOM OF YAHWEH IN THE EARTH. That objective requires constant communication with the Father. Thus we see again that it is for this reason that God sent your race to earth. Because you had this vision, this source of communication, and could transfer these thoughts of the operation of God to a physical world.

**I want you to know that when the Adamic people were transferred to earth, there were not on the face of the earth, any people who had this vision, this capacity; who could transfer the thoughts of God to a physical world. There were not at that time any people who could receive the thoughts of God or who had the spiritual vision, or could in any way receive communication from the Most High, unless God stood in from of them, or captured their attention, or directed them by means of audio frequency so they could hear it with their own ears. For they had no communication, and they seemed to have had no understanding even it He stood before them to speak. Oh! You say---Surely that would be impossible. For if God stood in the presence of any people, they would understand Him, and know what He was talking about.-----So you really think that???????**

**In the ministry of the Christ, when YAHWEH incarnate in human form stood Jerusalem and spoke, there were many who understood what He said. But also there were many thousands who heard Him who never understood HIM, and they hated HIM and everything He stood for. They were never able to draw the deep spiritual significance out of anything He said. This is why Jesus said:--" You cannot understand my speech because you cannot hear my words." Oh! They heard His words alright. But they did not understand His words. The reason being that the only way the great plane of vision and thought that came out of the mind of God could be understood would be for them also to be able to set up the same image in the seat of their consciousness. There is reason for this mystery --- and it is a part of the Gospel of the Kingdom.**

**As I speak to you today, if you are not the spiritual seed, or the household of God, then what I say would form no picture in the seat of your consciousness. They would be only words passing by your mind. They would be only words and you would pick up nothing out of what you hear until you get an image consciousness in the seat of your being. So that means that the audio frequency has to form a vibratory field of thinking in the seat of your intellect. Deep down in the part of your soul consciousness. Except it does that then even tho audio frequency passing thru the senses, and the ears, carries the impression to the heart of your soul, the fact remains that except you have the same wave length of the origin and being, it will not erect the same picture and the ministry would pass upon deaf ears and accomplish nothing. It is thus important for men and women to know that the program of God's Kingdom requires communication. It requires that they understand what He sent them into the world to do. It is one of those things that rests upon the thinking of men.**

**Now you say---but why don't these people you are talking about rise if God sent them into earth to accomplish all these things??---If God designed and sent His household of people into earth, into those bodies which were to carry His household**

**in the flesh, and if God intended to do that, then why didn't they retain their capacity for mental and intellectual communication with YAHWEH God????**

**I will tell you why. There was an original violation of Divine Law. And that violation of Divine Law mutated a portion of the sense of their remembrance and a sense of their perception. And because of this it required the instance of God's own act, on their behalf, to make this communication once more a part of their lives.**

**It is significant to note that we call this the fall of our own race. That is one of the reasons why restoration and redemption is a part of the Good News of the Gospel. It is one of the reasons why it is called the Good News of the Kingdom. That is one of the reasons why it is necessary for His people to know the words of this Book. It is something to restore you, to renew your mind, to regenerate the consciousness and the spirit. It is restoration of the things you once possessed. When you understand this renewing and restoring, then you understand that it was once something you possessed. And that you are regaining something lost and that is part of the story for your race. At no time during that process of restoring and renewing did it stop the process of your performing in the earth, the development of God's Kingdom, for which you were sent.**

**Today the biggest problem with the people of God's Kingdom, the people who make up the church world today, is the lack of desire and intent of the request of their own consciousness for the knowledge and information of God. You may say that people go to church today to be informed. But a lot of them go to church and never gain any information. There is only one advantage they may attain, and that is by the communion of worshipping together. By the medium of assembling themselves together, they may pick up the spiritual catalyst that comes out of the meditation upon the words of God, but in many instances the directive of those words for the time in which they live never emerge.**

**We talk about the essentialness of communication for this cause. For we find the God came and held interviews with Adam in the early days of your racial history in the earth, to unveil His purposes. He came and spoke to Seth. And He sent His own angels with special revelations to certain people such as Enoch and other Patriarchs. He sent and brought into His own presence, special men like Enoch and others for special instructions, which they were to carry back with them, and to bring these instructions to the consciousness of His own people. He produced and carried on direct contact and spiritual development with His Prophets and gave them direct orders and unveiled to them by vision and dreams. But the purpose was to get across the communication of divine purpose.**

**There lies with you the capacity to think and to understand. You are the children of the Eternal. Because of that, your soul consciousness which is the resident you, dwells within this physical body. It is able to think with all the pattern of the senses. And thus it moves within the video range of light frequency pattern of all the physical senses. Then those physical senses convey the vibration of their impact**

unto the soul consciousness. And the soul consciousness stores up, evaluates, and reports. The soul consciousness is you----you there dwelling in the physical earth as an individual and a personality, find that identity summed up with your soul consciousness, and its thoughts. But you there dwelling on the face of the earth possess something that no race outside the Adamic household possesses. You possess it because you came into the world with it. And it is the medium by which the whole world is going to be changed.--- Inside of you is a Celestial consciousness, and it emerges out of a Spiritual seed which is the great secret of your race. That Spiritual seed is the Mystery of contact with the realm of Spirit. Each of you carries and possesses a Celestial being in which your Celestial consciousness resides. That Celestial consciousness is essence of the very Spirit of God. It was begotten of God before the world was framed. It was sent into the world by the designation of your responsibility into the earth. In that vast hour when God with all the Grace that He demonstrated toward this planet earth, had determined that He was going to restore it with proper relationship with Him, He determined that He would do this by sending into this physical world His own children to accomplish a transition, which lost races under the domination of Lucifer could not accomplish. He was demonstrating the vastness of His purposes, the greatness of His love to all the ends of His creation. And in all this the heart of God was closest to you, His offspring, whose Celestial beings were the image of Spirit of the Living God, and who dwelt with Him thru out the vastness of His universe.

Significantly you and I are not alone in this Universe, and earth is not only occupied, but it is also not the only occupied part of the Universe. There exists many of your kinsmen scattered through out the realm of creation that do not know, perhaps, of the catastrophe that earth possesses. They may have stood on the side lines to historically remember the rebellion of Lucifer, and to know that he has upset part of the Universe, but there are portions of the Universe today where everything is in tranquility and serenity. Where the sequence of their thinking is in coordination with that of God, and the perfection of God. Such conditions in those areas are heavenly, for Heaven is not only a dimension as it relates to the areas in which the spirit resides, but it is also a state of being where everything operates in tranquility in relation to divine law. Where error is not the process of living, where the whole operation of society regardless of whether it is in a far off solar system or whether it is in a Celestial plain in another dimension entirely, but when it operates on the basis of divine law, and when its mental concept is in complete coordination with the spirit of God --that area is heaven. Thus heaven can be a

dimension or a condition. This is why you have been taught to pray;---"Thy kingdom come, thy will be done, in earth as it is in heaven."---Thus for heaven on earth, then the operations of people and of nations would move with the same sequence of events, and the same fulfillment of thought, as the mind of the Creator, and in the way things were put together.

We are aware today of the developments of the elements of earth according to vibratory elements of God's own mind which holds them together. Every atom has been ordained and organized, and you will not disagree that from the far off sidereal systems to the close up solar systems, every element of matter is merely vibrations organized in energy on a fixed seal of God's creative mind. Those vibrations in their positive and negative unite of electricity are set and fixed. If they were not set and fixed you would have nothing that would be laws of physics and chemistry, and there would be nothing that would operate with any finality. But you are assured that the Universe is fixed. That every atom of hydrogen is one electron, and one proton. Every pattern of uranium falls in class 235 or 236. All of these things have been fixed by the mind of the creator who put them all together. Therefore the harmony of all the people of the Universe must operate in relationship to the things formed, and the substance formed, whether the small molecule masses, or the vast sidereal systems in coordination with the processes of that law are considered.

The Great mystery of Life is the very pulse beat of creative force which God has placed in those things of shape and form that he has animated. Thus in the far corners of His Universe we see living things, and in the earth we see living things. We have gaged and set them into scales, and into living families. We have separated them into groups and we have classified them according to their knowingness, or their consciousness. We have evaluated their status according to their ability to be conscious of their condition and environment. And we have discovered that we can sometimes determine this by the size of their brain. It doesn't matter how big an animal is, for it is the proportioned size of the brain to the rest of the animal that is not much brain to activate that body. All this is within a physical sense and a physical pattern, and we understand these principals relative to these things which God gives us the wisdom to understand. We correlate these masses of ideas to form the great background of knowledge. In all this we discover that there are laws of conduct, laws of order, laws of mathematics which are precise in the exchange of good and the adding up of the economy. But when these mathematical laws are violated in practice they bring economic catastrophe.

We know also that when social laws are violated, when the species are crossed, and the line is mutated that it brings catastrophe. Then when we move up into what is classified as the whole human species, we discover that it is also in different categories, and each is different and distinct, as are other creations. So to cross these lines and throw some of these blood streams together will bring mutations. And we end with the destruction of the species. So we must face the fact that God sent us into the world to see that the world is eventually brought back into knowledge and understanding so that it will operate on divine law. When it operates on divine law, then in serenity we will have a condition of heaven on earth, as heaven exists in its spiritual plain, and through out the vastness of the Universe.

God's purpose is clear, from the old Testament thru the new, and Jesus did not preach another Gospel. He did not introduce a new Gospel, he was merely

**introducing the impact of YAHWEH-YAHSHUA DWELLING IN A HUMAN BODY, AND DECLARING THRU HUMAN LIPS WITH ALL THE DIVINE POWER OF HIS EXISTENCE --HIS PURPOSE IN THE EARTH. He did not in any way deviate or change his original declaration of His will or his purposes in the earth. It is most important for man to reach out to the Will and the Mind of God, for this is one of the most important processes that we must learn to use.**

**As we turn through the history of the old Testament and down through the New we find God himself declaring and proclaiming His own Gospel, and we call this --- THE GOSPEL OF THE KINGDOM. Then since the whole purpose of the ministry of God was to bring the earth back under the administration of God's own Kingdom, that then is political, it is social, and also spiritual with its impact, and this is fundamental for the administration of the earth.**

**A lot of people think that the most important thing they can do is to completely separate themselves from any process of activated living in a physical world. In fact a great many people have been taught by their churches, which recognize certain fundamental truths, and by that fundamental sequence of ideas have some contact with all other Christians --they recognize that Jesus is the Christ, and by that recognition they by their declaration recognize that He is the MESSIAH, and they accept by his atonement that he had taken on Himself their transgressions. They think that if they accept that, and state that, and follow a formula that somewhere they will be given a key to get back into the heavens. Many of them think they started here, and it will be a new experience to get into heaven, not knowing they started there.**

**I want to tell you this---your spirit is more at home in heaven than it is in earth. Your spirit is a part of the essence of God's being with a timelessness that reaches into an unknown yesterday, and only brought back to us by the spirit. It enjoys an eternal tomorrow that will never be destroyed because it moves into a greater development, and a better age. When we talk about the fact that you are children of spirit, and that he wants your spirit to activate your consciousness, this is the secret that makes you master in the earth. this is the secret that subdues the darkness, and removes all fear and superstition.**

**Some people think that Christ was the last name of Jesus--now this may seem strange, but they think that Jesus was his first name and Christ is his last name. If that were true then your name would belong in the same category, and you would be George Christ, or Frank Christ and so forth. I am talking about what the word Christ means, and exactly what that relationship has to do with the program of God. The whole theme which starts in Genesis and runs through the books, until thru Revelations is the Gospel that Jesus preached, and I will show you the significance. Turn to Revelations and the Great Victorious passage where the Angel sounds forth his call---:"The kingdoms of this world have become the kingdoms of OUR LORD and HIS CHRIST".**

Now, if any Christian mediated for a few moments on this subject OUR LORD, he would recognize that OUR LORD is YAHSHUA whom we call Jesus. Thus since OUR LORD IS YAHSHUA, or JESUS, and since Isaiah said, "HE is the one that is the Everlasting Father (YAHWEH), and is going to sit upon the throne of David forever, then I think that we have identified, "OUR LORD." Alright then, since we have identified, "OUR LORD", then who is HIS Christ?---The word Christ comes out of the Greek and means the embodiment of YAHWEH'S SPIRIT in the earth in human form, to accomplish the Messianic purpose. I want you to know that it is the Christ in you, embodied in human form that is going to develop and bring in the purposes of God in His Kingdom that He has ordained. Thus YOU are the Christ of YAHWEH-YAHSHUA in the world today.

I turn to the book of Colossians to renew into your thinking these words that God has proclaimed. "In whom God hath made known"---what is the mystery hidden from the ages, and from the generations, and now being made known unto us His offspring, His saints? "In whom God hath made known"---His breathing offspring--the riches of His Glory---the mystery among the nations---which is Christ in you the hope of God's Glory".

As we talk about the program of God's Kingdom, a part of that program is to envelope the earth in a vibratory Glory of the essence of God's own being. To envelope it in such Spiritual force that it will activate every seat of spiritual consciousness in the midst of the earth. To cover the earth with such a light giving force that it will roll back the darkness, and dispel superstitions and build on divine standards. And the spirit that dwells in you, that spiritual seed, that incorruptible seed--and this spirit in you is from incorruptible seed, but it also abides forever. It cannot know death. It knows none of those things that attacks the organic structure. I want you to know that the spirit that lives in you, if it becomes master of the body you live in, can roll back the processes of disintegration, and can stop the powers of death, and can usher in the age of immortality, and a synthesis of spiritual thinking. And your soul consciousness will accomplish that.

This is why God with one vast transition of Spiritual power can bring--in a moment--or in a twinkling of an eye,--a confident reality to every man or woman of your race. He is doing a short work of righteousness. He is opening up the vast horizon of your inheritance so that you might look back and see what your inheritance consisted of. And also look ahead into the plans of what God has in store for you. Within the significance then of this, let me tell you that your soul consciousness has before it, many things. And it cannot merely draw upon the physical body senses for a solution to all these things. Your consciousness is a rather probing consciousness. And men who don't know how they consist, still know that they thinkingly exist. And their thinking attacks all the things that they have recorded of what they believe. Their thinking then sometimes demands evidence of what they

believe. They continually probe and search to convince themselves that the thing they believe is true. If that isn't the way your soul consciousness thinks than it needs some stimulation, some food. Because it is sound asleep. The soul consciousness is continually pushing against the spirit for evidence of the things it believes. And if it is not in communication with the spirit to the point that the portion of that soul that reaches to the spirit is well nourished, it sometimes finds it hard to receive the guidance and impact that it should.

This is again, a part of the Gospel that Jesus preached. For He said:--'I am the bread of life.'--'I AM.'--'The words that I speak unto you are life.'--'I AM THE LIGHT OF THE WORLD.'---'I AM THE LIGHT THAT LIGHTETH EVERY MAN (ADAM) THAT COMETH INTO THE WORLD.'

Here remember that there are men who did not come in, but were created here. That is why these species should never be mixed or mongrelized. For they are different. That is why integration is wrong. And why God designed nothing but good for the people of earth. But they will not find that good by mongrelizing. They will find that this process destroys the spiritual vein and vision of those sent to be the 'light' by which it comes. I want you to know that exaltation without any appreciation of God's Grace will not work. God has placed in you as a people, something greater and higher than that in any previous creation that ever existed in the earth. With this understanding comes a great responsibility. The higher the perception and attainment of the individual becomes, the greater his responsibility to the creation he finds himself in. He that would be great among you, therefore must be servant of all. And when God moves among you in human form, He expended His life in the unselfish service to those round about Him. This is important for you to know. For a great many people today are so busy living just a physical life in a physical world, that they have not taken the time to feed their spiritual senses, to get anything out of the spiritual side of the world. They have not missed the fact that food is essential, and they have not missed any meat and potatoes. So they are getting nourishment for their physical bodies. But they have not been providing the type of Celestial nourishment for that point of conscious contact between spirit and soul, to utilize it. Someone said:--'How do you activate it?' Well--start feeding it a little spiritual food.

When God refers to the vibrations of His own spirit, His own intellect, His own words as food, He is making it very clear that the Celestial nature in you is absolutely requiring and depending upon spiritual food, which is the vibratory field of thoughts like those in the mind of God upon which your Celestial being lives.

Now, the spirit is Eternal. And it will nourish itself to a certain extent whether you know it or not. That is why the Apostle Paul was able to say that your spirit craves the things it had need of. Tho you don't even realize it. And even while you are sound asleep.

Some people can be thankful that God made that little spiritual machine that works even while you are sound asleep. And does a little renewing for you. If not, then some people would have only a little of nothing if it were not for the act of God's Grace. They don't have time to assemble themselves together or activate their consciousness or expose themselves to the things of God. The best way to activate the consciousness and to stimulate the contact between the spirit and soul is for people to assemble themselves, and thus get the spiritual catalyst that comes from the children of God, as they sing the songs of praise to God, and meditate upon the words that came out of the mouth of God. This catechism starts development and starts the reaching out of the conscious point of contact between spirit and soul. You start to feed this spirit while it is in this physical body with the things it requires, and it's overflowing will fill your consciousness. Heavenly food, the ambrosia of Heaven, is absolutely essential to your balanced occupation of earth as the sons of God.

Now, you live down here as Adam's sons without any spiritual food. And as Adam's sons you can get sick and die. Or you can go thru catastrophic upheavals as well as economic upheavals, and wonder why all these things happen. But they happen many times because men are trying to govern their life and existence, and carry out their destiny under the operation of soul consciousness that threw all reason out of its pattern.

I want to tell you that there is a law that God has bestowed thru His life. And there is His wisdom to lead you and to guide you and to bring all things to your remembrance of all things thru which you have passed. You have now passed that milestone. And it is your right to claim this process. There isn't any secret thing that cannot be made known. There is not one problem that can come up before you on which you cannot have Celestial advice.

Now, lots of people invariably say:--'I don't know what move to make.' They then make a decision and that decision is sometimes wrong. And it sometimes brings on economic and social catastrophe. And then you say:--'But what did I do wrong? I thought the whole thing thru.' There are some things so known to the mind of God that in coordination with His spirit, you don't have to think them out. You merely have to be inspired. You need the mind of God on these things. I have heard some people say:--'If I could just pray thru on this thing.'---They have a formula by which they try to regiment their minds and leave the mind open to the will of God. -- Well,--You don't even have to wait that long. For the spirit will give you instant guidance with every necessary problem that effects your life, when you have found the secret of letting the spirit become an effective guide to your conscious thinking, as you let the sense pattern operate within you. This requires a constant realization of who you are. A constant realization that you are the sons and daughters of God. That you are a part of the issue of His spirit. That you have been sent into the world

to build His Kingdom. This is the program. And when you recognize this, you will realize that in that great day, which you no longer remember, you stood with the Mighty Host and sons of God and volunteered to go to earth and help bring it back into God's orbit. And the spirit of God did not accept all the volunteers, but by selecting--He elected--those who would come into earth. You can look back at your birthday and say:--'at such and such an hour, and a day, I was born, at such a period of time. It wasn't an accident. It wasn't a process of chance. Because your entry into the world at that time was known unto the Father before the world was framed.

The word Etheusia means positioning or fixing of the birth of that child. And therefore the children of God, and therefore the race which came into the world, was a 'stream of light' and life from the throne of God. Everyone of you came into the world at a known hour in the development of history, at your known hour of entry. You may say:--'We can fix that time. We can see where the planets were at that time and find out the time. We can see what was rising and what was falling. You can do that. But before the foundation of the world and the creation of this cosmos that you are a part of, and the timing and fixation of that, your Father knew all about it. So there is nothing in this fixation that has been left to chance. But there has been a perimeter of 'will'. God Almighty has released you with this perimeter of His Divine Will. He will permit you--within that realm to make certain decisions for yourself. But within you--you have been compensated for ultimate development of all times.

A lot of people still think that God is still operating with the devil in a great chess game of chance. And that He gambled a few billion souls of His children in the world to see if He could get them back. God never took a chance with a single one of the Spiritual beings of His children. Even tho you have gone thru all kinds of situations and conditions. He knew He could bring all these things to 'truishion', and that He would not lose one single spirit. After all, where can it go? Some day we will understand what the Psalmist said:--'Where could I go that you could not find me?' The mountains are not high enough or the oceans deep enough. And now we find that space does not contain anywhere that you can get to where you can get away from the spirit of God. How do you get away from the spirit which is in constant contact with the Father out of whose life and issue it came?? There is no place in the universe where an individual could get away from God, or where God could not find them.

Now, I am going to add one more thing. There is no condition thru which a conscious being could pass where God would be unable to reach them. If your religion has one of those great gulfs where if they step over that line there is nothing that can be done for you, then your religion is one of those superstitious and primitive religions that belongs down in the Congo.

Now that shakes people sometimes. And they don't like it. And they say, that is not Orthodoxy. None the less it is true. The Apostle Paul said after this--(which some Orthodox people call heresy)--'I worship God.'

Do you know whom they called the greatest heretic of all?---Jesus the Christ.--- Why?? Because He taught them the heavenly law for heavenly sons in a physical world. He brought them a message for the strangers and pilgrims in the earth who were here to stay.

The Gospel that Jesus preached made a distinction and wasted none of His Divine energy on those who could not receive. Someone said:--'Why didn't Jesus just shake them in their emotions and inspiration until they became Christians?' Because He knew what they were made of better than anyone else. He knew that you couldn't hold a revival in a Jewish temple and make Christians out of them. He knew that you couldn't take an issue of Lucifer which was sown in the earth by violation of Divine Law, and was unassimilatable, and by any process make them what they were not. He didn't waste any time on them. And He thoroughly identified them as He said:--"I am of God, and you are of the devil. I came from above, and you are from beneath."

If you, to whom I am speaking are from beneath, I wouldn't waste time talking to you. But I know that each spirit in here is from above. If it were not from above, you would not be here worshipping. Oh, once in awhile, especially on Friday nights, I look down and see that the B'nai B'rith has sent someone to see what I am talking about. They didn't come to get any food. They came to see if there was anything to go to the law about, or if there was something said that would trap us in any way. Now, we are not worried about being trapped, because the words:--"Thus saith the LORD" are one of the most powerful interceptors on the face of the earth. when we tell you that men live by every word that came out of the mouth of the LORD, we are talking about spiritual life. We are on the edge of the era when the spirit is the master when it can roll back the processes which start disintegration in the human body which starts in the seat of consciousness. If in that seat of consciousness, we could suddenly erase the errors there like you could take an eraser, and erase the words on the pages of a book, if you could take the superstitions which are the errors of Lucifer's bondage and those processes you don't have to be subject to, and erase them out of your consciousness, then think what a start in the right direction that would be. Do you know that one of the most deadly errors that effects the little thermostat of your being is the time and the fear that men keep in their thought concerning death? If you were able to suddenly erase out of your consciousness any fear of death, and the spirit was able to take control of every conscious thought you ever had about your relationship to this world, and could reach out of your consciousness those thoughts that you have rejected so completely, there isn't any doubt that there isn't one organic process in your body that wouldn't react to renew the tissue forever and forever. This is one of the reasons why it is quite clear that death is the process of error. And death is the price men pay for transgression. But that was all paid for at Calvary. One of these days the resurrection is going to prove

that. But there are some people who are going to lay hold of knowledge and truth and start applying the principal, and receive light, strength, life, and power clothed in immortality. Even in this interval --before the climactic hour.

Remember the words of Jesus--'He that believeth on me tho he were dead, so shall he live'. ----'He that liveth and believeth in me shall never die.'" these were not just little poetic sentences from the mind of God, for God never relayed error to anyone, but people didn't realize that he was unveiling something to them, and didn't realize the scope of it. Such a hold of expectancy of defeat was lying on the race that they anticipated that every one would die. I am going to tell you that the theory that the churches put out--such as the main reason why they must get men saved so they could go to heaven----this has death at the doorway, and since death is the doorway then you had to die to get there, and in order to get into heaven you had to go thru defeat. The greatest victory you can demonstrate here in earth is the power of staying here. It is the power of putting down the least enemy which is death.

Now; someone says but this is the end time--well, then my friends we should see some of the signs of this conquest materializing, and they have to materialize in the place where you think, before it operates in the field of your existence. Probably it is important for us to realize also the souls deep desire, its probing answer, its request for information. It must become more important for us to have the impact of the mind of God than to possess the things it might have by acquisition.

Some people even think that they should not wear attractive clothes because this would be worldly. They think that by self denial they are bringing honor to God, but you are the sons and daughters of a Celestial Empire, you are the mighty realm that rules the Empire, so you walk and live according to your stature, and according to your ability to understand it. There is no good thing, that god would keep from you and he said;---'seek and seek the kingdom of God first and his righteousness, and all the other will be added to you'. God has not removed the possibilities of wealth and attainment from his people. He has just made it important for them to realize that their spiritual power, and their spiritual capacity, and their spiritual inheritance are so much more valuable, so that they must classify everything in its proper order. Then in accomplishing the objective of earth residence, must be willing to recognize that the individual possessions that they have gained must not stand in the way of accomplishing their objectives. But they must not think this means they are destined to do without the things of earth, if God ever calls on you to make a sacrifice he will restore---100 fold.

I want you to know that the earth you dwell in is subject to you---you aren't subject to it. The spirit isn't subject to the body, the body is subject to the spirit. If their consciousness reached therefore for the mighty power of the kingdom to transform the world they live in, as they were sent into the world to accomplish, then the sons

and daughters of God would know what Jesus Said:---'He came to restore them--'  
These sons and daughters--not born just by flesh, but by the will of God. He came to give them power to live and be, as the sons and daughters of God. Thus the Gospel of the Kingdom was the Gospel of bringing direction and vision unto men and women.

Among some of the groups, I have heard some say: --we don't want to have anything to do with politics, just stay away from politics. Well what is politics?--It happens to be the process where by you select the individuals who govern your nation, and the places where you live. The politics of America are lots better than in Moscow and it still is the process in which government is established. Look at the Gospel of the kingdom that is what you have been praying for all the time.

Thy kingdom come, thy will be done on earth as it is in heaven.----This is a political kingdom as well as a spiritual kingdom. Its is political because it is going to have a ruler on the throne of David, as well as kings and ambassadors, and priests, and it must be on this earth. It is to be brought in by the children of god, and the incarnate manifestation of God which has been ordained since the foundation of the world. You are here to help bring it in, you are here to help bring divine law, and its divine principals and the application of it into every field of your public life. Instead of the church feeling that they should stay out of it, they should be invading politics, every field of it, with spiritual life, and divine influence. You haven't been told of a plan for getting out of here, you are told to occupy, and you have to learn to say one of the statements that the Apostle Paul said out of one side of his mouth while his mind had the guilt complex of the stoning of Stephen. He said he was never able to attain that which he was able to comprehend. He said;--'I comprehend it, but I cannot apprehend it.' But also remember that the Apostle Paul said;---'We who are alive and remain, unto the coming of the LORD shall not hinder those he is bringing with him. Here the Apostle Paul was talking about a great many people who would be alive and would remain alive until Christ stood on earth to join with them in the triumphant taking over of his kingdom. I believe that everyone in this congregation can be here during those events, and can participate in the continuity from now, and unto that time, if they make up their minds that they are going to accept truth, and develop their spiritual life, and spiritual power, and that they are going to do that for the welfare of the kingdom And for their own development and welfare, for if this is the course you chose, there is nothing on the face of the earth, even tho it has Satan as its Prince, that can deny your inheritance.

I am going to tell you this;--God does not want you going second class---you are sons and daughters of God so you can go first class. There isn't anything in the world that is good, that you can't have. The only thing you shouldn't have is something evil. And if there is something that not good for you then you shouldn't have it anyway. The fact remains that anything round about, that you may want, your Father can give you better. There is nothing absolutely nothing withheld from you an what so ever a man sets as an objective he can attain, as long a that objective does not stand in the way of God's kingdom.

Today the powers of darkness have only one field in which to live, and that is earth. I want you to know that earthlings and worldlings have only one concept of living, and that is the acquiring of things. they have only one fear which is pain and death, and in this process they have only one massive enemy whether they know it or not, and that is the Kingdom of God, and the Kingdom of Life and spirit. It is the benefactor that they have but they do not understand it. This is the reason why--- the light shines in the darkness and the darkness comprehends it not. For they know not that the author who created them is still their most important factor of their existence even tho they worship at the feet of idols, or walk in the Communist hoards.

The chief Gospel that Jesus preached was a Gospel of victory, concerning the sheep of his pasture, and you are those sheep and he said---of all these I shall lose none. Concerning the household of his children and concerning his purposes, concerning the far reaches of His Grace he says: --'I call my sheep by name, I lead them out, I give them Eternal life, and they shall never perish.'

Concerning the purposes which are before us----his spirit moved upon Peter and Peter talks about the restitution of all things. Now; I want this thought to remain in your own consciousness---God sent his family into the world to develop his kingdom and that kingdom was to bring every conscious being and spirit into complete coordination with his plan. he had all the time of Eternity to do it in. He had a time plan with certain measures and limitations which we call dispensations to accomplish it. He had a given point in which he was going to thrust himself to give it input, and set free the consciousness of his people.

Now; you and I are on the other side of that point and everything in time and history happened just like he said, and things are still happening like he said. As we watch what is happening in Africa and in Asia we see those happenings in prophecy. We see all these things coming to pass, and we are sure we can trust in the word of the father. Let me assure you of this; we are going to bring to trueition the eventual re-adjustment of every living consciousness in all His Universe. Someone said: how far does that go? What about the devil? Well the devil was once God's Archangel, and he served God, and actually he was made to serve you, did you know that the Angels are not greater than the children of God? They are actually lesser for they were made to serve you. And that Archangel was the Father's Angel, and as long as you have been in earth he has not been a benefactor, but the fact is that at one time he served the family. And the day is coming when Lucifer is going to worship at your feet. The day is coming when down in the Nethermost realm they are going to be singing hymns. The book of Revelation tells us that, and that there are glorious days ahead. The day is going to come when the Glory of YAHWEH is going to fill the universe --that is destiny. That is a part of the program that you are a part of, and are working for, as out of you must come that Light, that power, that Glory

**which you were sent into earth to bring about. And you will do it, even if God has to send you back by resurrection to finish the job.**

**Let me cite this, probably the most important thing people can understand is their responsibility. They search and discover deep depths of the spiritual revelation of their responsibility, and they must find the relationship to life and living. They must discover that in the process of developing as God has ordained---his sons shall come to restoration. They must discover that the most effective thing they will learn is their reason for being placed here. The people who worry the most about the things they think is going to be economically swept away are the people who are being sorry for themselves. The first thing--they are sorry for their tax burden, for their economic problems, and are so busy being sorry for themselves that they never obtain the victory and power which belongs to them.**

**I want you to know that we have to re-evaluate, and the soul has to think with the spirit instead of with the senses. And when it re-evaluates itself then instead of feeling sorry for itself it begins to live with victory. It recognizes that the key to happiness is to make other people happy around about them. That in those they love, and tho the associate with it is the rolling back of selfishness that brings happiness. Since selfishness is a form of self pity, and self attainment which over looks other peoples joy and attainment.**

**One of the first jobs of the sons and daughters of god is to serve those round about you, and in serving them then assist them in bringing them into their realms of responsibility which will make them happy. Also serve, those in need, for you are greater than they. Again remember that He that would be greater among ye must also be servant of all. Probably this finds its greatest revelation in God himself, who held it all together. God himself, who by his vibratory spirit held every little atom in place and operation, he came to earth in a body like you have to dwell with his kinsmen, then gave his life---He the Almighty God.**

**Now; I know what a lot of people would do as rightful rulers of the planet. And if they had a rebellion, they would shake a big stick and put everything in order, and bow the knew. This is coming, but the first thing that Jesus did was to start serving others. He reached out to people and he healed the sick and removed the blindness from their eyes. he spoke truth to mens hearts and he fed their spiritual nature, which thirsted and hungered after righteousness, as their spirits needed this light. Thus we find that God walked among men and found his joy of living in service to others. We find that out of this service, and out of a majesty of purpose, the life of Christ became the greatest historical life among all men who ever lived on the earth. His life had more impact upon earth than all others whose lives had an impact--conquerors and rulers have come and gone, but men still think upon and read and study the life of Christ.**

**We remember this --Jesus would be touched by the passing of a funeral procession, could weep with a mother who had lost a son, could be touched with the emotion of**

a spirit with full awareness dwelling in a physical body, and could know all the senses around about. But in all of this--He was YAHWEH , an He had the power to still the wind and the waves. He used that power in constant and continued service. It wasn't that he thought to make himself comfortable here on earth, for he did not do that, but this was God with everything at his disposal, and he was the greatest around you, but he became the servant of all. I think as we learn to discover the mastery of spirit that the spirit will cause us to do certain things.

A person whether he works for his nation, or for any field of life can develop that which he believes will enhance the whole structure of society. He wants to wage war against the darkness, whether he goes out to do it or not, but Jesus spent some time doing that also. He built a whip and ascended the steps of the Temple and drove the money changers out. He did this for all people of all times so that they would know where God stood on this question of money changers . these rascals he knew, and he knew their system. He used force where it was necessary but he did it for the kingdom.

The moment that you start with a spirit that is fed with spiritual food, a spirit fed with constant meditation and worship, the whole process of life and thinking will cause you to reach out for responsibility and bring you to a service that will bring friends to you, it will take you out reaching for other people until the Christ in you will become so visible that the Glory will come forth. God is going to bring that kind of Glory to every man and daughter on earth who serves.

Now in this same course, with all these processes, the difficulties also come. First is that in serving, one does not have time to feel sorry for yourself anymore. I don't see Christ feeling sorry for himself, tho he knew his destiny. I don't see him finding fault with his destiny. There we are dealing with God's visit to earth, but now we are dealing with the sons and daughters of God sent to occupy. Every power he had--still he said;--'Greater things will you do when you understand how.

So when we talk about the Gospel that Jesus preached, there was within its plans and scope---the arms of the kingdom which are to march. The forces of evil will be defeated and the world will be liberated and the rule will be as the book of revelation says:-----"We shall be Kings and priests and we shall rule with the Christ. There is no doubt about it, for you are ---the Christ (anointed) of YAHWEH, IN THE WORLD TODAY. You are his body, and that is why Peter said:--"You are all living substances simply framed together, growing into a holy Temple unto God."

## **CHILDREN OF THE STRANGER**

by Wesley A. Swift 11-27-60

**Probably one of the most important subjects that relates to our history and our social philosophy in the earth is the knowledge of our relationship first to God as His children. When I speak of this, I speak only of the White race. I want you to understand tonight, that the Bible does not teach that any other species upon the face of the earth other than the White race constitutes God's children. I realize that this statement will not meet the approval of many churches, because they bask in ignorance. And they have accepted in their theology, all the people on the face of the earth as being co-equally sharing in the Covenant and the Promises of God and the content of the scripture.**

**Nothing could be more false as to its origin. For it's transplanting the covenants and promises that God made to your race to people to whom never made it. It is also offering them certain promises as reward for certain action which they do not participate in. It is as false as a policy for you to try to apply the agreement that might be made between two businessmen in this city to all the people in another state or another city and merely say because a promise made between one man and another was good, we thereby transplant it to all peoples of other cities. All we have to do is spread the news of the contract, that all they have to do is accept the contract and that makes it binding.**

**But I am going to assure you the scripture has made no provision for people who are outside of the household of God, are not the Seed of God, and not the recipients of certain covenants of promises to suddenly by agreement lay claim to those promises and thus force an obligation on God to fulfill a promise to somebody He didn't make it to.**

**Now this of course, is to some---rather startling, because they have just naturally conceded that everybody on the face of the earth was recipient of all the promises and all covenants of this Book. This is not only untrue as a foundation, but it must be remembered that this Book is strictly the history of the Adamic race upon the face of the earth. It is the history of God's dealing with the Adamic race and with its descendants. It is the story of who they are and from where they came. And how they found themselves, a White race in earth, in which the civilizations existing of the Asiatic races and also many of the races in between that, and other races to which their blood had been fused. There were Negroids upon the face of the earth who did not originate here in the earliest hours of its existence in creation, but who had been brought here in a migration and revolution against the Laws of Heaven by the great fleets of Lucifer.**

**There are a number of things which antiquity and ancient history now produces out of the artifacts and records of races gone by. We discover that there are whole Empires and whole areas of the earth have been destroyed in wars and catastrophes. That from their evidence and history and from the scrolls, and the records that are found, we find many things today which is added to our knowledge in this time. For we are living in a climactic period and an era when knowledge was to be increased and that has been increased in our time.**

**Alright. Tonight, without taking time to go into all the phases of this foundation which we are laying to establish for you that we have almost 2000 years, now of history. A good assured 135 to 140 thousand years of history of the people that were the foundation of the Sumerian society of the Sumerian race. And we can trace the Assyrians and their background way back into this period of some 132 thousand years, at which time, these Assyrians knew of no White man upon the earth. And when they first record the White race, as having any impact upon their society, it's approximately 7400 years ago. And from whence they came, they knew not.**

**However, they include inside their records the stories that these were the Sons of the Great God Murdoc from outer space who came to earth to carry out His directives. They themselves were worshiping the Chaos monster Kiamak. And who in some of their dialects, they refer to the one you know as Lucifer, or the son of the morning. And the very stories about the fall of Lucifer, who tried by his power to unseat a god of outer space, are included in rhyme and rhythm in their ancient writings upon the plates of Absydians (the Assyrians?) to be found today in the British Museum.**

**We discover that Isaiah, Ezekiel and others actually make quotations concerning Lucifer and concerning the things that are related to him in his fall whose parody and whose prose actually come out of Sumerian records and the songs concerning the one they worshiped in antiquity. Thus showing that they realize that the god they worshiped did not win in the battle of outer space, but had actually been involved in bringing dominion that were under him in the far corners of his own corner of the Universe to earth and here defeated and helped defuse and to mix the ancient species of the races that existed here.**

**As we have cited to you, that the records of Ezekiel make it very clear that the Assyrian Empire existed for ages. That is existed before the days what we know as --Biblical Eden.**

**And when we turn to the book of Ezekiel, concerning this, it tells us that the Empire and the racial streams that supplied the Assyrians with their great man power were so great that the Assyrian Empire was over all the earth in those early days even before Adam's offspring were ever placed in the earth.**

**The stories of Asia go back to the longest pattern of antiquity in human record. The tracing of the people that live today in China and the sea coast of Asia, go back in their background to their having dwelled in areas that are now beneath the ocean floors. We are well aware there have been many geological changes in the eons of existence in which this Universe has had its part and the earth its existence.**

**We discover that places where today the great land masses of earth covered by heavy forests and mighty mountains that once they also were sea shores and in some instances the sea bottoms of yesterday. Ones beneath the waters of the Pacific and the Atlantic are the remnants of civilizations which were wiped out but whose buildings and some of whose artifacts can still be found on the ocean floor. Great**

walls like the walls on Easter Island comparable to the Walls of China, extend for miles under sea, while the last of this ancient land sticks out of the water and has quite a lot of attention paid to it in our time because of the writings of such books as 'Kon Tiki' and others like 'Aku Aku', which have dealt with civilizations and migrations which have occurred in ancient times.

Actually a whole civilization went down in the Pacific and remnants of those people migrated to high land areas during the time of their sinking.

The Chinese talk about the antiquity of their background and how they lived in those lands now beneath the water. The Incas, high up in the mountains of the Andes, almost exterminated in wars that took place after the coming of Cortes and the arrival of the Spaniards who plunged deep into South America, and high up into the land of the Incas in search of the great gold of the mighty gods of the Incas and their people. And the result is, we have had since that time, contact with a dying race and see of it which still remains and the records demonstrate that they reach into antiquity. They tell a two part story. One of which talks about the great lands of the Inca which lie far to the Westward now beneath the surging waters of the Pacific. In fact, the strange tales have a connection between the peoples that live in what we call the South Sea Islands that stretch all the way from Australia to New Zealand all the way up into the chain of Islands closely associated with the Hawaiian Islands and even northward into Japan.

Japan as you well know, is the name of an ancient god 'Yah-Pah.' This was a violation of ancient Divine Law. For Yah-Pah was a 'goat god.'--half man and half goat. Much like the fables goat god 'Pan' who has been played in the mythology of time, who played his pipes and lined all the little children after him and so forth. The facts remain, that the goat god 'Pan' and the 'Minotaur' were connected in the ancient worships of Japan. The word Yah-Pan was the word 'god'

\_\_\_\_\_ and comes from an ancient race who worshiped around certain universal words. And one of the words was Yah---of the oldest words for God. The proper name and identity of God is still 'Yah'. And the full name for the personal Almighty One is known by ancients throughout the Universe as 'YAHWEH.' It isn't just a Hebrew word. The Hebrew came closer to the original language of heaven than probably any other language. We're not talking about 'Yiddish'--- Jews don't have any part or lot in the matter. And there isn't a Jew on the face of the earth that ever came down out of the heavens or who could ever get into it.

Now we realize some people don't appreciate that fact. But that is still true. It is most significant for us to understand that Yah-Pan and the peoples of that island came from what was last of ancient 'high Mu'. And the word Su-Ma-Ra means the last of that 'High land of Mu' from which the Latin word 'summit' comes and 'Sumas' as we know in the Latin and the word 'summit' in the English language.

And so we are faced with the fact, that from the last of ancient Mu, the high points,--the mountains---the high plateaus---the people of Japan live, their highest and oldest society being the 'Samurai' and among the most of the Aktu who go way back. Then the intermingling of the dispersion of races and societies that existed in other phases of Asia have brought a strange mongrel-like type which gradually was to emerge. The present Japanese is a sort of mixed fusion of ancient Samurai the ancient Aktu and peoples who were sent out in exile by the Chinese government because they were criminals. For this cause you have several types of people even dwelling inside the isles of Japan.

I think it very significant that we understand that all over the world we have the records of antiquity including those inside of ancient India. India goes back also for thousands of years, in the days of the King of Tyre. One of the great factors about the King of Tyre who was actually at war with Israel from time to time, and then a contributonal so-called friend at various times---always trying to worm his way in so that he might intermingle the people of Asia with the people of Israel. Actually the strength of the King of Tyre as far as his cultural stock was concerned, came from ancient India. And out of ancient India and its ancient records, we have the stories of the antiquity of these people going back many thousands of years. They talk about the first impact of the tall 'Manu' which in Indian language meant the tall 'White ones.' And the close affinity to 'Manu' was 'Aryan.' The words were used interchangeably in some portions of ancient Indian literature, especially during the period when the Aryan strain which came into India out of Persia, ruled over Persia and strains of it were there even up to the time of the Emperor Jehenagog. It must be remembered in the history of India, many times the Mongols of upper Asia, swept in. But there were periods where the White race actually ruled over India, where it made progress and it had a virtual rise in its wisdom and understanding. And woven into its philosophies were stories of the One and true Eternal God. Of His incarnate manifestations as the incarnate Savior of not only the race which He had begotten, but to lift them up again to carry forward the task of establishing His Kingdom.

The word Krishna, which in India today, refers to God Incarnate, the eventual hope of the peoples of the earth, is the same as the Greek word Christ. And ultimately meant that the soul of God, the Lord of Light and Resurrection, would dwell in the earth.

Even as the ancient Egyptian had a word 'Osiris' Lord of Light and Resurrection. Where did they get this? The Egyptians tell us they got it from the Great White Priests who dwelled in the land of Egypt who were not of their race, but who dwelt there and taught them. Actually, they talk about Enoch and Job who built the great city of On in their own midst. But they go further back to an ancient prophet of their race-- Horus--one of the founders of Egypt. After they had migrated out of the waters of sinking islands, they had dwelt on in the Atlantic and made their way eastward where they reconstructed the society along the fertile valley of the great Nile River. In their stories they then talk about the fact that the sons of the Eternal

God which used to administrate in the High Temples of Alactan, which you today call Atlantis. In the writings that have come to you from Plato and which actually is the reason for you calling it the Atlantic Ocean. But it contains the story of the sweeping of the waters in a great judgement and catastrophe of violation of Divine Law in Lucifers plans for the mixing of the races. In the violation of these principals, a catastrophe wiped out and caused the whole continent to plunge beneath the waters of the Atlantic and ancient Egyptian philosophy tells about it. And they said that God, the Eternal Yah-Putah, of the heavens had a race of Celestial children who administered in the High Temple of the now sunken continent. It is said, they never embodied in human form, but at times these Celestial beings could be seen as they administered the music of the spheres to be heard and they were glowing in the 'white glory' of their Father.

But the prophesies had told them, that the White man would come again. That he would dwell in the midst of the earth and this time in a physical body. And this time he would serve as the guiding influence for building civilization and culture. And they looked forward to that time tho centuries were to go by. And then eventually we find the coming of Enoch and Job into the land of Egypt to carry out their destinies and to build that great city of On and to start their Masonic destiny, as well, within that city. They were to discover the knowledge and wisdom that was eventually a part of the pyramid building and the tremendous wisdom that descended for a period upon Egypt until there came a time the Pharaohs--led by the dark priests of Set and Soth, who turned against them and sought to destroy that which was righteous and holy.

So we discover that the history of the White race is always marked by a certain cycle of first contact with it. And from the furthestmost contact point back which is about 7400 years ago, on up to this present time, the history of the White man is with great impact everywhere.

Now, someone says--what does this have to do with the sons of the strangers?' I'll tell you what it has to do with them. Because you are descendants of that White race. You are descendants of the first White man and first White woman that God ever placed in the earth. Because they were the begotten Issue. They were the Glory of God in flesh form. They were the Household for the Children of His Spirit for to dwell here. And that is the race you have come from. You are a Holy Seed, a Divine Seed, God planted in the earth who are dwelling in the physical vessel and whose purpose is to build His Kingdom. And out of you and out of your own, will come a civilization, culture and leadership the world needs. But by the same process, to preserve this, your destiny, you must also recognize the pattern of Divine Law. You will have to understand the philosophy which God has implanted in your prophets and made known unto your race. You will have to recognize and have respect for your family 'Tree' and your racial background. And you will have to

know that God does not want His household polluted. He doesn't want the Children of the Heavens and the Sons of the Stars to be mixed with the physical earth with peoples who are of a lesser order.--Created species, who by violation in the fall, had even permitted a foolishness to descend over their society. For such a mongrelization and pollution of your blood will destroy your creative capacity in your vision. And would destroy your ability to accomplish the objectives with which you were sent into the earth. In order to establish for one moment, that this is thus true, we would call to your mind, the scripture we may have used before and all of these scriptures thru the years, we have used before. It is essential, however, that the theme be coordinated as we discuss it with you. And thus in the 9th chapter of the book of Ezra, the prophet Ezra talks about the one great catastrophe and the one error that has occurred in your race. And it is when any members of people of your race, the priests--(or the Levites), that didn't separate themselves from the people of other lands, but doing, according to their abomination, they married into Cainanites, Hittites, Jebusites, Amorites, Moabites, Hivites, Egyptians, and so forth.

Now, when Almighty God refers to this, He says:--'They took of their daughters unto themselves and for their sons so that the Holy Seed mingled itself with peoples of other lands.' Now that is in the 9th chapter of Ezra--second verse.

I only want to establish this very clearly. God Almighty talks thru the mouth of the prophet---the greatest transgression that could be committed was to mingle the Holy Seed with peoples of other races and who had not that Holy Seed in themselves.

When you understand this, you will realize the White race has a Holy Seed. It possesses in it the capacity to create and to propagate a society, a wave length of whose consciousness has connection with God, because it is Seed Issue out of Himself. And being a Holy Seed, for only that which is out of God is Holy, it was not to be mongrelized. There is no great condemnation resting upon any individual in this Book for any error of conduct greater than the mixing of racial seed, the loss of racial self-respect, and the bringing down of God's great vein of Life and Power--contaminating His Holy Stream of Life which is to bring Light into the world.

Now, let me cite unto you that this Holy Seed had its origin and its orders of separation. If there is any problem today in our society, it originated in the lack of knowledge concerning the scriptures and history and time and dogma among the clergy and among our social scientists. I believe, today the clergyman who stands behind the pulpit and speaks and declares the oracles of God that does not know truths or race and does not know the orders of God as it pertains to it, is not fit to stand in the pulpit and advise his people because he advises them in error and brings catastrophe upon his whole house. Except he is willing to say 'Thus saith the LORD,' then let him be still and hold his peace.

I think it is most significant that the teaching today that God is a rather cosmopolitan individual and that He embraces all of His creations as His offspring, is one of the most dangerous fallacies. God never embraced the fact that all the

creation were His offspring. He accepts the fact He is their creator. When He made them, they were good. And when He get through with them, they will be good again. But He doesn't say--'I am going to make offspring out of those I have not begotten.' Now is it essential for God to 'father' everything He created.

This idea of the 'Universal Fatherhood of God' is another fallacious factor sold to our society to bring about its disintegration. I want you to know that God created horses. He created sheep. And He created dogs. He created the animals that are in the jungle and He created the domestic animals we have on earth. And all of these things were good. But God is not their father. He did not 'begat' them. They are not of His Issue. They have not the intellectual capacity to respond to the vastness of His mind. They cannot understand the depth of the greatness of God. They maybe have been made with qualities of which many are fine. Many of which we appreciate. And we who are the children of the MOST HIGH, look upon many of these lesser creatures with fondness. They may even become pets associated with your household, and animals of service inside of your courtyard or your barnyard or your home. But the fact remains, at no time does the dog you like, does the horse you trained and which you ride, or does the cat you look upon as a pet---never does it fall into your thinking as offspring. Never does it assume the response or the relationship to you that a child does.---a child who is issue of your life. And any such application of affection that reaches the same status as that of a child is condemned of God as being unworthy of one of your intellect and background.

But it is wise that you treat them with kindness. It is well that you receive the affection of even the animal kingdom which you have treated well. But remember that among these various species which God has created, there is no obligation whatsoever, for you to assume a paternal fatherhood over them. And this extends today to the races which He created as the God over the whole earth. He says--I expect and demand, out of those races whom I have given the ability to reason, in whom I have placed also a mentality and a soulish contact,--I expect them to serve and worship Me as the God of the Universe. I am going to see that every knee throughout the Universe does bow and recognize that I am God.'

There is no promise there, that because God has created them, a reason to all intermingle and to try to mix the genes and chromosomes of their society to come out into one least common denominator. What you get is surely weeds.

The purpose of the MOST HIGH GOD is very, very clear. God is not a ruthless God. He is a kind God to His creation. If His creation works in the pattern of His Law, then that creation is blessed by that pattern of that law. If it violates that law, it brings its own judgement upon it.

Few violations of the Laws occur among the dogs. And mighty few among the horses. Most of the violations of the law come among those who walk upright. Those who also have soulish capacities and with the abilities to reason and to think have falsely been seduced by evil by a rebellious force from outer space that came in

**and effected their societies and moved among them,---an Archangel who rebelled,---an Angel who became a devil,---a mighty power who became the force of darkness.**

**Thus it is that these are historical events in the earth and the grace of God as it relates to the earth is never more manifestly shown then, as when He sent the sons of God to the earth and let them be embodied in human form to carry out the objectives of His purpose.**

**Let us turn, for a moment, back to the things which He had to say. I want you to go to the book of Exodus. For here we have these words. ‘Which God hath declared in the days when He spoke to Pharaoh and He demanded that he not hold any of the race (of which you are a part) in bondage. And He says that ‘thou shalt say unto Pharaoh, (this was God’s instruction to Moses to relate to Pharaoh), that Israel is My first born. Israel is My son, even My first born. (Exodus ch. 4) At no time, anyplace, do you find God referring to any other race and saying ‘Israel is My son, even My first born.’ And Israel doesn’t just start with Abraham, Isaac and Jacob. For the word ‘Israel’ ---these ruling offspring of God---actually is found in the ancient writings of Enoch. And we also found the word was used by Seth in the ‘Cave of the Treasures.’ So it just meant the ‘ruling offspring of God’--rulers with God--God’s rulers in the earth. And the word reused and name given especially upon Jacob, when his name was changed to Israel, is another Divine confirmation of the maintenance of Sonship and the purity of race line and the acceptance of a Holy Seed.**

**I want you for a moment, to return to the book of Deuteronomy, chapter 7, verse 6. For we see the words that God has declared concerning the race of which you are a part. He said:--’Therefore thou art an Holy people unto YAHWEH thy God. And the LORD thy God hath chosen thee to be a special people unto Himself, above all the people upon the face of the earth.’**

**This, my friends, is upon the part of God, an operation which you might well have some people refer to as segregation. Which it was. But it was selection. We hear someone say--God isn’t any respecter of persons.’ What do you think He is? An idiot? Surely God is a respecter of persons. He just got thru saying that ‘I have respected and chosen and selected your race above all the peoples on the face of the earth.---**

**God in the purposeful destiny in which He has pre-destined you, to conform to His own image, has not been a respecter of your race as to the ultimate destiny of His sons, He sent into the world? Do not think for a moment that God doesn’t choose between the light and the darkness. For God not only is a respecter of the origins of individuals whom He selected, but He carries it out to all of those Old Testament**

commitments. And He carries it out thru the ministry of Jesus Christ. We will prove it to you in a few minutes.

So therefore, the Eternal looked upon you and this is what He said to you. He said:-  
-'Therefore when YAHWEH thy God brings thee into a land and ever drives out some of the nations before you, that must be driven out because of the evil they've committed in ancient times and against your race---the Hittites, Girgashites, Amorites, Cainanites, Perezites, Jebusites, the Hivites, seven nations greater and mightier than thou art by number and power---and when the LORD thy God delivers them before thee, thou shalt smite them and utterly destroy them; thou shalt make no covenant with them nor shew mercy unto them.'--to them that was against thee and warred against thee. (Deut. 7:1-2)

Oh, you say---that's wrong.' Well, I haven't time to go into all of the ramifications of that story tonight. But at sometime, we will talk to you about the battles of ancient Canaan land and you will discover that the peaceful descendants of Seth who were dwelling in that land of Canaan and out of that land, went down to build the great city of On. Where with Enoch and Job went 144,000 artisans and craftsmen and left a great peaceful civilization of your race.

But these people (pagans) came down and exterminated and wiped out the children of God and carried such women they could, into slavery and spared not one man, woman or child of ancient Orusalem and set up the cities of Jericho and Canaan. And I think that one thing that should have been added to this book was the writings of 'The Bee', so that it might be known to all Christians in our time. I think if people understood that history, they would understand God's purposes more completely, for the unassimilatable sons of Satan, which is organized Jewry today, this evil offspring---under the book of 'The Bee'--we are told, not always dominated and led the high hill people of ancient Assyria. But they brought them down by mongrelizing with them. And they liquidated as far as they could, everyone of the White race, because they recognized they were the children of YAHWEH. And they who professed that they were the children of Lucifer, wanted to destroy the children of YAHWEH. And when God sent your race back in, He said you take it back. Don't you spare anyone. You cut it all down.

Then the scripture tells us this. Another factor about these people of the other races and other places, is they are not to make marriage with them. Thy daughter shall not marry his son and his daughter shall not marry thy son. This is God's Law. It has not changed. It cannot be altered. It is not given as a factor upon Mount Sinai, any more important than it was even as hour of Exodus, when instructions were given to Moses. This law does not change. It does not alter. It is just as binding upon social development and upon the history of your race, of your nation today, as it was when God delivered it in those days, to your people.

There is not greater curse that can descend today, upon a man and a woman of your race, than to marry with the Negroid or those of the Asiatic, or into Lucifer's racial

stream. Because he has sold his posterity in an inability to ever attain inheritance in God's covenants.

Now, don't come along and say some Evangelist can work on him and get him back in. An Evangelist can talk to them; they may someday recognize the right God, but they will never get an inheritance from your race. They will never have leadership acceptable to the Father.

So, why is this? Some years ago, we preached a sermon on a subject which now a verse is being used rather extensively. And that is concerning the background factor of the numbers of condemnations at risk. Over here in Deuteronomy and also in Leviticus, God said the patterns of law of all the transgressions that can be committed against Me, yet for all of these My Grace and Mercy will follow thee still. I can forgive you of every crime which you have violated in My Law, only because I am a loving God and I am a forgiving God. And I can forgive you of anything you do. But---there is one thing you can't straighten out.---You say, 'and what is that?' What are you going to do with the sins of the fathers that descend to the children the second, third, fourth, fifth, sixth, seventh generation, because a 'mongrel seed' has been introduced. And the LORD says to that---'I cannot do anything and I will not do anything for that.'

You say, 'there isn't anything God can do??' Yes, God could do something. He could exterminate the situation. Oh, He might fuse out the blood in some future date, for the day will come, if there have been any errors in the seat of Israel, He says, 'I am going to purge and cleanse their blood.' But the offspring is not thus acceptable. The offspring or mongrel,---(and the Hebrew word IS mongrel)---is well marked in the 23rd chapter of Deuteronomy. Says the second verse--'A bastard shall not enter into the congregation of YAHWEH, even to his 10th generation shall he not enter into the congregation of YAHWEH.'

Now, you go back to the Hebrew,--get your references, or better still, get your Strongs Concordance, and you will find out that this word is not bastard by the general acceptance, when we use the word today. The word means 'mongrel'. It doesn't mean just someone who doesn't know who his father is. It means someone whose father or mother is of another race outside of the house of Israel. And therefore, he is a mongrel. And a mongrel could not enter into the congregation of God even to the 10th generation. We have broken it down before. One generation would be a half-breed, the second generation would be a quarter. The third would be an eighth, the fourth would be a sixteenth, the fifth would be a thirty-second, the sixth would be a sixty-fourth, the seventh would be a hundred and twenty-eighth. And the eighth would be 256th, and the ninth would be 512th, and the tenth would be 1024th. If you are 1024th a mongrel today, you will never inherit an inheritance in the administration or service in God's spiritual Kingdom. And God said to Israel

**that their 1024th---don't move them into the Temple, don't move them into your society, don't simply absorb them. Sever this factor, because I cannot bless it.**

**God hasn't changed. He is just as smart now, as He was then. Preachers are not as smart as they were then. They think that God doesn't know what He's talking about now. Let me tell you something. If I got up in one-half of even 95% of the Christian churches in the world today, and I got up and said a mongrel can't enter in or participate in the spiritual or government leadership under God's Law,--if he's got 1024th the part of mongrel blood in him,----They would tell him he was a Christian. If I got up and declared the word of God and the Law of God, why,--they wouldn't accept it. And some people would say that was before God was a Christian. Well, I want you to know that God who was manifested as Christ,--for Jesus Christ was YAHSHUA CHRIST YAHWEH in the Body--- and that Covenant was made to your race and to your race alone. 'Unto us a child is born; unto us a son is given. The government shall be upon His shoulders; His name shall be called Wonderful, Counselor, Mighty God, Everlasting Father.' The Everlasting Father came to us born as a child. He was God incarnate dwelling among us. We were His kinsmen and He wasn't ashamed to call us His brethren.**

**I want you to know that in those directives, as He grew and developed into a man among men, preaching unto these who were His own offspring by creation, His own kinsmen by race, and His own recognized and called 'Sheep' by purpose, and standing before the peoples who were in Jerusalem, He said that this is what I said when I gave the Law.**

**Now, when He gave the Law, it was the same Eternal YAHWEH, they called the Christ. So it was Christ's Law. God had not become more mellow. There wasn't any need for it. You cannot be any more right than right. You cannot be more perfect than perfect. There is nothing wrong with the Law. Just people who won't keep it.**

**Someone says, 'oh, but the hardness of it.' Why, you know the most hard hearted person probably, if you are going to carry it out to the extreme, if killing anything or getting rid of some thing and getting it back to where it belongs, and getting it out of where it doesn't belong--if it is an evil thing,--then every time a doctor tries to eliminate the vast mass of germs inside a persons body,---that would be murder. 'Oh, you say, 'we don't carry it down that far. If we kill germs, that's alright.' We even come up to the part where it's alright to kill ants and other bugs that come in. But when it comes to hoards of Communist Chinese whose minds are on slaughter and murder and the crushing of the human race---some of these so called bleeding hearts, step back and say--'oh my, I would rather die, than try to resist and have this blood on my hands.'**

**But you have gotten a whole lot farther ahead of your thinking than you should. Because Almighty God said about that time, I am going to come in on a horse swinging a 'sickle.'**

**Let me tell you this. The bringing of the nations of this world in a proper relationship with righteousness and truth, merits all the Divine nature and all the qualities of mercy and of kindness that dwells within you,---But doesn't ask you to tolerate evils of the destruction of one righteous man. You say--there aren't any righteous men?? Yes, but there are. Every one of your race are righteous in Christ who imputed righteousness to you by His own act.**

**Now, the mongrels that want to come in, haven't changed one bit today. Most of the trouble America has in the South comes from mongrels. The large part of the trouble you have in this nation comes from mongrels. And one of the worst type and one of the most evil type of all mongrels are Angels that didn't keep their 'first estate.' Angels that intermingled with the races of the world and produced an unassimilatable society that scattered around the world that you call Jews.**

**It does not matter what they call them at any individual time. They called them the 'curse',--Yehudin. They called them Satan's children. And Jesus said, 'I know who you are. You are the children of your father the devil.' So He didn't mince any words. Did He.**

**You say, 'did Jesus hate the Jews?' No. He didn't hate the Jews. The fact is---with that vastness of God's great Grace and Mercy---He was sorry they were so ignorant. He didn't expect that they knew any more. And He never wasted any time trying to convert them. He said, 'You (Jews) couldn't understand My speech because you couldn't hear My words and you think like your father, you act like your father. Can't expect you to be any different than your father.' King begets like kind. Leopards don't change their spots. Tigers don't change their stripes. All these things are just standard.**

**My friends, one of the strongest laws of creation is the genealogical law--both in spiritual seed and physical seed. And therefore, there is nothing more important that you can major in a contribution to your society than to help preserve the racial purity of your race. There are those who say--'look at America, the melting pot.' Yes. But the melting pot of White Christian nations. All White Christian nations have a common origin. All of them have descended out of the same migrations of the same household. All of them said 'To thy tents, O' Israel', when they left the reign of Rehoboam, because they wanted to escape tax tyranny. And later captured by the Assyrians, and released under God's hand in the days of Shalmaneser and migrating to Europe,---Scythians, Anglo-Saxons, Nordic, Basque, Lombardic, Germanic stock. The course of time and history, show that you are that same White racial strain of which there is no other. Divided by the areas of geographical division. Separated to family groups. Developing their own colloquialism of the local areas, the transitions which effected the dialects of your society with many words still in common. We can go from one end of Europe to another. We can cross the sea and go all over this continent. We can go to Australia and South Africa. And what do we find?--Children of a common Father.**

**But don't, by any mistake, extend this Book, which you don't find developing any natural circulation among any other people, as the promise to other people.**

**You know---the Bible is yours. Wherein, you find the Sacred records of your God, your Race, your destiny. Many people possess this Book. But you have an advantage to it. All the Anglo-Saxons have it. In fact, this general version of King James was printed by the order of King James. And all of you with your Anglo-Saxon background and roots, way down in that Empire which God had blessed and multiplied and where the throne of David exists today----have your heritage in this Book. However, you have also a Rotherham Version, a Dutch Version and you have Zondervan Version, plus the Moravian Bible. And you discover, the same Bible is printed, though not in this particular Episcopalian slant,--in Scandinavia. And you will find it printed in Germany. And you will find in all these various versions telling more or less the same story, except for the possible Ecclesiastical impact of concept. And when you get through, you will discover that wherever you go, where ever White men are on one face of the earth to the other,--whether these White men are found dwelling in Africa, found in Asia,--you will discover that this is their Book. Isn't that rather unique?? If this was the Book of the whole world, you wouldn't find the whole world trying to erase it. You have no more affinity to the writings of Buddha's or Confucius's or Mohammed's Koran--(even tho Mohammed's Koran stands higher than all the rest because it has a partial foundation of truth.). You will not find any affinity to this. None of these doctrines, none of these gospels, none of these books, none of the thousand scrolls of Buddhism and its million chants upon their prayer wheels, have any affinity to you.**

**But this Book has. It makes pictures of history and events which have been inherited in the racial mind and culture of your society. It has become the foundation for every progressive development in human liberty and human rights development in your race. With the great marked standard of vision and achievement, it is recognized in every Christian nation.**

**You might say, 'It doesn't look like a book of law to me.' But do you know that it is admitted in the courts of law of every Christian nation? Did you know that the Mosaic Law, the British Common Law, accepted all over the British Empire and the United States, are fundamental foundations for a legal background? It can be used and have been used in many, many cases in numbers of books which I have in my library. There are a thousand or more that we haven't even a record of.**

**Now, let's turn, for a moment from this situation. From the days of God's Covenants and of His instructions (and we have overlooked a lot of verses that relate to it in Leviticus and other scripture where God continually says--'I selected you, I chose you, I separated you, you are Mine. I've taken you unto Myself, I forbid you to marry into another race, I forbid other races marry unto you, and if you do these**

things,---the scripture says---it will destroy your culture. And they will rob you of your wisdom. And they will have you worshiping other gods. They will mix up your philosophy. They will do everything they can to destroy you.) And remember, you, the White race, and if you are feeling real sorry under the propaganda of our time of the minorities, YOU are the minority in the world. You are only one-sixth of the world population. You cannot absorb it by any stretch of the imagination.

The Asiatics called swallow you up. The Negroids could muddy your racial stream until the White man would be hard to discover in the midst of the earth.

It seems to be quite a 'round-robin' gathering of all the agnostics and all the forces of darkness that work in our midst today to try today to try to say there isn't any pure White strain anymore anyhow. They try to say there isn't any pure race anymore. They are all mixed up. And since there is no pure race, there is no sense in trying to preserve racial purity. If there wasn't any pure White race today and if the White race wasn't demonstrating its intellectual and spiritual abilities and attainments; if it wasn't demonstrating today, its mental intellectual spiritual superiority, they wouldn't be working so hard to muddy your stream.

You say, 'Oh, the Negroes don't think we're superior. They think they are our equal today.' Do you believe that? If you think so, well, I can prove to you they don't. The last thing they want are Negro teachers in their schools. They want them all mixed up. They don't want any Negro teachers. They don't like to have a Negro officer over them when they are in the Armed services and in a battle. They would rather be led by something intelligent and smart and a lot more alert than that. And Negroes don't want to serve under Negro officers. They want to serve under White officers. And I don't know any intelligent White man who would want to go into any battle under a Negro officer. I would sooner follow a horse who has more sharp instinct. At least, he has sense enough to take you home.

It might be of interest for you to know, that among some of the most significant industries that exist in the world today, among the Negroes who have gathered a little capital and have started to make some money off their own people. Now probably no one understands what Negroes buy quite like another one. What do you suppose the major article manufactured and sold to Negroes today. Now you pick up a Negro magazine and look in it. But I happen to have the statistics in my briefcase right now. The largest saleable item to Negroes today is 'skin whitener.' That's right. Skin whitener. The number two heaviest sold article sold to Negroes today is hair straightener. Now if they believe in their equality, if they believe in an ancient background and culture and believe they are our equals, they wouldn't try to whiten their skin and straighten out that wool to look like hair, would they? Did you know Negroes don't have hair? They have wool just like sheep. They have a kind of lanolin in it that you don't grow by nature. And they try to straighten it out to look like hair. They know that pigment is a definite factor with their race and it isn't something that happened because of any adaptability to an environment as some of the evolutionists try to tell you. You have had White men for a hundred

years or more in Africa and they have never turned black. You have had Negroes here for several hundred years and they are just as black as when they came here. And if they aren't black, you had better deport them because there is something funny going on.

You can take the darkest tanned White man in the tropics and roll up his sleeves and find his arm as white as snow. You can send a Negro into the Arctic Circle and his offspring will be just as black.

This idea that the midnight sun or the African sun will change a man's skin, ---it doesn't. It only changes color where it is exposed because it is burning thru the skin layers. It doesn't change the real pigmentation whatsoever. Down in the 'gene's determines what that skin will be and its determined background is a factor.

Don't let anyone tell you that the differences in strangers is only skin deep. It's a lot more important than that. Any student of anthropology understands this, any student that has studied also the relationship of the races of the world in their skeletal foundation. After all, the body is only the container for a special content. And I think that you should realize tonight, that every White man, even the most ignorant among them, has 46 centimeters more brain capacity inside of their skull when they reach adulthood, as compared to the most brilliant of the Negro strain. I want you to know that the thickness of the container and the shape of it is different. I want you to know that these differences in design were taken into consideration by the Creator, because He knew what the contents were going to be. And I want you to know today, that similarity in design does not show relationship. A hundred airplanes can come off the designers bench. Each one can be different in its design because the designer was the master of it. The only thing you might say you could see here was a thought evolution. One of the strangest things we have about your race is it was the oldest and the best. For the children of Spirit existed before the world was framed. And you were standing by the Father's side when out of the cosmic spiral nebula of creative processes this earth and this solar system came into being. You were there when the Father laid the foundation of the earth and stretched the measuring lines upon it. You say, 'how do I know?' I'll tell you how I know. Because Job, who is one of our race, was able to record for us---'when the morning stars sang together and all the sons of God shouted for joy the day when God rolled the solar system out and put it in its place.' The spirit of everyone of you in here by the antiquity of age, is older than even the oldest race that ever existed in this earth. But your history in this earth doesn't reach back more than seven and a half millenniums. Significant, however, in this story, therefore these words of God, as we turn to this passage in Jeremiah 2:21:--'I planted thee a noble vine, wholly a right seed: therefore how then art thou turned into a degenerate plant of a strange vine unto me?'

Now it happens that if you were to take the old Hebrew word, you will discover it is the word so-arh (or zoar). That is significant where it talks about the strange vine because this word strange vine or 'how hast thou become a so-arh (or zoar) vine unto me'---the word means 'mongrel.' So therefore God said, 'I planted you noble vine--I granted you a wholly right seed.' Now this prophecy coming thru Jeremiah, refers to the fact that a part of this group has become degenerate. So you say, 'what is that word--degenerate--I don't like it.?' Well, that means a de-generation instead of a progression. It means reversal, a dropping down, a corruption.

Now, if you go to Jeremiah 2:23, and he said:--'there is no hope; no; (not for this man's seed that mongrelized) for I have loved strangers, and after then will I go.' The word here is 'sorek' (meaning woman from the valley). I went after the seed and propagated a mongrel (so-arh or zoar). He says there is no hope of that seed as far as having a part in the Kingdom of God. So Jeremiah makes that statement.

If you go back into the Psalms--you will discover that the Psalms of David as he sings the 144th Psalm--he said:--'Rid me and deliver me from the hands of strange children.' The word here is nekar. The words strange children means children who are the mongrel seed of women of other races. And so God Almighty inspired David to sing this Psalm and he says, 'Deliver me from these mongrels. 'For they are the ones who speak vanity and raise their hands to falsehoods. Cleanse our land from these mongrels that our sons may be as God's plants, grown up in their youth. And our daughters may be as spotless in their virtue from such transgression as the corner stones of the Temple polished after the similitude of the Palace.' That the bodies of our daughters be so pure no mongrel seed shall ever touch them. That our sons shall be as a pure plant and a wholly trained and raised plant. Deliver me from these mongrels. Drive them from the land--rid Israel of their curse.

Let us for a moment go back to the prophet Ezra, what Ezra says about these children of the strangers in the land. I'll tell you what he said. He came before the princes of Israel and before the priests of Israel, and he said--'I want to nip this thing in the bud before it goes into another generation. You say you married these strange women, you have spared, then when you shouldn't have, you have brought them into the camp. You have married them and now you have these offspring and have a confusion of face. And I see people walk the streets of Israel--he said--and they don't look like our fathers. They don't have our face and our complexion and our features.

In fact, I can walk the streets of Los Angeles, and wonder if I am in the United States or whether I am in South Africa. It is happening in England too. And they are getting disturbed about it.

Now, you say, 'What are you supposed to do?' God Almighty gave unto Ezra the directions as to what they were to do, and he told the princes. He said, 'you had better repent and then you had better finance the transportation of every one of these women and their children back where they came from---send the children with

them. And cleanse the land and get them out, and God will smile on you. Otherwise the judgements of this will ball on you.' And do you know what the princes of Israel did? They started to weep and wail. And the priesthood wept. And they sent the women--all of them--home with those offspring children.

'Oh,' you say, 'that wasn't fair.' My friends, it was more fair to them and that offspring than you have any idea. It was truly the correcting by God of His Kingdom. Let me tell you that every White boy should send that Korean girl home and those Japanese and all these outlanders should go home and their children should go with them. And the United States government should forbid the marriage of soldiers of your race with these peoples where they have been sent when they didn't ask to be sent there anyhow.

I believe we should practice qualities of conservation when it comes to money. I believe we should do our best to save the taxpayers money. But I am going to tell you this. You can transport 45 or 50 thousand married young men over to the countries where you want them to stay and by every right in peace time, their wives should be able to accompany them. And I don't think you are saving any money when you bring them home. I think the place to save money is to cut it off to Africa and to China, and to India. And not, my friends, when it comes to the boys and their families, you send to the ends of the earth to serve you. If you want to preserve your racial stream, your racial self-respect, you have got to remember that wives should accompany their husbands because this a matter of natural and divine law. These are the processes which God has undertaken.

Very strange things come to us from time to time. Some of these problems have developed out of our war society. The Chamber of Commerce directed a young war-wife to us one day. They wanted us to call on her because she didn't know what to do. We went there and learned she was a Japanese girl. She was married to an American soldier. The American soldier had returned to America, but he found suddenly there was no affinity to what was foreign. His former sweetheart was now back in close proximity and he no longer wanted his Japanese wife. She said, 'what should I do?' And I looked at these half-caste children who looked more Japanese than American, and I said, 'Why did you sent for a Christian minister?' 'Well,' she said, 'I had been in touch in Japan with a Christian church. I am both Shinto and Christian.' I said, 'that hardly is possible.' 'Well,' she said, 'I still believe in my father's Shinto gods and I still believe in the teachings of Jesus.' I said, 'Let me tell you something. You pack your bags and to home to your father and you take these children with you. Release your husband from this marriage he should have never made. And you seek his assistance to return home to your father.' She said, 'I don't have to, my father is wealthy.' Then I said go home. And she packed her bags and she released her white husband and she took her children and went back to Japan. And that is the way God ordained it to be. And any other message is not 'thus saith the LORD.'

**You say, 'why?' Because this was no union marked by God, sealed in heaven. This, my friends, is the result of the degeneration of our time, the sociological teaching applied to our young people. And this, my friends, could only be corrected by reversing this status of the era.**

**You say, 'what about these children returned home?' They are raised as stock of Japan. They won't lower it, but they have no absorption here. Let me tell you this. God Almighty has made it most clear concerning where He stands and what He thinks concerning you.**

**In the book of Hosea, God said the one time when Israel dealt treacherously with Me is when they have begotten strange children. And strangely the child who they have devoured, rises to power and he seeks to devour their fortune.**

**All thru the scripture, I can go from one end to the other and I can pull more scripture out of this Book than you ever dreamed were there on this matter. God is not change. But I want to change the subject for one moment. Come over to the New Testament side and I will prove to you that this is God's position as a Christian. Every once in a while someone tries to say God and our ideas of theology grow up and change and so God grows up. I listened to one minister broadcasting to his radio audience who says, 'all the ideas about god are concocted in the human brain. As the human evolves and progresses, God evolves and progresses with it.'**

**Let me say, that is a lie. Because that kind of god isn't any good anyhow. I am going to tell you that God was grown up before you started. He was the Everlasting Father holding all things in the hollow of His hands and He knew you before you were begotten in the spirit and knew you before you were placed in the earth. And one of the things Jesus was to say was more than when He said, 'I will give you power over all the works of the devil and over all the powers of evil.' He said, 'I want you to remember. Rejoice more that your names are written in the record book of heaven than for the power I give you on earth.'**

**You say, 'why?' Because it is more important that you rejoice in your genealogical table from the Father's family and the fact He wrote your name down before the foundation of the world, than any power you can attain since you have arrived in it. I would rather be known as the son of the Father, than have the administration of any country on the face of the earth.**

**Listen. Jesus therefore, is a discriminating God walking among men. Remember, He says, 'I call for My sheep by their name and I lead them out.' He never attempted at any time to make sheep out of goats. He left that up to silly clergy to try later on. You cannot make that genealogical switch. And God didn't try it at that time biologically. He never tried to make sheep out of goats.**

**Discriminating God? Yes. He said I shall discriminate. I shall in the hours I come with power and great Glory, I am going to assume the Kingdom which is My Kingdom and the throne which is My throne. The throne which the scriptures earliest records of it, said the throne of His father David. He said, 'I am going to separate the nations of the world and divide the sheep nations from the goat nations. And I am going to give all the power to the sheep nations. I selected these sheep nations from before the foundation of the earth. I separated them. I said they are Ming.'-----SEGREGATION.**

**Jesus, who said as He preached, 'I speak to you in parables so these others out here--these rascals and those who have no part in this--won't understand the strategy. And after He spoke in parables--you say--well, that was simple. No. They didn't understand it. Even His own disciples waited for more spiritual evidence. And when they got Him alone, they said now explain unto us the parable of the sower in the field. And He explained it unto them.**

**Unto you it is given to know the mysteries of the Kingdom of God. Unto them it is not given. These mysteries of the Keys are power to the sons. Not given to the other races that have not the capacity to use it.**

**I think you will discover that the holy spirit which is the Light nature of God's own vital being, descends to segregate with its decent those that have the capacity to receive it and fulfill the words of the being whose spirit it was who said, 'I will send My Spirit upon you--even the spirit that the world would not receive.'**  
**Segregation? Yes. Even the Holy Spirit descends upon the people with the wave length to receive it. To those that have, more shall be given. To those who have not, this power they should not hold shall be taken away.**

**Yes. Let me tell you of your problems today. The children of the most unassimilatable strangers of all are the enemies of Christ and hate His name. There are many strangers in our midst that are foreign to you. I think it is quite interesting to note that in most of the foreign settlements of those that are not of your race, the majority of them bring along their 'josh' (?) houses and bring along these pagan temples. I can show you 'josh' houses among the Chinese. And out in Oak Valley, where for twenty-five years, we have pastored congregations, we can tell you that we have had Japanese who have lived in that land all that time. I have had Japanese who are very friendly to me, when I meet them. Japanese who have invited me into their homes to talk to them. And I am going to tell you something. They have shrines in their homes to Shinto gods and they never leave them.**

**When I see these strangers, I see that there is one factor among them that is generally demonstrated. They keep to themselves and marry to their own, which is more commendable than most. And when that is changed, it is generally a by-product of your schools and not necessarily of their culture.**

**I have had contact with a great number of Orientals. A very few are accepted because it has been diplomatic in their coming to America the philosophy of Christianity. A very few of them have actually basically enveloped their whole thinking with this philosophy. I know one Oriental like that in my experiences who says, 'We have 'Blible' since little bloy'--we blelieve' whole blible.' But that man also knows that he is not of the house of Israel and is not of your race and is not supposed to mingle with it. He knows that.**

**I want you to know that no greater destructive force operates in the world than the children of the strangers of destruction. Now they are the same people that help to make up the leadership of these Cainanites, Hittites, Perezites, Jebusites. They are the same Herodians that Christ denounced. They are the strangers who are the offspring of Satan's seeds sown all over the world. They are what Jesus said:--'Ye are of your father the devil.' Even stranger than the children of strangers. Ye are of the children of hell and that is doubly strange; dangerous, deadly, unassimilatable. Let me tell you this. If the only mistake our founding fathers made in their earliest immigration laws was that they originally didn't name only the White nations and required only Christian immigrants could come into these United States,----Benjamin Franklin, with great devotion, did his best to bar all Jews from citizenship in America. And if that had been observed, when Benjamin Franklin instructed it, most of your problems and troubles today, that you have had---Soviet spies, atom bomb secrets stolen from you, or just given away,--plus warfare against teaching the Bible in school, and spiritual instructions to your children forbidden,---all these things would have long been negated and you would have had none of these problems because the sellers of it would not have been here. These, the most destructive of all 'Tares' because they are Satan's own seed and progeny sown in the earth. The corruption, immorality, that has taken over the screen, the television, and the radio, is a by-produce of this unassimilatable seed of Satan and would not exist in these United States if we had kept the seed of the 'Stranger' out.**

**These are compatible with the teachings of Jesus and the Old and the New Testament. There is no greater error made in all the record of human thinking than to impute, to this people, by the strange identity of this name, any 'chosen' position in God's Kingdom which they do not hold. The people today which you call Jews--Yehudin--are not descendants from Judah. They are not the seed of the MOST HIGH GOD. They are Hittites, Amalakites, Cainanites, Amorites, Jebusites. They come from the land of the Askenazi of Asia. And they come from the Hittite kingdom that existed before Adam. And anytime you trace a people and they trace it---and I have in my library, about eight shelves of the most complete works of history and of anthropology and anthology written by Jews about Jews, concerning who they are and where they say they came from. And they admit they are Hittites. And if they are Hittites, by no stretch of the imagination, could they be Jacob's seed. Because there were Hittites in the earth before Adam walked on it.**

**There are many of these things for us to recognize. I want you to know that God does not tell you it is a Christian responsibility to embrace the seed of the Stranger. He has told you that it is your Christian responsibility to preserve your racial purity; to not dwell with the stranger. Do not permit the stranger to dwell with you. And if he comes in your land, or travels thru it, then in kindness to that stranger, treat the stranger kindly, but make him grow apart and make him in his operations in your land, utterly leave alone your laws, your seats of administration, your departments of Justice, and your governmental positions of authority.**

**It is your spiritual responsibility to be interested in the religion of any candidate who runs for office in the United States. Sometimes those of our own race should not be selected, if they submitted to pagan philosophies or permitted themselves to be governed by powers that are the opposite to the progress of God's Kingdom.**

**So tonight, I tell you this. That the Apostle Paul, when he said come out from among them and be ye separate, or segregated, saith the LORD, was carrying on a continuity of instruction that comes down from the beginning . For what fellowship has the light with darkness. What fellowship hath the children of idols, temples of idols, with the children of God or the Temples of God.**

**God has already declared your bodies are the Temple of His Holy Spirit, because you are the spiritual life issue of His own being. You save America best when you preserve its racial purity. It is the Christian responsibility of every American to try to preserve your separate pattern of social existence. We should not be trusting our children to gather in social conduct whenever it is avoidable. Wherever the laws of our state permit, as to remain as separate and a distinct people, we should accomplish this. It is my firm conviction that is the responsibility of every Christian in ever state. To do all that he or she can to keep the schools from being mixed and to keep our children from being thrust into the society of the Negro races. It will bring out the expectations of the sociologist if they do, of mongrelization and violation of the Divine Law.**

**Now, if it becomes an issue between the Supreme Court and its decisions and the scriptures that God Almighty has inspired them, my friends, it is----'thus saith the LORD.' And away with all nine men on the Supreme Court and give us Christian gentlemen in their place.**

**These are great times of challenge. A testing time for your race. There are times for you to guide your thinking and then see the impact of what error produces. It is the children of the Strangers that are responsible for your heavy taxation. It is their suggestions that have caused the catastrophe.**

**You know, I have been watching without any grief, one by one, the strangers children who assume some of this power,---die. Tomorrow morning's newspaper records that Donald Richburg, father of the NRA (?), one of the contributing forces in the depression days and among the children of the strangers, that pull the strings**

out form under you----he just died. I note that God can eliminate one way or another, the children of the strangers. I want you to know that all your sociological deterioration came from the 'strangers' who taught in your schools and the children of the strangers who have been elevated to high power.

Let us hope that Mr. Kennedy does not make the mistake in elevating the sons of strangers to high positions of power. Or the catastrophe that happened in the Roosevelt years, and has continued down from that time, would continue, but for Divine intervention.

I am going to predict, that God Almighty will destroy every son of the Strangers form your midst that tries to hold power over you in this prophetic hour in world history. (End of message)

## **THE POWER AND THE GLORY 11-27-60**

by **DR. WESLEY A. SWIFT**

We are speaking of the power and the Glory and we would like to center your attention for a few minutes on the important processes of life. We have discussed with you before the necessity of Spiritual food, in that there is no way for the Celestial consciousness, the Spiritual knowledge,--which is possessed by the Spirit,--to be commuted by the process of understanding and cannot be brought to the soul consciousness of man unless the Spiritual contact point has been set by Spiritual food.

We are sure that you understand the necessity of physical food, and appreciate the necessity of it but you overlook the necessity of spiritual food, and spiritual bread and you

overlook that Christ said:---I am the bread of life ---and as he was saying that he was speaking of spiritual bread. And he told us that man could not live by bread alone, but by every word out of the mouth of God. We spoke to you a few weeks ago about the necessity of communication, and that spiritual communication brings to you the things God would have you to know. So there is probably nothing more important than for you to have the knowledge of God and know how to attain that knowledge. Thus it is that knowledge form the mind of God gives you mastery and will provide two other factors for you as well. One factor is power for the accomplishments and the other is a field of energy and glory that will immunize and protect you so that no power on the face of the earth will be able to destroy or overthrow the children of the Kingdom.

When we talk about the essentialness of Spiritual food, and about Communication, we again point out that men must understand God's plan. The majority of you who

know the Gospel of the Kingdom and the origin of the race have come to realize that you were placed here in earth to build God's kingdom and to establish his Covenants with the seed of Adam, Seth, Shem, Abraham, and this household down thru Isaac, and Jacob on down to our time. You have started to accomplish His purposes--the building of that kingdom and the occupying of that kingdom here in earth. You happen to be a part of that occupying force. You are the children of the most High God --transplanted from heaven to flesh. From spirit to flesh, and thru this transaction you have lost nothing.

Some seem to think that this is a fallen race, and it is true that it fell, as far as its human capacities were concerned. But the spirit that dwells in you is a Holy Seed--the Spirit of the Eternal, and it can never be destroyed. One thing we are sure of concerning this is that the spirit possesses Eternal Life. Thus the important thing for us to obtain thru our soul consciousness is every thought which is in God's mind.

You possess the mind of Christ, there is within your spirit an inheritant reception of every thought of God, every possible concept of God, vibrating to the same wave length of existence and made out of the same essence of being. Therefore we can say:---"Our Father which art in Heaven, Hallowed be thy name."--- Therefore every word out of the mouth of God catalyzes spiritual energy in you and in turn upon all the worshiping congregations that worship together and meditate upon the things of God. Therefore the food for the Celestial consciousness does not necessarily have to feed the spirit, but it does have to feed the contact point between the body and the spirit so that the physical consciousness can , thru the soul receive the guidance of spirit.

We have been assured and we mention this passage so as again to renew it in our thinking. We who are the children of His spirit are not merely governed as are the earthlings around us by merely the law of the flesh. The laws of the flesh are the laws which are known by the errors and its existence of the process of disintegration or breaks

down. The law of the spirit is an irresistible power and it is one that is an everlasting power, it is one of a constant and continuing strength.

We the children of the spirit possess a Spiritual consciousness and if that Celestial consciousness becomes master of our soul consciousness, which is reasoning and thinking ---if therefore we subject our physical brain to those spiritual laws then we are living by the law of the Spirit of Christ.

The Spirit of the law of Christ makes us free, as we are told in the book of Romans--free from the law of sin and death. Sin is a violation of divine law. It is the throwing out of adjustment the things which God by creation has made, and by Will hath ordained, --Social, political and moral from the standpoint of its relationship to a race of people and their conduct also related to every process of life and of knowledge.

Now; the law of god is good, there is nothing wrong with the laws of God. There are those who have stated that the law of God was imperfect---there is nothing imperfect about the law of God. The only thing about the law of God which is surpassed is that the Grace of God reaches out of the divine nature of His own being, and will by this Grace bestow upon his own children that which they have not earned, because at times they have not kept the laws of God perfectly.

The purpose which God has for you and this race to which you belong is not limited by your conduct, that is a most blessed knowledge. You in your ultimate destiny are not limited by your conduct--but your conduct is going to develop in the fullness of its operation--in likeness unto HIM. And your appearance as the Glory and the Power is also to be like His own--during the hour of his greatest revelations. So when we say this we see individuals who have received it.---It has been ordained that you shall conform to his image. And there is nothing in God's plan or purpose that assumes or accepts that there shall be defeat to the Father or the destruction of his offspring, his household, by any process---anywhere in His Universe.

There are many experiences thru which your race passes and thru which you as an individual pass, in which you find yourself at your low point---cast down in your consciousness, but not in your spirit. This is because of our violation of law or the ignorance of it, which is our own fault as we did not seek to find divine law. You see in all these instances that there was no limitation on what you could obtain unless you had refused to seek it. You have been told --'Seek and ye shall find, knock and it shall be opened unto you.'

Regardless of what operation you shall undertake or what business you enter into, then you should enter --aspiring to be as near perfect as possible in that undertaking. And you should strive for complete knowledge that is available to you in that field. If you are a farmer then you should strive to conduct the operation of that farm in the best possible coordination with the forces of nature that you can acquire. You need to know all about the soil and the nature of the product that you strive to produce on that soil. And you need to remember that God has promised you any knowledge that you want in that field because these are good purposes under heaven. The farmer should recognize the fact that the father will give unto him if he so seeks it, the kind of knowledge which will cause Him to select the right planting, and to have the right supply and the kind of product that will reward his work. There is a partnership between God and everyone of his sons who will call upon the spirit for the inspiration and the guidance thereof.

This is a part of the secret that makes men masters of their environment, instead of the environment being master of them. It is because as the children of spirit that there is not any good thing that the Father has withheld from you, because of this

therefor e --occupation of the earth, and the carrying forth of the objectives of heaven's laws is one of the reasons you are placed here.

We can well understand when we say:--'Thy Kingdom come, thy will be done '--- that the kingdom of God will one day come in with great power. This has been anticipated by the church rather collectively all over the world--they think that the day will come when all the nations of this world will have to accept and recognize the true and living god. That the powers of darkness must be cast down, and righteousness must rise---for this is destiny. But they have overlooked how the instrumentation of this is to be brought about. Almighty God has selected you and sent you into earth to bring this about. The Things you want God to do--He is going to accomplish but You are going to do most of them. Yes, you are going to do them and He is going to bring this about by quickening your consciousness and by installing with in you Spiritual power and by giving unto you the Glory that protects and prolongs and preserves you--as individuals.

There isn't any question about the fact that by feeding the point of contact of the soul consciousness--by spiritual exercises and Spiritual food --this is a most important function. There isn't any question about the fact that people who take time out to think about the things of God--become strong in their relationship to these events, until they are living in a field of prophecy and of history. Thus they become aware of things going on around them. You can see why the Bible student who can understand the word of God thru prophecy--can understand what is going on in their own midst. That person knows what is going on in the strategy of the enemy. He knows what is going on in the racial conflict. He knows what is going on in the religious conflict which seeks to attack the great fundamentals of God's word. He is prepared because he has been adjusting his mind by the Word's and by the knowledge of God. He has been feeding that point of inspiration which is essential to his understanding. So we site to you that these people are doers. All the resistance to evil that arises in your nation comes from the doers who are activated in their sense of values and perception by the word of God and by his law. These words and laws become such a part of you that you operate with in that field of expectation and a field of law with out meditation on an individual act. Thus you have been told to take every thought and bring it captive before the mind of Christ that is in you, and it becomes an automatic act with you.

Alright now why must you do this?--Because the very mind of the Christ is with in you and that mind is Perfection.

The great conflict you are engaged in today is one of survival--one of preservation of God's kingdom--one of definite victory that must come. But you are being bombarded all the time by cunning and stealth from the workers of Satan who are the tares in the field. Now Christ made it quite clear when he said:--'The field was His and that he had planted the good seed'--who were the children of the Kingdom--in that field. And the field is still his irrespective of the fact that the Satanic powers

**moved into it. But He said:--the tares are of the children of the evil one, they are progeny of the Evil one. --**

**Now; that does not mean that the races which were in earth before your race arrived were children of the evil one, even tho they are the goat Nations. He made the distinction between the sheep and the goat nations very clear----as the sheep nations were of his household, his seed, and the goat nations were the created races that were here and between them was a great difference. Then we come to the discussion of the tares which were the offspring of this progeny of the Evil One. When you understand that the tares are a destructive force and that they are here, then you will understand that they are a separate and distinct ---different from all other seed, and from the seed that He planted.**

**There is no question of the outcome for he said;--I will come to take out the tares, but get this clear in your thinking that the tares are here to destroy. The tares are planted here in America, a great part of God's field, and they are planted to destroy. They are planted here to choke out the truth and to destroy the crop. But God says:--I am going to gather out the tares.---So the tares are going to go--for that is the word of God.**

**However we are definitely in a conflict to survive. The design to choke and destroy and attack your Faith and your philosophy is on. It attacks everything whose foundation comes out of the inspiration of God. That is one of the reasons why here today we find this constant attacking process at work.**

**I was listening to a radio preacher who was saying: --Lets not be anti-social and I though--now that's a good subject -- what is he going to do with this subject? He said:--'We must remember that age old customs and religions and philosophies have been on this earth much longer and are older than we have today, so we must accept all the values out of these races and cultures, and people, and throw them together, and since America is a melting pot then all these ancient things must be thrown into our civilization and we must have a mutual respect for every one of these situations that exist.' He was talking about the vital work of the ancient Witch Doctors, who operated by magic and how it was vital that all these customs went into the melting pot. How we must not over look anything from the culture of the Eskimos to the ancient Pygmies.**

**Now; one has to admit that if you have a cunning artist and he has the power to produce, then you may get something very colorful. There is no question tho that it is produced by pagan and evil forces, still the pagan customs have been mighty colorful. You can travel thru India and see the friezes on the temples and see that the patterns of sculpture is most evil and corrupt. You can go thru out the world and see the errors that were in the world when you were placed here.**

**There are two ways that you must think today.--You must think ahead and think concerning what God's plan for the earth is, an then you must think backward an**

think concerning these things around about you and how they originated. When this person made his plan for all of us to not be anti-social, and for us to make our contribution as a developing and mature society, he was saying we must accept all these ancient things and blend them into our society. That might be friendship with the world but it would not be in line with God's plan, and it would be the end of the white race. It would start you on the road to decay. God did not send you into the world to adopt all the pagan beliefs sowed by the evil one.

God did not say for you to build a kingdom which you would share with Satan and all of his evil philosophy. I want you to remember that all these pagan systems have been in a constant living death. They have been dying all the time. They can't even reach back to the greatness that they once possessed. You instead have been in a rising civilization in the last 7000 years. You have extended your importance to the world. Your Christian civilization does not build on the foundations of error, but rather on the Oracles handed down by the Father and starting with Adam.

We want you to recognize that your Anglo-Saxon culture was built on the foundation of descending history that started with the Covenants that God made with Abraham, and promises that he made clear back to Seth and to the hours of Adam. Therefore what we are does not require an absorption of that which has failed--that which is corrupt and that which is evil.

Rather it requires that we feed on truth, and thought and words that come out of the mouth of God, every Oracle and every revelation that he bestows upon his people. And this is something you are going to discover, the world does not like you because you are white, the world will not like you if you do not absorb its policies but you have been assured that friendship with the world is enmity with God. You have already in your life time had the opportunity to watch the fallacy of trying to bestow your blessings on every one on the face of the earth. We poured out our blessings on Africa and India and places in Asia, and all this bounty that has been poured out on them, costing into the billions of dollars has not contained communism and you have not civilized India or Africa. What steps in that direction that were taken were cancelled when the United Nations forced the end of the white man's colonization of those countries. You have not purchased anything in Africa or in India with your bounty and gifts for now they blackmail you and threaten that if you stop this practice of bounty and gifts then they will go right over to the enemy.

When you look at these situations you see that those who thought this was the way for our country to go--were wrong. These plans attacked the very structure of your society, but stirring a deep fear inside of you. Thus we understand what Isaiah was talking about in the 24th chapter when he was speaking to Israel and he said: --- 'Our leanness---our leanness --the treacherous dealers have dealt treacherously with us.

**What had they done? They had dispersed the blessings which God bestowed upon you, those blessings which the knowledge of God which you possess--had started to produce in you --fruitfully in every field of your undertaking, and they have taken those blessings and dispersed them among the heathen. The scripture says:--'They ran from fear and fell into the pit, and while trying to avoid fear they were taken by the snare.**

**So it is an easy thing to see today--you can see how these treacherous dealers have dealt treacherously with us. You can transpose this scripture to the New Deal the Fair deal, and the New Frontier, and the Great society and you can see that its the same old deal. That deal being to take the unlimited blessings of God --given to his people ,and pour out those blessings upon the people who do not want to go God's way. It means the blessings that God has bestowed upon you were taken from you and placed into the hands of those who say --we are more mature than you are--we know better how to spend your money --we will straighten out the world, there are many people so we must organize the people of the world and you will be better off. If this is not done then in later years you might not have the security or proper medical protection and so forth.**

**So they use the threat of fear--of poverty, or fear of the ability to take care of ones self and then having thrown fear on people making them think that they can't operate under God's laws and succeed, then they pass the power of administration over the lives of God's children --thru this big government --into the hands of those who do not believe in the laws of your God. And in most of the instances where this happens you find that Satan's children are in there directing the transfer.**

**So big government swallows you up and you have passed into a Socialist design where your wealth is redistributed all over the world. Then you can cry out-- -'My leanness----- my leanness. So we ran from fear and fell it no the pit. We ran from fear and fell into the snare.**

**That is exactly what has happened to this nation and to other nations of God's Kingdom, this situation will exist until and awakening comes upon the part of the children of God to where they will begin to see that their relationship to thee situations has been brought upon them by their acceptance of a World Philosophy, and of a Co-responsibility with the powers of darkness and the nations which are evil and those who do not wish to serve your God.**

**So we upset the divine law in the process of trying to get what we thought was security, probably nothing has been so foolish, as the path this great nation which produces and creates more than any other nation on the face of the earth, than to suddenly have thrust into our thinking in the last 30 or 40 years an insecurity that we cannot take care of ourselves. And now find that we gave away our liberty in the belief that we were securing a place to eat and sleep until we die.**

**The whole program of God's Kingdom has been based on something better than that. It has been based on the promise when God said: -I will build up your strength --I will supply your needs.'**

**The center of the society in the Kingdom of God is built around the children of the household of the Father, and therefore the responsibility of families feeding families is placed upon them. And therefore the strongest unity of God in the kingdom is the family. That is far stronger than any promise which is given by a Socialistic state that has not personal interest in you.**

**The responsibility of divine law turns the thinking of the children to the Father. It gives them an obligation to their parents, as also the parents have an obligation to teach their children--thrift, vision, a place in industry, and the assurance of God's blessings as they relate to them.**

**When you view the teaching that a child gets in the schools today you find that it includes none of the great inspiring principals of America which are national in origin--and which include the teaching of thrift, and initiative and enterprise, and also the assurance that the child can obtain and acquire as much as he has the energy and drive and capacity to go after.**

**Instead the child is told today that the things of his parents such as values are changing--striving for such is to competitive--instead all the child has to do is fall into a niche and the state will take care of him until he dies. All he has to do is to obey the state. He finds that he is being taught that the State has taken over the role of parent.**

**All of these factors are a part of the world order--in direct opposition to a triumphant company of the sons of God. A divine race, transplanted into earth, whose culture, power and life does not require dependence upon any one. That is why you can lend to all but borrow from none. You do not have to go outside of your nation for anything, if there is something that you need, then create it or make it.**

**As these situations begin to dawn upon the children of God an awakening is bound to transpire. If you were to turn to the scriptures you would find many promises of this awakening. Micah the prophet says:---'Truly I am full of the power of the LORD. This is for judgment and for might, and Micah was to declare unto Jacob -- his transgression and to Israel his sin and his errors.**

**For what purpose?---For the cleansing and awakening of that people---Turn to the book of Habakkuk and we read concerning the purpose of God. 'Art thou not from everlasting --Oh, YAHWEH MY GOD MY HOLY ONE, we shall not die. Oh**

**LORD thou has ordained them for judgment --Oh Almighty YAHWEH thou hast established them for correction.**

**But as far as the kingdom of God is concerned--there is linked to this knowledge of the everlasting --that the knowledge of God and the power which belongs to God is also an assurance of an endless eternity and of a desolate existence. In the book of Habakkuk God also declares that he is the one who can preserve, and that he can add to thy days and can multiply thy life. But it is all tied into a relationship with divine law, divine knowledge, divine understanding, then operating in this field without fear, as concerning the plans of the enemy or the people who are against God's Kingdom. God cites that they who feed upon his words shall be made strong in power and their power shall triumph over all of God's enemies.**

**When we talk about Celestial food and Spiritual food we are talking about a very complete reality. We are talking about how much a person who meditates upon God's word and upon His plan becomes so interwoven in his own affairs with the things of God. Then as you watch the T.V. telecasts and hear the radio broadcasts or read the newspapers, then you find yourself looking for the fulfilling of prophecy as history unfolds itself into every day life.**

**The more you know of the things of God, the more you think with the mind of God. And thus the more you watch for the fulfilling of prophecy to try to decipher where we stand in that field today.**

**We think of the words in the book of Matthew. One of the last things Christ said to His own disciples was:--'All power is given unto Me.**

**Here was "Incarnate Deity" visiting His own sons. And it says in the book of Hebrews, that He came to --'Bring all His sons unto Glory'--because they were His kinsmen and they were dwelling in earth. He said:--'All power is given unto Me in heaven and earth.'--In His humanity, inherit power, because HE was embodied--incarnate--Deity--God in the flesh.**

**So it was that He imparted to His sons these words, that they were also the children of the Most High in the flesh. We have told you before, that Christ in you as told in scriptures, is the hope of Glory. Christ in you the hope of Glory, is the mystery which has been hidden from all nations, but which now Paul says is made known for revelations. Christ in you is the embodiment of God's Spirit thru His family incarnated in earth and thru the church which is the body of Christ in the world today. Because the church is a Spiritually alert people who supposedly can be activated by the mind of Christ and will do the occupying work of God in the world.**

**Now there are those who look upon all the human developments of our times as failures. But I want you to know that the Spiritual attainment that god has promised to each and everyone of His children is not going to end in failure. His covenants with the nations has not ended with failure. All during the time of the**

fulfilling of prophecy, you have watched the rise of nations and you have watched the rise of the British Empire. You watched also this child of the British Empire as it grew and expanded and became these United States. The great heraldry of the outstretched wings of the Eagle, a great nation of God's Kingdom. You have watched the house of Judah and their associates thru out the pages of history of Central Europe. You watched the Germanic power and the Austrian power as they rose. And you have become aware that Christianity has become the great seat and foundation or basis of all their vision and initiative. But they are still children of the covenant. there are nations today in Western Europe --including the Germanic, Nordic, Basque, Lombardic and Anglo-Saxon and Scandinavian people who are all part of God's Israel. These are the people who are maintaining the life of God in the world today. Inside these nations the Christian Church is the Spiritual center of that Kingdom and the guiding influence when activated fully by the power of God's Spirit will do a great and mighty work.

You are told that you are being changed from Glory unto Glory until we conform to His own image. Now one of the things that food does for the body is give it nourishment so it can carry on your physical work. Spiritual food does something else for the point of contact between your spirit and your soul consciousness. It produces Spiritual power.

Now Scripture says that no human element ever conquers Spirit power. But Spirit power subdues all things. I want you to know that as a child of the Spirit, living in a physical body, that the Spirit is capable of imparting life to every element of the body. Therefore the Spirit of the law of Christ is able to do for you what no physical application of human reasoning can do. Because its essence of divine energy is your when it envelopes that Glory which belongs to it. As the power begins to move in the physical operation, so also does the expanse of life, illumination and glory.

What is Glory???? Glory is just the engulfing eminence of the energy of light and power that comes out of the activated Spirit in conscious control.

You will remember that the Glory of Christ, is referred to all thru the scriptures. From one end to the other, you see the Glory of God surrounding one nation after another, and around His chariot and His throne, His presence and His person, and the engulfing aura Shekinah emanation that moves out of His very person.

There isn't a single one of you today who doesn't have a wave length of light that emanates from you which is called an Aura. Now in most instances the wave length of that light is below the video frequency which the human eye can behold. In many instances therefore, you do not behold the emanation that comes from around you, that come from everyone that constitutes the children of God's Kingdom. However there are times when the video range is accelerated by the individuals thinking and meditating in terms of the things of God and they have built up an acute awareness of things that are just beyond the edge of what would be the normal pattern of life. At such times, you may see the aura as it rests upon other individuals. That Aura is

stronger and it possesses greater impact and power upon those who have been feeding that point of contact with Spiritual food. It is a catalyst of energy and power as Christians get together and worship. The aura reaches out to form a complete shield of light over an entire congregation until there is moving into their seat of consciousness, the very vibratory oracle of God. That is another reason they were told not to leave off the assembling of themselves together. That Glory can build up in stages of development until the hour shall suddenly radiate into video ranges of light. And every element of its light and energy will have its impact. Those looking at you at that time shall be able to see the Glory of God. The light shall shine forth brighter than the sun. The essence, the light, and the glory is that which descends upon you as the Spiritual energies of God develop and activate your Celestial being.

It says in the book of Matthew:--'Thine is the Kingdom, the power and the Glory.'-- Then Christ turns around and says:--'I give you My power and My glory because you are My children, My household. You are life of My life. You are seed of My seed.'

Now we have some evidence of how far that goes. In the book of Luke, Christ speaks to His disciples about the overthrowing of the words of darkness. He says:-- 'Behold, I give you power to tread on serpents, over scorpions, and I give you power over all the enemy and nothing by any means shall hurt you.'

By this word, you have power over all the enemy. Now that power is there and if people don't use it, then it is because they don't know that it is there. When you start talking about power and about the Glory of God, and the utilizing of such power, some people aren't interested. Because they would have to reach for it. They have to search for it and to seek it and to want it.

As time goes by, people are interested in the events, but they aren't interested in what they have to do to help accomplish God's purpose. "The only way you are going to change the world is to occupy it with power as sons and daughters of the Kingdom of God." And for this purpose, He came into the world to give you this power. He didn't come just because you were born into the world by the route of flesh, but because you were born of the Spirit,--by the Will of God. You were born of the Spirit of God before the world was formed. You are here to wake-up, to occupy and to accomplish a very distinct purpose.

So it is that we resent the darkness when we feed on truth and knowledge, when we bring every thought captive before us and compare it with truth, when we direct every action, every function of life and living into those areas of your greatest benefit. Now there are those who think as we ask them to capture every thought, that this method will take away all the laughter and the merriment. That it takes away all the good fellowship they have. And that every utterance must come right

out of the Scripture. And following that course, they will acquire strange ways. Now God put you down here to live. He didn't put you off in some corner. He put you down here to occupy. He wants you to have all the good things of earth that your energy can provide you. And He wants you to be happy. There are no riches He would withhold from you. He just said:--'Seek ye first the Kingdom of Heaven and His righteousness and all these things shall be added unto you.'

This idea that to be a Christian and live up to devout standards which provide power and energy, requires one to have a long face, and no merriment or enjoyment, or that you can't be a Christian and have fun, is totally false. Let me tell you this. If all the world outside, with all that is going on, is enjoying themselves, then we in America must be having the happiest time on earth. God is not looking for a people who are cast down or broken up in spirit. That idea that you have to be worn down with a great and heavy burden,---where did that come from???? You, the sons and daughters of God, did you forget that God Himself came into the world and took away every heavy burden from you at CALVARY'S CROSS???? There He said:--Now I clear up the whole situation.'--So you have to recognize that He paid the price and took every burden away and put all burdens on His shoulders. And now you have only to build for posterity, for inheritance and for construction.

We, the children of God, must now seek to occupy the earth with power and joy and appreciation. I want you to know that God is not looking for a group of Christians who are cast down in their Spirits or who project a defeat complex. I see too much of a defeat complex around now as they admit the devil is winning the world. You are never going to win a victory if you go around saying---'the devil is going to win.'--As long as you do that, then the devil will move in as you retreat. When you stop to realize that you, the children of God, have all the infinite power of the Universe committed to you and also all the power that Christ manifested, committed to you as He said--'greater things than these shall you do',--Then you are going to start binding the devil. HE has already said:--'I have given you all power over all the works of the devil.'

Now you are going to say:--Oh-Dr. Swift, look what is happening in our nation.'--Well you have the power to bind every politician in Washington and all the works of the devil done there. You have enough power, when you start asserting yourself, to reverse every trend. Whether in education, or whether in the loss of your Liberty. You the people of the Household of god, when you start to think and talk and act in coordination with the facts of your origin and your destiny, you will be amazed at what will happen.

There isn't anything that will alert a white Christian more quickly than these truths of God-- re-applied to life and living. You will find that almost every white man agrees with you. Even the brainwashed would secretly like to admit that they are even on your side.

**Did you know that you can release everyone who is bound? Everyone of your race, throughout the world today who has been bound and brainwashed by the spirit of lies that have come from evil and been fed around them,--you can release these people,--by placing around these people the releasing force of Spirit. You can release their minds from the darkness of fear and superstition and restore them as sons and daughters of God with victory. That is a part of your operation. And the power is absolutely unlimited.**

**For examples of this Spirit power---go back to feats of super-human strength which were accomplished by --Samson. As you see him in that great temple of darkness and all those people there among the great pillars--and you see him. Not by physical strength by itself, but because the Spirit descended upon this scene and you see him by this power suddenly able to collapse the structure and bring defeat to the enemies of His people. Thus Samson, in one moment did a super-human act of strength that has not been equaled by the strong men of earth. And he did this not by flesh power, but by the power of Spirit.**

**Then think of David, who was able to hold off a whole army of Philistines as he stood there with only two armor bearers. This normal feat to strength was not a natural pattern of battle. For one warrior could not hold off an army. One warrior could not accomplish it. But Spirit is strength---real power.**

**After all, when the world was created by our Father with power and we know He holds the whole sidereal systems in the hollows of His hands. But the vastness of it is beyond your comprehension and also mine. And yet we see that the Universe operates like clock work at His will. There is no greater demonstration of power that the fact that all things are held together by HIM. And that all things were made for HIM. And that HE says I will concentrate as much of this power as you need, and flow it thru you, to defeat any object out there which is against My Kingdom, My Law and its purpose.**

**Alright.--You can't be defeated by concept like that. When you realize that it is your and can be applied, you will be on the edge of a great and a new day. I am going to tell you that the light of God is going to be greater than it has ever been in human history. I am going to tell you that the Glory and light of God is going to come upon you. Auras are going to become stronger than at any time in human history. The light of God--Glory--upon the sons of God are going to become greater than they have been since the days of Adam's fall. This is a part of the Restoration that God has promised your race. That light will catalyze energy and everyone you meet who is like unto you and has a Celestial Spirit, which is the same light source of energy. Your Spirit is composed of light and energy. Your Spirit is composed of the light and energy of God's own being. That is why He is the light that lighteth every Adamite that comes into the world.**

**I tell you that there is no greater power than the power and the Glory which belongs to God, and which He bestows upon His children and which is also the law of Spirit. Thus all you need to know is how to release that law of light and as you release that law of light, you will see the process of death reversed.**

**We think to a climax, we know there is no defeatism in God's plan. We know He will resurrect every one of his children to finish the task to which they were assigned and that death cut short their finishing. You can talk to me of these people whom you think did not finish their tasks or measure up to what you think was the standards that they could have measured up to, but I tell you this.-- They are going to measure up and they are going to finish their task--they were sent here to do,--and they are going to operate victoriously here in the middle of the earth--all this when the tares are gone. Then they will participate in God's purposes in the earth. That's why one of the greatest cornerstones of the Christian faith is --the Resurrection. The Light and the power and energy of spirit which cannot be destroyed, can gather and synthesize every atom of the human body.**

**I want to say that inside of you is that mighty energy and power, the light of God's life. That it is your spirit substance and it is charged with Light, and it has the capacity to draw an unlimited amount of energy out of the cosmos round about of the ominous energy of God. It can translate it into great spiritual force. It can direct it into any place your soul consciousness directs, to accomplish God's purpose. You can draw on it and become the vehicle by which this power flows thru. Even as God standing on earth was drawing of the fullness of the spirit and the energies that were essential until a woman touched the hem of his garment and he could know. He turned and said:--someone touched me, but His followers said:--Now how could you tell that in a mob such as are around us? But He still said:--I perceived this energy of life --this virtue that went out from me into this one.**

**God Almighty has this light--this life and you also possess it. You can be the vehicle by which it is poured out. You can be the instrument thru which it reaches the civilization round about you. I am mightily concerned in seeing the children of God wake up to the possibility of spiritual power and the knowledge of how to obtain it. I think we are going to need lots of Gideon's bands of 300, who will walk not in fear but who will walk by Faith and have the strength of Samson, and who will fight like David and who will have vision of unlimited spiritual power as the Apostles after they witnesses and heard those things that king and prophets had not heard before. So we tell you that this is a new age, an age of Immortal power, and it is within our making---co-creator with God. We stand on the era of the greatest stage in history. I see this tremendous challenge that surges thru the minds of our young men. I see it as it moves into our scientists and into our military. I see them as their vision reaches out into endless space. I see that strange fearlessness of men as they enter into machines traveling at such tremendous speeds, that even one error or mistake can cause a mechanical failure, and can mean instant death for them, but they move --not by fear but with assurance that they are a part of a certain destiny. For this**

**whole thing is a part of a pattern of stepping into a new age. We are standing on the end of an old age and at the beginning of a new one.**

**You are the children of that age--you are the household of your father, and you will assume your responsibilities. Now; some people think that America is going down the drain, and also the British Empire, and Germany as well as the Norwegian powers but let me tell you that out of the nucleus of 1/6 of the world's population is going to come a light as blinding --a Glory, so great and a spirit so profound that the world will be molded to the form of that LIGHT. It will be melted to its glory like an element in a crucible, and a new day is going to be declared by the sons and daughters of God. And out of their light and their power will come victory. We are not on the edge of defeat, but on the edge of victory. All we need to do is wake up. Sometimes it takes a little stabbing, and a little prodding to awake. The things you are going thru are to wake you up.**

**We will have a renewing in the thought and in the minds of the sons and daughters when God activates them to think his thoughts and then they will start to talk. There would be no concept of truth if those who thought the thoughts of truth did not spread it. When that starts then Satan will not put it down. Someday you are going to realize that those whom the world reviled and attacked because they stood for truth were the Oracle by which God kept that truth alive. When these manner of things descend upon you and the world speaks evil of you then remember that they did this to the Prophets and to the Christ, and thus they do it unto you. But by the medium of keeping truth alive --there is no greater power than that--among the people of God's kingdom. That truth comes from the VERY MIND OF GOD, AND OUT OF THAT TRUTH COMES THE VITALITY THAT REJUVENATES A NATION AND GIVES IT POWER AND RESTORES TO IT ----ITS GLORY.**
